Think Algo, Think Share India

At Share India, we embody the spirit of algorithmic trading excellence.

With our deep tech expertise and 25 years of proven experience in capital markets, we have developed a comprehensive suite of solutions.

Growing organically and inorganically, we have strengthened our technology stack to provide a platform for AI-driven automated trading, strategy development, and execution.

Our low latency platforms ensure lightning-fast execution, while our superior algorithmic trading logic optimizes your strategies. And to deliver further advantage, our customized and innovative tech-based solutions empower you to make informed decisions.

Our endeavor is to empower clients in making right and informed investment decisions.

Our focus is on making scalable tech solutions for clients.

Today, we are proud to be the preferred partner for clients, who consider us as their gateway to advanced trading technology and exceptional performance.

We aim to build recall around Share India as a “technology driven customer-centric company focused on building low latency scalable trading platforms with knowledge-driven research”.

We have positioned ourselves so that when you Think Algo, Think Share India!

Introducing uTrade Algos: Paving the way for a successful Algorithmic Trading for Retail

In the ever-evolving world of equity market opportunities, Share India, a leading fintech broker, has offered uTrade Algos, a cutting-edge algorithmic trading platform designed to empower Retail with the tools and strategies needed to thrive in the dynamic markets of today.

This platform equips retail traders with a complete armory of tools and information that they need to participate effectively in the market. The facilitators that a retail trader has access to are:

Back-testing for Enhanced Market Preparedness

At the core of uTrade's offerings is the powerful back-testing feature. This tool allows traders to simulate their strategies using historical market data, providing invaluable insights into how their trading plans would have performed in real-market conditions. By leveraging this capability, traders can fine-tune their strategies, identify strengths and weaknesses, and build the confidence needed to navigate the live market with a strategic advantage.

Realizing the Potential of Algorithmic Trading

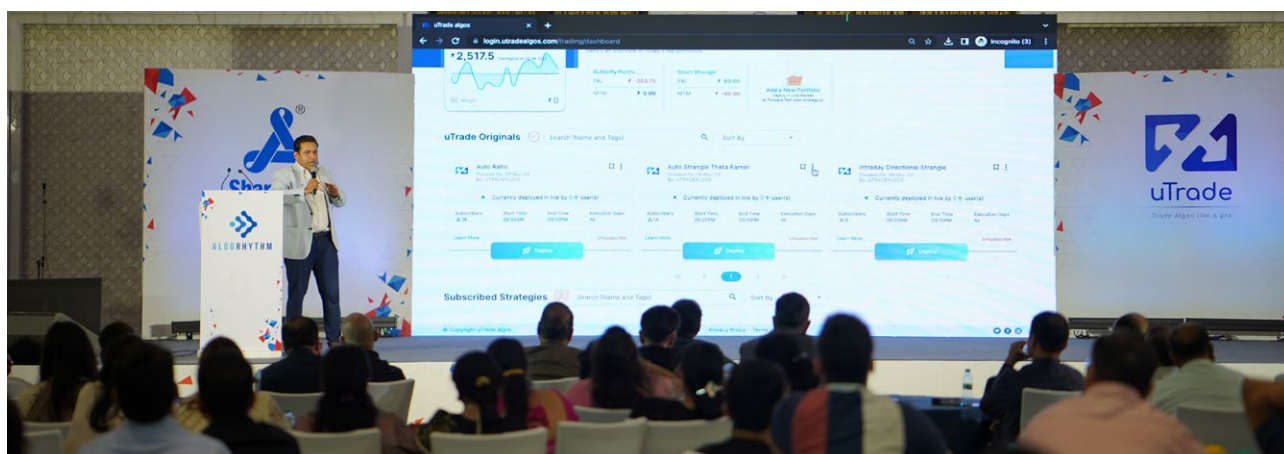

Once traders have honed their strategies through back-testing and forward-testing, they gain the confidence to deploy their algorithms into the live market. uTrade facilitates the seamless transition from testing to live trading, providing a smooth and efficient experience for traders to capitalize on their well-developed strategies.

Algo Forward Test to Outperform the Market

uTrade takes trading to the next level by enabling traders to execute algo forward tests. This means traders can actively tweak and strategize their trading plans in real-time to respond to changing market conditions. The ability to adapt quickly and efficiently positions traders to outperform the market and capitalize on lucrative opportunities as they arise.

Pre-Made Strategies for Efficient Trading

We understand that traders have diverse needs and levels of expertise. To cater to a wide range of users, uTrade offers pre-designed algorithms with proven performance, expertly curated by seasoned professionals. These pre-made, ready-to-deploy strategies serve as starting points for novice traders and even seasoned traders seeking to fine-tune their existing approaches. This feature streamlines the trading process and allows users to leverage expert-backed strategies without needing to build everything from scratch.

DIVERSE PLANS FOR INDIVIDUAL PREFERENCES

uTrade Algo offers flexible plans that cater to individual preferences and requirements. From the Free Plan and Beginner Plan to the Expert Plan, each plan unlocks specific features and benefits. With simple and flexible price plans, built for every kind of trader, customers can choose the one that aligns perfectly with their needs, trading style, and experience level.

uTRADE ORIGINALS STRATEGIES

An interesting feature that uTrade Algos is bringing to the table is a set of pre-built algorithms curated by industry experts who have seen the financial markets inside out. These algorithms, called uTrade Originals, will be available for subscribers on the platform.

Lamp lighting by Hon'ble Chief Minister of Goa, Shri Pramod Sawant at product launch of uTrade Algos.

From left to right : Mr. Yash Pal Gupta, Promoter & Chief mentor of Share India, Director General of Police Shri Jaspal Singh IPS, Hon'ble Chief Minister of Goa, Shri Pramod Sawant and Mrs. Saroj Gupta, Promoter & Director of Share India.

From single leg strategies to complex portfolios with up to 5 strategies, each strategy having up to 6 legs – uTrade Algos gives you enough freedom to create almost any strategy you would like. What's more is, there are pre-built algos by industry experts for complete beginners and premade strategy templates for those who want to try their hand at strategy creation.

A WIDE ARRAY OF CHOICES

In addition to the pre-made strategies, uTrade offers a comprehensive range of uTrade Originals Strategies. These are carefully-crafted algorithms that cater to specific trading needs, making it easier for traders to find the perfect fit for their objectives. Whether a trader seeks high-frequency trading or long-term investing strategies, uTrade Originals Strategies have been designed and back-tested by experts to ensure their reliability and effectiveness.

uTRADE – A GATEWAY TO ENHANCED TRADING PERFORMANCE AND SUCCESS

uTrade from Share India is a game-changing algorithmic trading platform that brings superfast trading capabilities to traders of all levels. By enabling back-testing, and seamless deployment of strategies into the live market, uTrade empowers traders to make data-driven decisions and stay ahead of the curve. With pre-made strategies and a diverse collection of uTrade Originals Strategies, the platform offers something for every trader – be they novice or seasoned, ensuring they have the tools and support needed to thrive in today's competitive financial markets.

About Share India

Share India Securities Limited (SISL) is a fintech conglomerate that places strong emphasis on leveraging technology to enhance the trading experience of our proprietary and professional trader clientele.

With an emphasis on low-latency platforms and AI/ML-driven trading strategies, we strive to provide our clients with superior technology solutions. We have a deep understanding of market-wide technology infrastructure, which allows us to cater to the diverse needs of our client base, including retail investors, High Net Worth Individuals, and institutional investors.

With close to three decades of experience, Share India has evolved from a traditional stock broker to a

hi-tech broking company. Today, we are a full-service broking house, with customized offerings and holistic solutions for our clients. Our growth has been driven by a combination of organic expansion and strategic acquisitions.

With the acquisition of Algowire Trading Technologies and uTrade Solutions, we have strengthened our position as a market leader and technology innovator in the fintech industry. By integrating these companies into our operations, we are poised to provide an AI-driven

automated trading platform, offering retail investors advanced tools for strategy development and execution.

At Share India, our commitment goes beyond providing financial services. We prioritize building strong and lasting relationships with our clients. Our team of professionals is dedicated to delivering exceptional customer service and support, ensuring that our clients receive the guidance and assistance they need to achieve their financial goals.

Letter from the Chairman

“As we stride forward, our vision is clear - to revolutionize the user experience and drive technological innovation in the rapidly expanding retail segment of the Indian financial ecosystem. Our goal is to make cutting-edge technology accessible to all, enhancing the trading experience and setting new benchmarks in the industry.”

Dear Shareholders,

FY2023 has been yet another year of strong growth for Share India. As the Chairman of the distinguished Board of Share India, it is my utmost privilege to address all of you as I reflect upon the remarkable journey this far.

THE YEAR GONE BY

Despite the global twin headwinds of inflation and softening demand, India has remained strong with its GDP for FY2023 surpassed expectations. With a robust figure of 7.2% growth for the year, it has retained its position

as the world's fastest-growing major economy, according to the World Bank.

Meanwhile, the Indian stock market was haunted by global inflation concerns and uncertainties in the international banking sector, as well as the impact of the on-going war between Russia and Ukraine on oil prices. In addition, the COVID-19 lockdown in China aggravated the supply chain constraints globally, impacting economic activities in some sectors. In response to the record inflation levels, central banks

across the globe, including RBI, hiked interest rates, raising concerns that the US and other major economies were headed for a recession. This, in turn, has darkened the outlook for global growth as it could have a spillover effect on the Indian economy and other parts of the world.

As a result of all the global turmoil, the Indian stock market witnessed considerable volatility. After putting up a poor performance in the first half of FY 2022-23, it gained momentum in

the second half. Nevertheless, some categories like mutual funds – like value and contra funds - did well compared to more mainstream funds.

During all the market volatility, investors – even the relatively ‘new to investing’ category – appear to have matured. While the growth in demat accounts did not increase as rapidly as it did in the previous years, they did prove their ability to keep the market buoyant and enable it to recover.

SHARE INDIA'S PERFORMANCE

Amidst the challenging landscape of the Indian stock market and the financial sector at large, we have not only weathered the storm but also achieved remarkable milestones. We are proud to announce that Share India has recorded its highest ever annual Profit After Tax (PAT) of ₹ 3,306 million. Furthermore, we have achieved a significant milestone with our first-ever quarterly PAT surpassing ₹ 1 billion, reaching ₹ 1,069 million in Q4FY2023. These outstanding results are a testament to our unwavering commitment to excellence and the dedication of our talented team. With a stable margin profile and a PAT margin of approximately 30%, we continue to demonstrate our resilience and ability to deliver strong financial performance.

Share India has come a long way from its early days as a broking house to becoming a full-fledged player in the financial industry. We recognize the immense value of our tech talents and their potential to shape the future of trading in the Indian markets. With rising volumes and growing confidence,

we are well-positioned to expand our presence in the retail segment, aiming to democratize the power of Algo Trading and establish ourselves as the preferred fintech player in India.

LOOKING AHEAD

As we stride forward, our vision is clear – to revolutionize the user experience and drive technological innovation in the rapidly expanding retail segment of the Indian financial ecosystem. Our goal is to make cutting-edge technology accessible to all, enhancing the trading experience and setting new benchmarks in the industry.

From the very beginning, we have embraced the challenges of a competitive and technology-driven industry, successfully transforming ourselves into a profitable tech-enabled company. Today, with our talented team of engineers, who play a vital role in driving our success, we take pride in being recognized among the top 10 industry volume providers in the F&O segment.

Over the years, we have nurtured a vibrant and dynamic community, one that thrives on innovation, resilience, and a shared vision for success. Together, we have overcome challenges, embraced opportunities, and charted a path that has transformed Share India into a beacon of excellence in the financial industry.

THANK YOU TO STAKEHOLDERS

As the Chairman, I am honored to witness first-hand the unwavering dedication and passion that permeates every aspect of Share India.

“Over the years, we have nurtured a vibrant and dynamic community, one that thrives on innovation, resilience, and a shared vision for success.”

Our success is not just defined by numbers and financial achievements, but by the positive impact we create in the lives of our clients, employees, and stakeholders. We take pride in the trust bestowed upon us and remain committed to upholding the highest standards of professionalism, transparency, and ethical conduct.

I would like to express my heartfelt gratitude to our shareholders, employees, and clients for their unwavering support and trust in Share India. It is your belief in our capabilities that fuels our determination to reach new heights and exceed expectations. Together, let us continue to create a legacy of excellence and chart a path towards a prosperous future.

With best wishes,

Parveen Gupta
Chairman & Managing Director

Corporate Overview

Statutory Reports

Financial Statements

From the Desk of the Managing Director

“As the broking business undergoes consolidation, Share India, with its size and being listed on exchanges, becomes the partner of choice for technology and traditional partners alike. We aim to foster growth by nurturing start-ups and forging strategic tie-ups, enabling us to stay at the forefront of innovation and provide our clients with cutting-edge solutions.”

Dear Shareholders,

It gives me great pleasure to address you through the Annual Report of Share India.

DEFINING OUR JOURNEY

During the year gone by, as a digital-first fintech conglomerate, we have continued dedicatedly to leverage superior technologies and empower both proprietary and professional traders. For almost a decade, Share India has been at the forefront of the algo-trading industry, establishing ourselves as a market leader by

providing cutting-edge low latency solutions to clients across India. Our commitment to staying ahead of the curve in technology has set us apart in this competitive landscape.

At Share India, we have a clear mission to transform the trading experience for the millennial generation and beyond. Our goal is to make automated trading accessible to every Indian household through our innovative Automated Trading Platform. By harnessing the power of automation, we aim to

revolutionize how retail traders engage with the financial markets.

Our journey is driven by a deep sense of purpose and a relentless pursuit of excellence. We are committed to continuously pushing boundaries, embracing innovation, and delivering exceptional value to our clients. With a focus on customer satisfaction and technological advancements, we strive to create an ecosystem that fosters growth, empowerment, and success.

OUTPERFORMING ON OUR FINANCIAL AMBITIONS

Thanks to the collective efforts of Share India in the year 2023, we delivered strong results that met our expectations, including our highest organic growth in all the parameters in the history of the Company.

Total Revenue reached around ₹ 1,100 crore while Net Profit is up by 64%. We have recorded a 7-year CAGR of 77%. The Total Net Worth of the Company stands at ₹ 1,018 crore, with an EBITDA margin of 45.8%.

Based on 2022 financial metrics, we are well on track to reach our 2023 financial ambitions. I am also pleased to report that we are not just growing, we are growing sustainably, i.e. 30% of our net profit is contributed by our subsidiaries, demonstrating overall strength as a group. During the year, we successfully gained access to capital through a rights issue of more than ₹ 800 crore to support our growth strategy and continued to diversify our shareholder base.

VISION FOR THE FUTURE

As we move forward on our exciting journey of growth and innovation, we have identified key areas of focus that will shape our path forward and propel us towards new horizons.

Firstly, we are committed to expanding our presence in the retail market. Recognizing the immense potential in this segment, we are investing heavily in enhancing our backend infrastructure and rolling out tech-based retail products. Our aim is to provide a seamless and user-friendly experience

to retail traders, empowering them with advanced tools and technologies.

Furthermore, Share India has always been at the forefront of algo trading, specializing in catering to institutional and ultra-High Net Worth Individual (HNI) clientele. Today, we also take pride in our personalized offerings tailored to the unique needs of our institutional and High Net Worth Individual (HNI) clients. Our vision is to democratize algo trading and make it accessible to a wider audience. By leveraging our expertise and advanced trading algorithms, we strive to empower retail traders with the benefits of algo trading, enabling them to make informed investment decisions and enhance their trading strategies.

Expanding our presence internationally is another crucial aspect of our vision. We plan to enter new geographies by establishing a wholly-owned subsidiary company based in Singapore. This strategic move will enable us to tap into the trading segment of new markets, leveraging our experience and expertise to drive growth and capture new opportunities.

In our pursuit of fostering growth, we recognize the importance of partnerships and collaborations. As the broking business undergoes consolidation, Share India, with its size and being listed on exchanges, becomes the partner of choice for technology and traditional partners alike. We aim to foster growth by nurturing start-ups and forging strategic tie-ups, enabling us to stay at the forefront of innovation and provide our clients with cutting-edge solutions.

“As we move forward on our exciting journey of growth and innovation, we have identified key areas of focus that will shape our path forward and propel us towards new horizons.”

With these strategic pillars in place, Share India is poised to make a significant impact in the financial industry. We remain committed to our values of integrity, customer-centricity, and technological excellence as we navigate the evolving landscape and shape the future of the markets.

I would like to thank everyone who supported us throughout this eventful year. I am grateful to our clients for entrusting us with their business, to our Board for providing invaluable guidance and to our shareholders for subscribing to our vision. I also wish to express my appreciation to the entire Share India team for their unwavering support and commitment.

Together, let us embrace this exciting journey and write the next chapter of success for Share India.

Yours Sincerely,

Kamlesh Vadilal Shah
Joint Managing Director

Corporate Overview

Statutory Reports

Financial Statements

Letter from the CEO

“Dear Stakeholders,

I am happy to note that today Share India has evolved into a well-diversified financial powerhouse, with a presence across various sectors such as NBFC, Merchant Banking, Wealth Management and Insurance broking.”

It gives me great pleasure to address you through this annual report. As I reflect on the remarkable year gone by, there is much that I would like to share with you.

To begin on a high note, FY23 was a landmark year for our company, as we proudly report our highest ever Profit After Tax of ₹ 3,306 million. This exceptional performance is the

result of unwavering dedication of the Share India Team.

Many of you have demonstrated your trust and confidence in Share India by being with us since our IPO in 2017. We also received unwavering support during our recently concluded Rights Issue of ₹ 8 billion in March 2023. You all have been instrumental in our growth and success and we express

our heartfelt appreciation to all of you for being our stakeholders.

Looking at the bigger picture, we firmly believe that India is at an inflection point, and the broking industry is experiencing a significant flux as capital markets become the gateway to large-scale participation in the Indian economic story.

The broking industry is witnessing a transformation due to the stringent regulatory framework, capital requirements, and burdensome cost structures. All this is leading to consolidation on a large scale. Our recently concluded Rights Issue has positioned Share India as one of the most well-capitalized brokers in India. With that we are in a sweet spot to seize future opportunities as we deliver holistic financial services to our clients.

As we celebrate our achievements, we must look forward and plan for the next decade. Leveraging the right technologies and executing agile transformation will become determining factors. These will enable companies to forge ahead to the forefront and benefit from the increase the penetration of financial products in India, which is a growing inevitability.

Keeping all this in mind, we acquired uTrade and Algowire, to create a more robust in-house tech stack and support our vision to foray into the retail space with an algo trading platform. In fact, we have chosen the theme for this annual report – “Think Algo, Think Share India” – based on our Company’s mission to live and breathe algo trading so that we eventually become associated with providing the best solutions and support in this space to all traders.

Towards this end, I am delighted to announce that your Company has

successfully completed the launch of uTrade Algos, our flagship product, which we expect to be the mainstay for customer acquisition. This unique product empowers every individual with high-grade technology, previously accessible only to large institutions. With Share India’s trading experience, our aim is to guide Indians towards different asset classes of trading, while emphasizing the importance of risk management.

Furthermore, we have initiated steps to diversify our broking clientele further, with the establishment of a dedicated institutional desk and MTF products.

With these strategic pillars in place, Share India is well-poised to make a significant impact in the financial industry. We remain committed to our core values, understanding that our long-term survival is intricately tied to our stakeholders’ success and continued participation in the market. Accordingly, we will continue to strengthen our technological capabilities, investing in cutting-edge tools and systems to provide them with the best possible services.

Before I conclude, I would once again like to extend my heartfelt thanks to each and every one of you who has supported us in our journey to where we are today. Your trust in Share India has been our driving force, and we sincerely seek your continued patronage in the years to come.

“We remain committed to our core values, understanding that our long-term survival is intricately tied to our stakeholders’ success and continued participation in the market.”

As things stand, we look to the future with optimism and determination, confident in our ability to navigate the dynamic financial landscape and create shared prosperity for all stakeholders.

Best regards,

Sachin Gupta
CEO & Whole-time Director

Delivering Cutting-edge Strategies and Solutions to Clients

Share India's journey through the world of investment and trading has been eventful and animated. Since our inception, we have undergone a transformative evolution from a traditional stockbroker to a dynamic hi-tech broking company, specializing in derivative trading strategies. This transition has allowed us to grow from strength to strength, as we have continuously pushed boundaries and embraced technological advancements.

Today, we are continuously innovating with low latency high-tech trading platform and expanding our bouquets of trading strategies. We are also continuously expanding our tech-based product portfolio to enhance user experiences, offer cutting-edge unique solutions and improve client retention.

Our commitment to technology is reflected in our tech-based business delivery models. We have developed a tech-driven trading platform that leverages automation and algorithmic strategies to enhance client retention. Additionally, our fintech platform utilizes machine learning to make lending decisions, ensuring efficient and data-driven processes. Through these platforms, we actively engage with our customers, providing quick solutions and enabling a seamless experience.

Innovation is at the core of our approach. We continuously strive to improve our latency-based high-tech trading platform, ensuring that our clients have access to cutting-edge strategies and solutions. By expanding our tech-based product portfolio, we enhance the user experience and offer unique solutions that set us apart from traditional brokers.

One of our key strengths lies in leveraging our robust proprietary automated trading strategy. This strategy provides us with a competitive edge and superior performance in the market. Our systems employ decentralized tech solutions and artificial intelligence to optimize risk management and ensure seamless execution. By harnessing the power of automation and low latency, we maximize performance and deliver reliable results.

Our trading technology platform is built on the foundation of four key principles:

Automation - is at the heart of our quantitative trading strategies. Any quantitative trading strategy can be fully automated. Performance is further improved with low latency.

Strategy development - We provide useful tools and products that facilitate the development and testing of these strategies, empowering our clients to optimize their trading approach.

Reliability - is paramount, and our platform is built on the most robust architecture and state-of-the-art technology, ensuring a stable and secure trading environment.

Fast execution - is a cornerstone of our platform, as we process and analyze high volumes of market data at ultra-high speeds, thanks to our decentralized tech infrastructure.

Using technology and innovation, Share India has been introducing its clients to a world of limitless possibilities in the realm of high-tech trading.

Share India's Algowire Trading Platform - currently one of the fastest tick-to-trade pipelines in the Industry

Founded in 2012 by IIT & ISB Alumni, Algowire specialises in researching and developing proprietary trading software to provide customized algorithm kernels basis client requirements. Algowire has expertise in Machine Learning, Data Analytics and Technology Development and offers research/consulting services in these domains. The platform has a large footprint in NSE, as ~4% of daily volume/transactions is done via Tachyon.

The top management has 25+ years of combined experience in financial markets ranging from large international banks, hedge funds, family offices to algorithmic trading houses. They are assisted by highly specialized technical staff with domain-specific expertise and help Algowire to provide high impact solutions quickly and with great accuracy.

Our flagship solution is an Ultra Low Latency Trading platform called Tachyon, which was one of the first solutions in India to leverage FPGA technology to deliver sub-microsecond latencies.

An outcome of high quality fintech which has led to a commanding position for Share India in the Indian financial markets

Constructed by a team of engineers, former founders and above all, retail who are dedicated to making Algorithmic Trading easier for the world to use

Share India has always supported the disadvantaged/marginalized cross section of the society by providing opportunities to improve the quality of their life. Even before the notification for CSR that came in the year 2014, we were pro-actively giving back to the society. Youth and small children are causes that are particularly close to Share India's heart. We have supported the education of the children of our peons, drivers and sub-staff. Effectively, we began giving back to society by improving the lives of the people we saw around us. We have also provided financial market training to people from humble backgrounds, youth in rural areas and the deaf youth, while providing them with employment opportunities and a means of livelihood.

We have framed our CSR policy in line with our ideology and as per the requirement of the Companies

Act, 2013, which is available on the website of the Company at www.shareindia.com.

GEOGRAPHICAL LOCATION

OUR PROGRAMS DURING THE YEAR FY2023

WELFARE PROGRAM

We distributed 70 artificial limbs to amputees who were not able to afford surgery or artificial limbs. This was a small step for big change and our commitment towards helping India walk forward.

Objective: To benefit society through rehabilitation of persons with disability by enabling them to live a life of dignity and self-sufficiency.

Corporate Overview

Statutory Reports

Financial Statements

2. STATE OF COMPANY'S AFFAIRS

The Financial Year 2022-2023 was yet another year of robust performance by the Company. During the year, the revenue from operations recorded a jump of more than 21.72% in comparison to Financial Year 2021-2022. Consequently, the Profit after Tax (PAT) also recorded an increase of 46.25%.

The aforementioned performance was the result of consistent efforts made by Company in optimizing its broking as well as trading operations. The management does not see any risks in the Company's ability to continue as a going concern and meeting its liabilities as and when they fall due.

Highlights of Company's performance are discussed in detail in the Management Discussion and Analysis Report (MDA), included in this Annual Report as required under Schedule V of the SEBI (LODR) Regulations, 2015.

3. CONSOLIDATED FINANCIAL PERFORMANCE REVIEW AND ANALYSIS

The Company achieved the consolidated revenue from operations of ₹ 1,08,823.41 Lakhs for the year ended 31st March, 2023, an increase of 26.30% as compared to ₹ 86,159.43 Lakhs in the previous year. The Company earned Consolidated Net Profit of ₹ 33,065.71 Lakhs in the year ended 31st March, 2023, which was an increase of 63.82% as compared to ₹ 20,183.80 Lakhs in the previous year.

Employees Stock Option Scheme

The Company has in force the following Schemes, which were framed under the (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 ('SEBI Regulations 2021'):

1. Share India Employees Stock Option Scheme 2022
2. Share India Employees Stock Option Scheme – II

Share India Employees Stock Option Scheme 2022

Pursuant to the approval of the Members on 24th February, 2022 vide Postal Ballot, the Company adopted Share India Employees Stock Option Scheme 2022 ('Share India ESOP 2022') and implemented it to reward the eligible employees [as selected by the Nomination and Remuneration Committee (also referred to as "NRC/Committee/Compensation Committee")], for their performance and to motivate them to contribute to the growth and profitability of the Company and also to retain them by way of issuing employee stock options. Share India ESOP 2022 was implemented for grant of not exceeding 6,00,000 Stock Options in aggregate, at an Exercise price of ₹ 10 per share. Options granted under Share India ESOP 2022 would vest on such date being the date immediately after the date of expiry of one year from the date of acceptance of the options granted to such participant.

As of 31st March, 2023, out of the 6,00,000 stock options so granted, no stock options have been vested.

Share India Employees Stock Option Scheme – II

Pursuant to the approval of the members at their Annual General Meeting held on 22nd September, 2022, the Company adopted Share India Employees Stock Option Scheme – II ('Share India ESOP II') and implemented it to reward the eligible employees [as selected by the Nomination and Remuneration Committee (also referred to as "NRC/Compensation Committee/Committee")], for their performance and to motivate them to contribute to the growth and profitability of the Company and also to

retain them by way of issuing employee stock options. Share India ESOP 2022 was implemented for grant of not exceeding 1,00,000 Stock Options in aggregate, at an Exercise price of ₹ 10 per share. Options granted under Share India ESOP II would vest up to five years from the date of grant of options at the discretion of and in the manner prescribed by the Committee.

In compliance with the SEBI Regulations 2021 a certificate from the Secretarial Auditors confirming implementation of the above Schemes have been obtained.

The statutory disclosures as mandated under the Act and the SEBI Regulations 2021 are available on the Company's website at https://www.shareindia.com/data/uploads/Investor_Relations_Files/IRFile_Name_1689239638.pdf.

Your Company has not issued equity shares with differential rights as to dividend, voting or otherwise. It has neither issued Sweat Equity Shares.

5. SHIFTING OF REGISTERED OFFICE

The Board of Directors of the Company vide resolution passed by circulation on 02nd February, 2023 approved the shifting of Registered office of the Company within the local limits of the city from "Unit No. 604A-B, 605A-B, Tower A, 6th Floor, World Trade Centre, Gift City, Block-51, Zone 5, Road 5E, Gandhi Nagar, Gujarat-382355" to 1701, 17th Floor, Dalal Street Commercial Co-operative Society Limited, Road 5E, Block 53, Zone 5, Gift City, Gandhinagar-382355. Further, the address of registered office of the Company was again changed from "1701, 17th Floor, Dalal Street Commercial Co-operative Society Limited, Road 5E, Block 53, Zone 5, Gift City, Gandhinagar, Gujarat- 382355" to 1701-1703, 17th Floor, Dalal Street Commercial Co-operative Society Limited, Road 5E, Block 53, Zone 5, Gift City, Gandhinagar, Gujarat-382355 vide resolution of Board of Directors of the Company passed by circulation on 28th April, 2023.

6. DIVIDEND

During the year under review, the Company has paid 1st and 2nd interim dividend of ₹ 2/- each per equity share of face value of ₹ 10/- each.

We are pleased to recommend a final dividend of ₹ 4.50/- per equity share of face value of ₹ 10/- each for Financial Year 2022-23 to members of the Company.

The total dividend for Financial Year 2022-2023 including the final dividend, if approved by the members, would amount to ₹ 8.50/- per equity share of face value of ₹ 10/- each as compared to ₹ 6/- per equity share of face value of ₹ 10/- each in the previous year.

Pursuant to Regulation 43A of the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015, the Board of Directors of the Company has formulated and adopted the Dividend Distribution Policy. The said policy is available on the website of the Company https://www.shareindia.com/data/uploads/Investor_Relations_Files/IRFile_Name_1660630686.pdf

24. ANNUAL EVALUATION OF BOARD PERFORMANCE AND PERFORMANCE OF ITS COMMITTEES AND INDIVIDUAL DIRECTORS

Pursuant to applicable provisions of the Companies Act, 2013 the Board, in consultation with its Nomination & Remuneration Committee, has formulated a framework containing, inter-alia, the process, format, attributes and criteria for performance evaluation of the entire Board of the Company, its Committees and individual Directors, including Independent Directors.

Corporate Overview

Statutory Reports

Financial Statements

The framework is monitored, reviewed and updated by the Board, in consultation with the Nomination and Remuneration Committee, based on need and new compliance requirements.

Evaluation of the Board and its Committees is based on various aspects of their functioning, such as, adequacy of the constitution and composition of the Board and its Committees, matters addressed in the meetings, processes followed at the meeting, Board's focus, regulatory compliances and Corporate Governance, etc., are in place. Similarly, for evaluation of individual Director's performance, various parameters like Director's profile, contribution in Board and Committee meetings, execution and performance of specific duties, obligations, regulatory compliances and governance, etc., are considered.

Accordingly, the annual performance evaluation of the Board, its Committees and each Director was carried out for the Financial Year 2022-23 by Nomination and Remuneration Committee in consultation with the Board.

The performance evaluation of all the Independent Directors have been done by the entire Board, excluding the Director being evaluated. On the basis of performance evaluation done by the Board, it determines whether to extend or continue their term of appointment, whenever their respective term expires. The Directors expressed their satisfaction with the evaluation process.

Report on Corporate Governance

[as required under Regulation 34(3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015]

1. COMPANY'S CORPORATE GOVERNANCE PHILOSOPHY

Corporate Governance is a process that aims to allocate corporate resources in a manner that maximizes value for all stakeholders – shareholders, investors, employees, customers, suppliers, environment and the community at large and holds those at the helms to account by evaluating their decisions on transparency, inclusivity, equity and responsibility.

At Share India Securities Limited, we believe in adopting and adhering to the best recognized corporate governance practices and also believe that the best corporate governance practices are necessary to promote corporate fairness, transparency and accountability in the best interest of various Stakeholders of the Company.

We are committed to succeed by achieving highest standards of corporate behavior towards everyone we work with, the communities we touch and the environment on which we have an impact. This is our road to consistent, competitive, profitable and responsible growth and creating long-term value for our shareholders, our people and our business partners. The above principles have been the guiding force for whatever we do and shall continue to be so in the years to come.

The Board of Directors ('the Board') are responsible for and committed to sound principles of Corporate Governance in the Company. The Board plays a crucial role in overseeing how the management serves the

short and long-term interests of shareholders and other stakeholders. This belief is reflected in our governance practices, under which we strive to maintain an effective, informed and independent Board and keep our governance practices under continuous review.

2. THE BOARD OF DIRECTORS

A. Composition of Board

The composition of the Board represents an optimum mix of Executive and Non-Executive Directors including Women Directors and Independent Directors having requisite skills and expertise and is in compliance with the applicable provisions of the Companies Act, 2013 ("the Act") and Regulation 17 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

As on 31st March, 2023, the Board comprised of 17 (Seventeen) Directors out of which 5 (Five) were Executive Directors and 12 (Twelve) were Non-Executive Directors including 10 (Ten) Non-Executive Independent Directors of which 1 (One) is Woman Independent Director. The Company has an Executive Chairman and he is Promoter of the Company and hence, 50% (Fifty Percent) of the Board members are required to be Independent Directors.

3. BOARD COMMITTEES

The Board Committees play a crucial role in the governance structure of the Company and have been constituted to deal with specific areas / activities as mandated by applicable provisions, which concern the Company. The Board Committees are set up under the formal approval of the Board and constituted in accordance with the provisions of Companies Act, 2013 and SEBI (LODR) Regulations, 2015 to carry out clearly defined roles which are considered to be performed by Members of the Board, as a part of good governance practices. The Chairman of the respective Committee informs the Board about the summary of the discussions held in the Committee Meetings. The minutes of the meeting of all Committees are placed before the Board for review.

During the year, all recommendations of the Committees of the Board which were mandatorily required have been accepted by the Board.

I. Audit Committee

As required under Section 177 of the Companies Act, 2013 (the 'Act') and Regulation 18 of SEBI (LODR) Regulations, 2015, your Board has constituted a competent Audit Committee consisting of at least two-third of its member as Independent Directors.

During the Financial Year 2022-2023, the Members of Audit Committee met 13 (Thirteen) times on 21st April, 2022, 14th May, 2022, 31st May, 2022, 09th July, 2022, 19th July, 2022, 25th July, 2022, 23rd August, 2022, 28th September, 2022, 02nd November, 2022, 05th December, 2022, 26th December, 2022, 23rd January, 2023 and 14th March, 2023.

The constitution and the numbers of meeting attended during the year are as under:

S. No.	Name of the Member	Category	Status	No. of Meetings	
				Held	Attended
1.	Sulabh Jain ¹	Non- Executive Independent Director	Chairperson	6	2

				Held	Attended
6.	Ankit Taak ⁴	Non- Executive Independent Director	Member	13	9
7.	Sonal Suraj Prakash Sood ³	Non- Executive Independent Director	Member	6	1

Notes:

- Mr. Jatinder Pal Singh and Mr. Sulabh Jain, Independent Directors of the Company, resigned from the directorship of the Company and consequently ceased to be a member of the Audit Committee w.e.f. 31st July, 2022.
- Mr. Yogesh Lohiya was appointed as a Chairperson of the Audit Committee w.e.f. 23rd August, 2022.
- Mrs. Sonal Suraj Prakash Sood was appointed as a member of the Audit Committee w.e.f. 23rd August, 2022.
- Mr. Ankit Taak resigned from the Directorship of the Company and consequently ceased to be a member of the Audit Committee w.e.f. 19th May, 2023.
- Mr. Shanti Kumar Jain was appointed as a member of the Audit Committee w.e.f. 19th May, 2023

Mr. Vikas Aggarwal, Company Secretary & Compliance Officer of the Company, is the Secretary of the Committee.

The Committee is governed by the terms of reference which are in line with the regulatory requirements mandated by the Act and Listing Regulations. The Audit Committee ensures that it has reviewed each area that it is required to review under its terms of reference and under applicable legislation or by way of good practice. This periodic review ensures that all areas within the scope of the Committee are reviewed. The Audit Committee of the Company is entrusted with the responsibility to supervise the Company's internal controls and financial reporting process and, inter-alia, performs the following functions:

- Recommendation for appointment, remuneration and terms of appointment of auditors of the company;
- Review and monitor the auditor's independence and performance and effectiveness of audit process;
- Examination of the financial statements and the auditors' report thereon;
- Approval or any subsequent modification of transactions of the company with related parties;
- Scrutiny of inter-corporate loans and investments;
- Valuation of undertakings or assets of the company, wherever it is necessary;
- Evaluation of internal financial controls and risk management systems;
- Monitoring the end use of funds raised through public offers and related matters;

II. Nomination & Remuneration Committee (NRC)

As required under Section 178 of the Companies Act, 2013 (the 'Act') and Regulation 19 of SEBI (LODR) Regulations, 2015 your Company has a competent NRC. During the Financial Year 2022-2023, the members of NRC met Six (6) times on 04th April, 2022, 14th May, 2022, 09th July, 2022, 23rd August, 2022, 28th September, 2022 and 02nd November, 2022

The constitution and the number of meetings attended during the year are as under:

S. No.	Name of the Member	Category	Status	No. of Meetings	
				Held	Attended
1.	Sanjib Singh	Non-Executive Independent Director	Chairperson	6	4
2.	Rajesh Gupta	Non-Executive Director	Member	6	6
3.	Sulabh Jain ¹	Non-Executive Independent Director	Member	3	2
4.	Ankit Taak ²	Non-Executive Independent Director	Member	2	1

Notes:

- Mr. Sulabh Jain, Independent Director of the Company, resigned from the directorship of the Company and consequently ceased to be a member of the Nomination & Remuneration Committee w.e.f. 31st July, 2022.
- Mr. Ankit Taak was appointed as a member of the Nomination & Remuneration Committee w.e.f. 23rd August, 2022. However, Mr. Ankit Taak later resigned from the Directorship of the Company and consequently ceased to be a member of the Nomination & Remuneration Committee w.e.f. 19th May, 2023.
- Mr. Gopalapillai Prasanna Kumar and Mr. Shanti Kumar Jain, Independent Directors of the Company, became the member of Nomination & Remuneration Committee w.e.f. 19th May, 2023.

Mr. Vikas Aggarwal, Company Secretary & Compliance Officer of the Company, is the Secretary of the Committee.

The Committee is governed by the terms of reference which are in line with the regulatory requirements mandated by the Act and Listing Regulations.

The Nomination and Remuneration Committee is responsible for evaluating the balance of skills, experience, independence, diversity and knowledge on the Board and for drawing up selection criteria, ongoing succession planning and appointment procedures for appointments. The role of Nomination and Remuneration Committee, inter-alia, includes:-

- Identification of persons who are qualified to become directors and who may be appointed in senior management in accordance with the criteria laid down, recommendations to the board

regarding their appointment and removal and evaluation of every director's performance.

- Formulation of criteria for evaluation of Independent Directors and the Board.
- Formulation of criteria for determining qualifications, positive attributes and independence of the director and recommend to the board a policy, relating to the remuneration for the directors, Key managerial personnel and other employees.
- Formulating the policy to ensure that:-
 - The level and composition of remuneration is reasonable and sufficient to attract, retain and motivate directors of the quality required to run the company successfully;
 - Relationship of remuneration to performance is clear and meets appropriate performance benchmarks;
 - Remuneration to directors, key managerial personnel and senior management involves a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the company and its goals.

Performance Evaluation criteria for Independent Directors

The Board has prepared performance evaluation policy for evaluating performance of Individual Directors including Chairman of the Company, Board as a whole and its Committees thereof which is available at the website of Company at https://www.shareindia.com/data/uploads/Investor_Relations_Files/IRFile_Name_1691145099.pdf

Assessment Criteria for Independent Directors:

- Attendance and participations in the Meetings and timely inputs on the minutes of the meetings
- Adherence to ethical standards & code of conduct of Company and disclosure of non – independence, as and when it exists and disclosure of interest
- Raising of valid concerns to the Board and constructive contribution to resolution of issues at meetings
- Interpersonal relations with other directors and management
- Objective evaluation of Board's performance, rendering independent, unbiased opinion
- Understanding of the Company and the external environment in which it operates and contribution to strategic direction
- Safeguarding interest of whistle-blowers under vigil mechanism and Safeguard of confidential information.

The performance of Non-Independent Directors including Chairman of the Company and the Board as a whole, after taking views of the Executive and Non-Executive Directors were evaluated by the Independent Directors at their Meeting held on January 25, 2023. Pursuant to the provisions of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Board has carried out the annual performance evaluation of its own, the Non-Independent and Independent Directors individually as well as the evaluation of the working of various Committees at their Meetings held on August 23, 2023 in the manner prescribed in the Performance Evaluation Policy.

Remuneration Policy

The Company's Remuneration Policy including criteria for making payments to Directors, Key Managerial Personnel and other Senior Personnel is available on the website of your Company at https://www.shareindia.com/data/uploads/Investor_Relations_Files/IRFile_Name_1660630639.pdf. There has been no change in the policy since last financial year. The Remuneration Policy is in consonance with the existing industry practice. The details of remuneration paid or payable to Executive Chairman, Managing Director & CEO and Executive Directors for the F.Y. 2022-2023 is as under:

B. Postal Ballot

- i. The details of resolutions passed through Postal Ballot during the last year are as follows:

Name of Resolution	Type of resolution	No. of Valid Votes Polled	Votes cast in favour		Votes cast against	
			No. of Votes	% of Votes in favour	No. of Votes	% of Votes in against
1. Appointment of Mr. Prasanna Kumar Gopalapillai (DIN: 01804161) as an Independent Director.	Special Resolution	17248454	17248454	100.00	0	0.0000
2. Appointment of Mr. Shanti Kumar Jain (DIN: 07720091) as an Independent Director.		17248454	17248441	99.99	13	0.0001

- ii. There is no special resolution proposed to be conducted through postal ballot as on the date of this report.
- iii. Details of the Person/s who conducted the Postal Ballot:

For the Postal Ballot Dated 06th February, 2023, Mr. Ravi Shankar, Practicing Company Secretary of M/s Ravi Shankar & Associates, New Delhi, having CoP No. 18568, had been appointed as the Scrutinizer for conducting the postal ballot process through including e-voting in a fair and transparent manner.

- iv. Procedure for Postal Ballot:

The postal ballot is conducted in accordance with the provisions contained in Section 110 and other applicable provisions, if any of the Companies Act, 2013, read with Rule 22 of the Companies (Management and Administration) Rules, 2014. The Shareholders are provided the facility to vote either by physical ballot or through e-voting. The postal ballot notice is sent to shareholders in electronic form to the email addresses registered with the depository or with the Company or with RTA (in case of email ids are registered). For shareholders whose email ID's are not registered, physical copies of the postal ballot notice are sent by permitted mode along with postage prepaid self-addressed business reply envelope. The Company also publishes a notice in the newspapers in accordance with the requirements under the Companies Act, 2013.

The Company fixes a cut-off date to reckon paid-up value of equity shares registered in the name of shareholders for the purpose of voting. Shareholders may cast their votes through e-voting during the voting period fixed for this purpose. Alternatively, shareholders may exercise their votes through physical ballot by sending duly completed and signed forms so as to reach the scrutinizer before a specified date and time. After completion of scrutiny of votes, the scrutinizer submits his report to the Chairman and the results of voting by postal ballot are announced by the Chairman or any Director of the Company duly authorized within 48 hours of conclusion of the voting period. The results are also displayed on the website of the Company and on the notice board at the Registered Office of the Company, besides being communicated to the Stock Exchanges, Depositories and Registrar and Share Transfer Agents.

The resolutions, if passed by the requisite majority, are deemed to have been passed on the last date specified for receipt of duly completed postal ballot forms or e-voting.

However, during the year under purview, in view of the extraordinary circumstances due to COVID-19 pandemic and in compliance with the MCA/SEBI Circulars, the Postal Ballot Notice was sent only through electronic mode to all the Members who had registered their email addresses with the Company or depository/depository participants and the communication of assent/dissent of the Members was also received only through the e-Voting system.

6. MEANS OF COMMUNICATION

a. Quarterly Results

The Company has furnished Financial Results on the quarterly basis to the Stock Exchanges in the format and within the time period prescribed under the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and are available at the website of the Stock Exchanges and at the company's website. This certificate is issued in accordance with the terms of our engagement letter dated 19th May, 2023.

We, M/s. Jaiswal & Associates, Company Secretaries, the Secretarial Auditor of Share India Securities Limited ("Company") have examined the compliance of conditions of Corporate Governance by the Company for the year ended on 31st March, 2023, as stipulated in Regulations 17 to 27 and clauses (b) to (i) of Regulation 46(2) and Para C and D of Schedule V to the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, ("Listing Regulations").

Management's Responsibility

The compliance of conditions of Corporate Governance is the responsibility of the Management. This responsibility includes the design, implementation and maintenance of internal control and procedures to ensure compliance with the conditions of the Corporate Governance stipulated in the Listing Regulations.

Auditor's Responsibility

Our responsibility is limited to examining the procedures and implementation thereof, adopted by the Company for ensuring compliance with the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

We have examined the books of account and other relevant records and documents maintained by the Company.

We have carried out an examination of the relevant records of the Company in accordance with the Guidance Note on Certification of Corporate Governance issued by the Institute of the Company Secretaries of India (the "ICSI").

Opinion

Based on our examination of the relevant records and according to the information and explanations provided to us and the representations provided by the Management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in Regulation 17 to 27 and clauses (b) to (i) of Regulation 46(2) and Para C and D of Schedule V to the Listing Regulations during the year ended 31st March, 2023.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

Secretarial Audit Report

for the Financial Year Ended at 31/03/2023

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Personnel) Rules, 2014]

To,
The Members,
SHARE INDIA SECURITIES LIMITED
1701-1703, 17th Floor,
Dalal Street Commercial Co-operative Society Limited,
Road 5E, Block 53, Zone 5, Gift City,
Gandhinagar,
Gujarat – 382 355

We have conducted the Secretarial Audit of the compliances of applicable statutory provisions and the adherence to good corporate practices by **Share India Securities Limited** (hereinafter called the company) having CIN: L67120GJ1994PLC115132. Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the **Share India Securities Limited's** books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information(s), explanation(s) provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, we hereby report that in our opinion, the Company has, during the audit period covering the Financial Year ended on 31st March, 2023 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the Financial Year ended on 31st March, 2023 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made there under;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings: **(Applicable only to the extent of Overseas Direct Investment);**
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
 - (d) The Securities and Exchange Board of India (Share Based Employee benefits and Sweat Equity) Regulations, 2021;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 **[Not applicable as the Company has not issued any debt securities during the financial year under review];**
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client; **[Not Applicable as the Company is not registered as Registrar to issue and Share Transfer Agent]**
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; **[Not applicable to the Company, as there was no such instance during the audit period];** and
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998 **[Not Applicable as the Company has not bought back/proposed to buy-back any of its securities during the financial year under review].**
- (vi) Management has identified and confirmed the following laws as being specifically applicable to the Company:
 1. The Information Technology Act, 2000 and the rules made thereunder;
 2. The Indian Stamp Act, 1899 read with Indian Stamp (Delhi Amendment) Act, 2001 (on issue of Equity Share);

Corporate Overview

Statutory Reports

Financial Statements

3. Income Tax Act, 1961 & Rules made thereunder;
4. Labour Laws;
5. Cyber Laws;
6. The Central Goods and Services Tax Act, 2017;
7. Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018;
8. Securities and Exchange Board of India (Research Analysts) Regulations, 2014;
9. Securities and Exchange Board of India (Portfolio Managers) Regulations, 2020;
10. Securities and Exchange Board of India (Stock Brokers) Regulations, 1992;
11. Securities and Exchange Board of India (Intermediaries) Regulations, 2008.

We have also examined the compliance with the applicable clauses of the following:

- (i) Secretarial Standards with respect to Meetings of Board of Directors (SS-1) and General Meetings (SS-2) issued by The Institute of Company Secretaries of India;
- (ii) SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the Listing Agreement entered into the Company with National Stock Exchange of India Limited and BSE Limited.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc., mentioned above;

We further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and also there is proper combination of Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

As per the minutes of the meetings duly recorded and signed by the Chairman, the decisions of the Board were unanimous and no dissenting views have been recorded.

We further report that, during the audit period, following event took place having a major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc:

- (i) During the period under review, the Company had issued 6,38,131 rights shares of face value of ₹ 10/- each along with 1,08,48,227 detachable warrants at an issue price of ₹ 700/- per equity share and per detachable warrants for an aggregate amount of upto ₹ 80,404.51/- lakhs, through the mechanism as prescribed under the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018.

We further report that based on review of compliance mechanism established by the Company and on the basis of the Compliance Certificate(s) issued by the Company Secretary and taken on record by the Board of Directors at their meeting(s), we are of the opinion there are adequate systems and processes in place in the Company which is commensurate with its size and operations, to monitor and ensure compliance with applicable laws, rules, regulations and guidelines; and

- (i) As informed, the Company has responded appropriately to notices received from various statutory / regulatory authorities including initiating actions for corrective measures, wherever found necessary;
- (ii) There were no other specific events / actions in pursuance of the above referred laws, rules, regulations, guidelines, etc. having a major bearing on the Company's affairs.

This report is to be read with our letter of even date which is annexed as '**Annexure-A**' and forms an integral part of this report.

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2023

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,

The Members,

Share India AlgoPlus Private Limited

(Formally Known as Total Commodities (India) Private Limited)

1715, 17th Floor, Dalal Street Commercial Co-operative Society Limited,
Road 5E, Block 53, Zone 5, Gift City, Gandhinagar, Gujarat-382355

I have conducted the Secretarial Audit of the compliance of the applicable statutory provisions and the adherence to good corporate practices by Share India AlgoPlus Private Limited (CIN: U51909GJ2003PTC116293) (herein after referred to as 'the Company'), having its Registered Office at 1715, 17th Floor, Dalal Street Commercial Co-operative Society Limited, Road 5E, Block 53, Zone 5, Gift City, Gandhinagar, Gujarat-382355. Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2023 ('Audit Period') generally complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2023 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder (Not applicable to the Company during the Audit Period);
- (iii) The Depositories Act, 1996 and Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018 and Bye-laws framed thereunder; (Not applicable to the Company during the Audit Period);
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of its applicability (Not applicable to the Company during the Audit Period);
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 (Not applicable to the Company during the Audit Period);
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 (Not applicable to the Company during the Audit Period);
 - c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 (Not applicable to the Company during the Audit Period);
 - d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 (Not applicable to the Company during the Audit Period);
 - e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 (Not applicable to the Company during the Audit Period);
 - f) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Redeemable Preference Shares) Regulations, 2013 (Not applicable to the Company during the Audit Period);

- g) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client (Not applicable to the Company during the Audit Period);
- h) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 (Not applicable to the Company during the Audit Period);
- i) The Securities and Exchange Board of India (Investor Protection and Education Fund) Regulations, 2009 (Not applicable to the Company during the Audit Period);
- j) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018 (Not applicable to the Company during the Audit Period);
- k) The Securities and Exchange Board of India SEBI (Prohibition of Fraudulent and Unfair Trade Practices relating to Securities Market) Regulations, 2003 (Not applicable to the Company during the Audit Period); and
- l) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Not applicable to the Company during the Audit Period);

I further report that primary responsibility for compliances of lies with the management of the company and as per the information and explanations as provided to me, by the officers and management of the Company during Secretarial Audit, the Labour Laws & other General Laws which may be specifically applicable to the Company during the Financial Year. I have relied on the representation made by the Company and its officers for system and mechanism framed by the Company for compliances of the said laws.

I have also examined compliance with the applicable clauses of the Listing Agreements entered into by the Company with Stock Exchange(s), (Not applicable to the Company during the Audit Period);

In our opinion and to the best of our information and according to the explanation given to us and on the basis of compliances with the applicable clauses of Secretarial Standards (SS-1 and SS-2) issued by the Institute of Company Secretaries of India, as amended time to time and Management, being solely responsible for compliances it was noted that the Company has complied with the same to the extent possible.

I further report that on the basis of the forms, returns and registers maintained, the Board of Directors of the company is duly constituted with proper balance of Executive Directors and Non-Executive Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

In our opinion and to the best of our information and according to the explanation given to us, Adequate Notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting and the records of which were properly recorded in the Minutes Book/registers maintained for the purpose.

As per the minutes of the meetings of the Board signed by the Chairman, all the decisions of the Board were adequately passed and the dissenting members' views, if any, was captured and recorded as part of the minutes.

As per the records, the Company filed all the forms, returns, documents and resolutions as were required to be filed with the Registrar of Companies and other authorities and all the formalities relating to the same is in compliance with the Act.

I further report that during the audit period the Company had pass a special resolution pursuant to the provisions of Section 180(1)(c) to the Board of Director of Company to borrow money upto INR 1000 Crore.

 - (e) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999;
 - (f) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - (g) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (h) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
 - (i) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998/2018. Other specific business/ industry related laws that are applicable to the company, viz.

Corporate Overview

Statutory Reports

Financial Statements

- (vi) NBFC – The Reserve Bank of India Act, 1934 and all applicable laws, Rules, Regulation, Guideline, Circular, Notification, etc.

In respect of other laws specifically applicable to the Company, I have relied on information/records produced by the Company during the course of our audit and the reporting is limited to that extent. In respect of Direct and Indirect Tax Laws like Income Tax Act, Goods & Service Tax Act, Excise & Custom Acts we have relied on point no. (vii) of “**Annexure A**” of the Independent Auditor Report given by the Statutory Auditor of the company.

We have also examined compliance with the applicable clauses of the following:

- (i) The Secretarial Standards issued by the Institute of Company Secretaries of India.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that

- (i) The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors.

However During the year under review, Mr. Manish Wahi (DIN:- 09785936) and Mr. Sachin Goyal (DIN:- 09787112) was appointed as Additional Independent Director w.e.f 17th January, 2023.

Further also that, Mrs. Sonal Suraj Prakash Sood (DIN:- 06812288) and Mr. Piyush Mahesh Khandelwal (DIN:- 06951293) Independent Directors of the Company resigned from the Directorship w.e.f 17th January, 2023.

- (ii) Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
- (iii) All decision at Board Meetings and Committee Meetings are carried unanimously and subsequently the minutes of the Board of Directors or Committee of the Board, as the case may be were recorded.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that as informed to us, the Company has undertaken event / action having a major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc. referred to above.

Management Discussion and Analysis

ECONOMIC REVIEW

India's economic activity has remained stable despite huge global uncertainties and is in a considerably stronger position than the majority of other economies. Strong private consumption in response to pent-up demand, a faster recovery in contact-intensive service industries, and the government's sustained emphasis on capital investment have all contributed to the expansion. Additionally, persistently rising inflationary pressures for an extended period of time may drag on the global economy, negatively impacting India's economic growth. According to the NSO's (National Statistical Office) second advance projections, India's GDP (Gross Domestic Product) is anticipated to increase by 7.2% in FY 2022-23, as compared to 9.1% in FY 2021-22, maintaining its position as one of the key economies with the fastest growth.

India's GDP Growth (%)

Source: NSO's Second Advance Estimates dated 31st May, 2023
RBI SPF report as on 6th April, 2023, P: Projected

Gross fixed capital formation (GFCF), a proxy for infrastructure investment stood at ₹ 54.3 lakh crore in FY 2022-23, as compared to ₹ 48.8 lakh crore in FY 2021-22, registering a growth of 11.4%, supported by strong government capex and also some scaling up by the private sector. Moreover, a robust and healthy financial sector is adequately prepared to support private investment.

India has recently unveiled a "dynamic and responsive" foreign trade policy aimed at increasing rupee trade, boosting outbound shipments to USD 2 trillion by 2030, and promoting e-commerce exports. Despite global instability, India's foreign currency reserves were approximately USD 585 billion as of April 7, 2023. However, recent failure of major banks in the U.S. and European financial markets pose a threat to short-term investment flows to India and other emerging markets.

Inflation reached 7.4% in the second quarter of FY 2022-23, prompting the RBI to raise the repo rate from 4.4% in May 2022 to 6.50% in February 2023, over the course of five separate sessions. By 4QFY23, effective RBI intervention had brought inflation levels to 5.7%, which was

within the target range of 4-6%. The RBI's MPC (Monetary Policy Committee) also resolved to maintain a focus on the withdrawal of accommodation in order to ensure that inflation progressively converges on target levels while supporting economic growth. The CPI inflation rate is estimated to be 5.1% for FY 2023-24, with Q1 at 4.6%, Q2 at 5.2%, Q3 at 5.4%, and Q4 at 5.2%.

The budget for FY 2023-24 concentrates on increasing digital penetration, improving connectivity among particularly vulnerable tribal groups, establishing Centers of Excellence (COE) for Artificial Intelligence (AI), and establishing laboratories for the development of 5G-based applications.

In FY 2022-23, the services industry is projected to have grown by 9.1%, up from 8.4% in FY 2021-22. With more than 100 unicorns valued at USD 332.7 billion, India has the third-largest unicorn base in the world. Robust growth in fixed investment, a revival in private consumption, strong credit growth in the banking system, an easing of global inflationary pressure led by falling international commodity prices, and strong government measures are expected to aid economic growth in India.

INDUSTRY OVERVIEW

The financial services industry in India is reflective of the nation's economic development and potential. The financial services industry in India is poised for growth due to rising incomes, increased government focus, and accelerating digital adoption. India's financial sector is expanding rapidly, both in terms of the strong development of existing financial services firms and the entry of new entities into the market. The sector includes commercial banks, insurance companies, non-banking financial companies, cooperative banks, pension funds, mutual funds, and other smaller financial institutions. The RBI has recently authorized the formation of new entities, such as payment banks, thereby expanding the types of entities functioning in the sector. However, commercial banks account for more than 64% of the total assets held by the financial system, making up the majority of the financial sector in India.

In the Union Budget for FY 2023-24, the seven priorities that will lead India through the "Amrit Kaal" were highlighted and referred to as "Saptrishis". One of the seven priority sectors that were highlighted in the budget was the financial sector.

India's financial services industry has experienced tremendous growth in recent years. The private wealth management industry in India has enormous growth potential, and this trend is anticipated to continue into the foreseeable future. India is anticipated to have 6.11 lakh HNWIs by 2025 which would make India the fourth largest private wealth market globally by 2028.

Throughout FY 2022-23, Indian equities remained volatile amidst aggressive monetary policy by central banks around the globe, high inflation, and outflows of foreign funds. The Nifty concluded FY 2022-23 with a negative annual return of nearly 0.6%, while the Sensex rose by approximately 0.8% YoY compared to the previous year. In FY 2022-23, about 37 companies raised a total of ₹ 52,116 crore through initial public offerings (IPOs), which was nearly half of the ₹ 1,11,560 crore raised in FY 2021-22. The prioritization of value-added services such as wealth management, research, advisory, AMC, and financial planning ensures optimal customer engagement and enhances the wealth creation journey of clients.

STOCK/EQUITY MARKET

India has the fastest-growing economy in the world; this makes Indian stock markets attractive and an opportunity center for both domestic and international investors. The Indian equity market has consistently outperformed other asset classes on a long-term basis. In recent years, the cost structure and operational efficiency of brokerages have improved due to increased technological adoption. In order to improve unit economics, brokerages are also concentrating on customer experience and payback periods.

Therefore, the acquisition of high-quality, revenue-generating customers and the delivery of services with added value will continue to be crucial for long-term earnings growth.

Cash volumes have decreased due to a flat to declining market, while derivatives volumes have increased due to intraday traders shifting from the cash market to the F&O (futures and options) segment, where broker leverage has been restricted to a certain level by SEBI (Securities Exchange Board of India). Increased accessibility through technology, widespread financial literacy, and a government and regulatory environment focused on the consumer have all contributed to the expansion of retail participation. In NSE's CM (Cash Market) segment, the number of retail investors participating in secondary markets has increased substantially from 3 million in January 2020 to approximately 8 million in March 2023. The new investor addition during FY 2022-23 stood at 13.3 million, as compared to 19 million recorded in FY 2021-22. According to Goldman Sachs, investors have been sending money into India's stock market, which is expected to surpass the United Kingdom and become the world's fifth-largest stock market by 2024.

The impact of inflation and global spillovers on Indian exports are short-term obstacles to the country's economic growth. It has put pressure on the Indian equity markets and may be the cause of sustained underperformance in FY 2022-23. The average daily turnover (ADT) of stock futures and stock options declined by 9.7% and 10.0%, respectively, during FY 2022-23. The ADT for single stock futures decreased from ₹ 84.8 billion in FY 2021-22 to ₹ 76.6 billion, while the ADT for stock options decreased from ₹ 41.9 billion to ₹ 37.5 billion. In FY 2022-23, equity capital market (ECM) activity declined due to aggressive monetary tightening by the US Federal Reserve and a sharp increase in market volatility. During FY 2022-23, the average daily turnover on the capital market stood at ₹ 534 billion as compared to ₹ 668 billion during FY 2021-22.

NSE's Capital Market ADT Trends (In ₹ billion)

Source: NSE Market Pulse April 2023

Large inflows into secondary markets, a growth in new investor registrations, and an increase in retail investors' percentage of overall cash market turnover suggest that direct retail involvement and ownership in Indian shares have expanded dramatically in recent years. In fact, over the past three years, retail investors have been net purchasers on the Indian equity markets. As a growing proportion of the youthful population seeks investment opportunities, the number of DEMAT accounts increases annually. In FY 2021-22, there were approximately 90 million new DEMAT accounts, which increased to 114 million in FY 2022-23, a 28% increase year-over-year.

Strong net inflows into equity mutual funds have strengthened the mutual fund industry. As investors adjust their allocation between short- and long-term funds in response to rising interest rates, outflows from debt funds persist. During FY 2022-23, the average assets under management (AAUM) for mutual funds increased by approximately 7% YoY, from ₹ 37.70 lakh crore to ₹ 40.05 lakh crore. India is currently one of the most robust economies in the world due to its robust finance sector. It is anticipated that India's fintech sector will continue to propel the expansion of various market segments.

COMPANY OVERVIEW

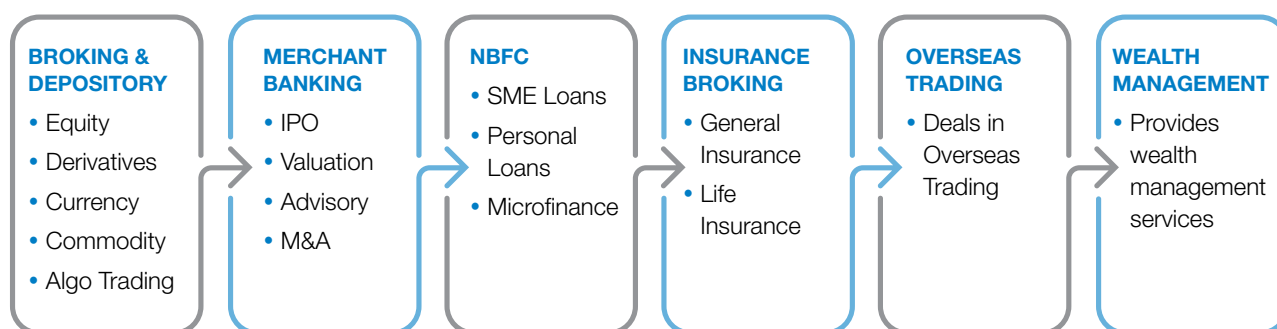

Share India Securities Limited (hereafter referred to as 'Our Company' or 'SISL') has established presence by offering an array of financial services and emerged as a true financial

giant by capitalizing on our Company's intrinsic strength. SISL Group, an Indian financial services firm, specializes in high-frequency and strategy-based trading on all Indian exchanges, including those for equities, commodities, and currencies. Using a variety of specific technology solutions, we are able to automate financial transactions across a wide range of asset classes.

In-house technology, execution capabilities, significant expertise, and efficient management of human resources are some of the pillars that will support our Company's plans for growth. We place a significant emphasis on aiding customers in accumulating wealth through a balanced risk-reward strategy utilizing appropriate technology, such as low latency platforms, customized front-end displays, an appropriate RMS (Risk management System), back testing, and a simulation engine. Our mission is to assist clients in attaining their financial goals by directing them to the most advantageous investment opportunities.

We have made investments in human resources, technology, and processes to enhance our overall capabilities. We are steadily strengthening our capabilities in the distribution of financial products with the assistance of cutting-edge technologies. Such product distribution is dominated by the brokerage segment, where we aim to leverage our trading expertise and equip retail investors with intelligent strategies. In addition, we are enhancing our research capabilities, allowing us to provide investors with quality advice and assist them in accumulating wealth.

PRODUCT/SERVICE OFFERING

COMPETITIVE ADVANTAGE

• In-Depth Know-How of Technology

The Company has a strong track record of 10 years of algo trading and development experience in the financial markets. Our Company's technology offering includes AI (Artificial Intelligence) and machine learning-driven full-stack back testing engines, low-latency trading technology systems with intelligent terminals, high-frequency trading (HFT) engines, and risk management tools. The acquisition of Algowire and uTrade bolsters the Company's technological infrastructure. uTrade Solutions will serve as Share India's digitization technology partner. uTrade also

offers a retail algo trading platform that provides algo trading capabilities to retail traders and investors in India who wish to invest via mobile phones. It also offers algo trading to Share India's traders and clients, including institutions and HNIs (Ultra High Net-worth Individuals), in addition to a retail trading platform for our retail investors. We seek to standardize algorithmic trading, which has been our area of expertise for institutional and ultra-high-net-worth clients.

- **Experience and Expertise:** A total of thirty members of the Promoter Group with in-depth knowledge of the pertinent markets and infrastructure are continuously involved in the Company's operations. In addition,

the Company has professional CA, CS, and MBA teams, managing different areas of business with utmost efficiency.

- **Cost Advantage**

Owing to the large scale of our operations, we are able to save on our operational costs and also to pass on the savings to our customers by providing competitive products and services. Additionally, it helps us earn the confidence of fund houses, institutions, and prop trading platforms, which ultimately leads to those entities favoring us as a partner.

- **Large Capital Pool**

Our consolidated net worth for FY 2022-23 was ₹ 10,185 million, an increase of 122% from the previous fiscal year. Such huge pool of funds is managing our business activities efficiently and also reduce the credit risk to the minimum level.

GROWTH STRATEGY

1. Retail Penetration by leveraging Technology

Share India Securities Limited is a technology-driven, customer-centric financial services firm focused on building AI-based trading platforms that use machine learning and knowledge-driven research methodologies to analyze data and assist retail clients in generating better trading strategies.

- **Leveraging uTrade**

Our Company has been able to supply technology-driven strategies to institutional grade clients and HNIs while back testing with uTrade Solutions. Going forward, our Company intends to leverage our technological dominance and extensive trading expertise to empower retail investors with enhanced trading technology.

- **Leveraging uTrade algos**

Our Company has planned, strategized, and automated trading with the superfast Algo Trading Platform “uTrade Algos”. “Algorithmic trading” or “algo trading” is the execution of transactions using computer algorithms. We have planned to make algos simpler and more accessible to all individuals.

2. Product Development Initiatives

Share India Securities Limited is continually introducing new technologically-based products to enhance the user experience and boost customer retention. Our Company has launched an algo platform that will give retail investors access to technology that is presently only available to large institutions. This platform will allow participants to strategically plan, visualize, and execute transactions. The goal is to provide retail investors with algo trading capabilities on mobile, to achieve discipline, better risk management, enhanced

performance, and returns via automated trading, using an institutional-grade algo trading solution that has never before been available to retail investors.

3. Leveraging Scale of Operations

Due to the recent regulatory reforms, cost of operations is high and intensifies competition in the business landscape; the brokerage industry is enduring a shift that presents multiple market participants with opportunities for inorganic growth. We have proven to be the most performance-driven and trusted partner given our size of operations. Our Company has about 8% market share in F&O, approximate 15% market share in currency derivatives, and 9% market share in commodity derivatives in terms of turnover.

4. Launch of SGX Nifty now known as GIFT Nifty: The

Launch of Gift Nifty on July 03, 2023 and transfer of all derivative contracts worth USD 7.5 billion, formerly traded in Singapore to India is a ground-breaking move in the field of global trading in India. With our subsidiary already established in GIFT and serving as a market maker for both exchanges at GIFT, we are in a favorable position to leverage the launch of GIFT Nifty and reap its benefits. Our extensive infrastructure at GIFT, combined with the deployment of skilled professionals, will act as a catalyst for our growth.

5. Achieving both organic and inorganic growth

We have entered the trading segment in new geographies through a Singapore-based subsidiary company that is perfectly synchronized with the parent company. In addition, the brokerage industry is in a consolidation phase, and our Company's size and listing make it a partner of choice for both technology and traditional partners. We are poised to achieve higher growth both organically and inorganically and intend to do the same in the future as well.

6. Revenue Stream Diversification

- **Share India Fincap – Personal loans**

Share India Fincap plans to establish 20 new branches by FY 2023-24. Currently, there are 48 branches for FY 2022-23 which are located in tier 2 municipalities in the majority of four Indian states: Uttar Pradesh, Punjab, Haryana, Bihar. We will continue to increase number of branches and develop new secured, readily refinable loan products.

- **Share India Global Pte. Ltd.**

Share India Securities Limited has established an international subsidiary named as Share India Global Pte. Ltd. which is a Singapore-based company that employs a variety of international trading strategies. We believe that many of the internal trading strategies can be readily adapted to international markets.

➤ **Share India Algoplus Pvt. Ltd.**

Share India Algoplus Private Limited has acquired membership of all segments of NSE, BSE and MCX. This new membership is allowing us to perform better and in efficient way and improving the overall top line and bottom line. The Company is using the technology as a base for business activities and will continue to work in the same manner.

7. **Merchant banking:** We play a crucial role in facilitating the efficient functioning of financial markets by providing expertise and financial solutions to clients. We assist in capital market transactions, including initial public offerings (IPOs), rights issues, and private placements. We also provide advisory services on corporate restructuring, financial strategies, and risk management. We had carried out 6 IPOs in last two months of FY 2022-23.

STRENGTHS AND OPPORTUNITIES

- **Innovative Leadership and Management**

Our Company is being managed by a competent management team that consists of a qualified CEO (Chief Executive Officer) and a group of young specialists with demonstrated execution skills. Since inception, a highly qualified and experienced management team looks over the entire operations of our Company. This dynamic group has been crucial in the development of innovative technologies and processes that have enhanced our consumer experiences and contributed to the overall success of our Company.

- **Strong Tech Expertise**

We provide a technologically-based platform that enables clients to make prompt decisions and elevate their financial standing. Users are able to capitalize on the resulting development prospects by investing in these crucial areas. While implementing RMS, we have adopted automated solutions and digitalized processes to assure continuous services and a high level of operational capability. The algo trading strategy platform is based on algorithmic and quantitative trading solutions. Ultra Low-latency high frequency trading solutions with 100+ in-built Algos for Arbitrage, Execution, and Market-Making, and potent Algo APIs, along with intelligent hedging and risk monitoring tools, would provide a competitive advantage to our Company.

- **Robust Risk Management**

We are extremely vigilant with regards to product offerings, as they may pose a risk to the client's investment. We have set aside resources in terms of people, processes, and technology to administer the risk management system optimally. Strong RMS practises are the foundation of our Company and

one of the factors driving our growth. Our Company has a well-defined and regularly updated risk management structure and plans for changing market conditions and laws.

- **Consolidation Offering Inorganic Opportunities**

Due to regulatory modifications and compliance costs, the brokerage industry is undergoing a consolidation phase over the medium term. Due to our huge scale of operations and expertise over the span of more than 28 years, we have become a partner of choice for multiple parties.

- **Low Debt Company:** Our Company has relatively low debt levels which has allowed us to effectively utilize its net worth. This guarantees efficient use of the capital employed in the business and gives the Company a competitive advantage, allowing it to remain ahead of its competitors. Lower debt levels lead to lower finance costs for our Company and frees up funds that can be utilized for other purposes such as reinvestment in the business, expansion, research and development.

- **Increasing Customer Base by expanding brokerage and distribution services**

Our Company intends to further develop its business operations and customer base into retail broking and distribution in the near future. As a result of the base effect, the distribution industry in India is still in its infancy and will develop at an accelerated rate, providing us with plenty of opportunity for expansion.

FINANCIAL REVIEW

Our revenue from operations grew at an adequate CAGR of 59% between FY 2014-15 and FY 2022-23. During the year, the revenue from operations increased by 26%, from ₹ 8,616 million in FY 2021-22 to ₹ 10,882 million in FY 2022-23. This was primarily attributable to consistent investments in technology and R&D, a concentration on the retail investors and effective asset-liability management. Our Company has proven its ability to expand and acquire market share over the years.

The EBITDA grew at a CAGR of 68% between fiscal years 2014-15 and 2022-23. The EBITDA for FY 2022-23 was ₹ 5,041 million, up 60.9% from ₹ 3,133 million in FY 2021-22. The PAT CAGR between FY 2014-15 and FY 2022-23 was 78.5%. An exceptional gain of ₹ 14.7 million occurred during FY 2022-23, which represented the gain arising on the sale of our entire stake in Share India Commodity Brokers Private Limited. While in FY 2021-22, our Company had incurred an exceptional loss of ₹ 70 million. The PAT increased by 64% from FY 2021-22's ₹ 2,018 million to FY 2022-23's ₹ 3,307 million. This was predominantly the result of economies of scale, change in product mix to higher margin and a natural improvement in market sentiment.

Significant Changes in Key Financial Ratios

	FY 2022-23	FY 2021-22	Reason for variations during FY 2022-23
Interest Coverage Ratio	8.55	9.65	The decline in the interest coverage ratio was due to increased finance costs, due to higher credit facilities obtained considering the scale of operation and growth prospects, during FY 2022-23.
Current Ratio	1.93	1.36	Our Company aims to sustain a ratio above 1.0, reflecting our commitment to maintaining a positive financial position. This improvement is primarily attributed to enhanced working capital management practices and reclassification of financial statements during the year under review.
Operating Profit Margin (%)	45.27%	35.26%	Ratio improved due to better management controls, more efficient use of resources, improved pricing, and more effective marketing
Net Profit Margin (%)	30.38%	23.43%	The ratio experienced an increase due to substantial business growth resulting from scale synergies, improved market sentiments leading to increased volumes, and diversification into multiple revenue streams.
Return on Net worth – RoNW (%)	44.79%	54.66%	Decline is mainly attributable to higher change in average equity due to additional equity raised during the year in comparison to growth in net profit.
Debt Equity Ratio (in times)	0.19	0.41	The Company has successfully maintained a low debt-equity ratio, which further declined during the year on account of additional capital raised through rights issue and higher growth in net profits.
Trade Receivable Turnover (in days)	Not applicable as the Company is mainly in the business of Share Broking and Derivative Trading		
Inventory Turnover	Not applicable as the Company is mainly in the business of Share Broking and Derivative Trading		

GOING FORWARD/MANAGEMENT OUTLOOK

In light of recent global events, it is anticipated that market volatility will remain elevated. In 2023-24, however, development would be driven by the economic recovery and the government's emphasis on capital expenditures and domestic manufacturing. By focusing on technology, consolidation, retail penetration through algos, overseas trading, and expanding our institutional business, SISL aims to position itself as one of the leading players in the financial services industry. We are committed to delivering innovative solutions, superior customer experiences, and sustainable growth in the dynamic and competitive market landscape.

Technology and consolidation have reshaped the dynamics of the global economy. We recognize the transformative power of technology in the financial industry and aim to leverage it to enhance our services. Investing in advanced trading platforms, digital solutions, and analytical tools will allow us to provide clients with a seamless and efficient trading experience.

With our product portfolio expansion in NBFC, Insurance, Merchant Banking and Wealth Management, amongst other areas, and our engagement of technology skills to fulfil client needs, we are at the leading edge of the industry's systemic push towards consolidation. We have planned to grow both organically and inorganically to become a financial conglomerate that offers a full range of services to meet the diverse financial needs of individuals and institutions. By consolidating our resources and expertise, we can achieve economies of scale and enhance our competitiveness.

We aim to enhance our retail penetration by leveraging algorithmic trading (algos). By utilizing sophisticated algorithms and data-driven insights, we can optimize trading strategies, improve execution speed, and deliver better outcomes for our retail clients. This approach will allow us to offer tailored investment solutions, attract more retail investors, and increase market share in the retail trading segment.

Our Company also intends to construct new branches and franchises to expand our national presence. Additionally, emphasis is placed on international stock trading and commodity trading. We intend on using our two decades of experience with planned strategies to expand our geographic footprint in international markets as well. Recognizing the opportunities in global markets, we will actively explore overseas trading avenues. Also, by venturing into overseas trading, we can diversify our revenue streams, tap into new investment opportunities, and cater to the needs of clients with global investment interests.

Due to our superior capabilities, we are well-positioned to capitalize on opportunities and expand our presence in the financial services sector. We have a significant presence in the HNI and institutional segments, and have substantially increased our market share in terms of volume. We specialize in insurance brokerage with a focus on retail and high-net-worth clients. We have also aimed to expand our institutional business segment. By offering specialized solutions, personalized services, and deep market insights, we seek to establish strong relationships with institutional clients and become their trusted partner for their investment and trading needs.

Strong financials, a relentless concentration on return on capital, and visionary leadership enabled our Company to surpass our competitors. We are confident in our ability to weather any volatility as a result of our healthy core business, substantial market penetration, and new product releases across many areas of the domestic financial industry. Moreover, given the presence of numerous investors and speculators in the equity markets, a high level of volatility is generally advantageous for turnover, which can be further benefited from increased volumes.

Revenue growth in the industry is expected to be subdued due to macroeconomic scenarios and increasing competition with the entry of new tech platforms. However, our Company would further broaden its portfolio offerings by focusing more on other services/businesses. Our robust business foundation, ethics, and governance would further allow us to flourish without being hindered by fraud and deception.

HUMAN RESOURCES

Our employees are the driving force behind the success of our Company. The efforts of our staff members have guided and enabled us to achieve excellence. Going forward, we aim to ensure that every employee works in an atmosphere that is secure, inspiring, and trustworthy.

Our Human Resources practises are structured to cultivate a workforce that is prepared for the challenges of the future while also providing employees with opportunities to grow professionally and personally. During the course of this fiscal year, the majority of our efforts were directed towards employee development. These efforts were also made in conjunction with a variety of other aspects, such as employee health and safety, training and skill development, and ensuring that we fulfill our fundamental responsibilities in the areas of human rights, labor, and the environment. We are committed to ensuring that internationally recognized human rights are protected, and we recognize the efforts of others who work towards this goal.

The key concept of our HR Policies is that all employees are entitled to equal opportunities and treatment. We are working to make our Company more fair and welcoming, as well as one that values a wide range of perspectives and life experiences. Because of the wealth of talent that we have available to us, we have been able to ensure a substantial influx of unique and creative ideas, which has had a significant effect on our Company. Following initiatives have been implemented for the welfare of the employees.

- **Insurance for Medical Treatment**

We have made preparations and secured insurance policies for each of our employees engaged in core operations in order to ensure that they will always have access to necessary medical care in the event of an emergency.

RISK MANAGEMENT AND MITIGATION

Risk	Impact	Mitigation
Socio-Economic Risk	The financial sector is vulnerable to market and political system fluctuations. Any unfavorable economic activities or political uprisings could have an adverse impact on financial services companies.	<p>We operate in financial sectors with a diversity of services and have cultivated enduring relationships with clients and stakeholders.</p> <p>This safeguards us against the risks associated with the underperformance of any segment. In addition, we monitor altering macroeconomic conditions, such as government regulation, exchange rates, and political stability, to mitigate the risk to a substantial level.</p>
Regulatory Risk	As a participant in the financial services industry, we are subject to a number of rules and regulations imposed by various regulatory bodies. Any non-compliance or misunderstanding may lead to inadequate observance. In addition, we must be prepared to adhere to any newly enacted or revised laws.	<p>A team of experienced professionals ensures rigorous compliance with all applicable regulations and laws. If new or revised laws are enacted, the corporate function will be informed. This staff calibrates functions immediately.</p> <p>Organizational compliance with all new rules, circulars, and notifications is a top priority. Moreover, the internal audit team closely monitors compliance with all acknowledged best practises, policies, and regulatory requirements.</p>
Business Risk	As a provider of financial services, our business is substantially influenced by domestic and international equity, debt, currency, and financial markets, as well as India and global economic conditions. Our Company is exposed to risk because of its key strategic initiatives and the potential that our competitors might replicate them.	<p>We employ risk management techniques for trading activities, such as instruments, strategies, position and trading limits for trading departments, business divisions, and/or individual traders, periodic stress testing, and cash management.</p> <p>Business operations are conducted in accordance with well-defined policies, operational processes, and systems and are frequently subject to system audits. Periodically, we review and modify our procedures in order to comprehend our internal control system, client margin requirements, as well as our relationship & risk management.</p>
Competition Risk	The industry's high growth potential makes it attractive to newcomers from both domestic and international markets. The expansion of technology firms to serve India's expanding retail sector has contributed to the sector's overall innovation.	We have developed a comprehensive portfolio of cutting-edge and diversified products and services. We have invested massively in research and development in order to keep up with the ever-changing dynamics of the market. Our ability to withstand market competition is aided by the fact that we have a secure consumer base.
Operational Risk	Insufficient internal control of people, processes, and systems may result in operational risks. Moreover, external conditions pose a threat to our Company's operations.	<p>Our business operations are carried out in line with well-defined rules, operational procedures, and systems, and are subject to regular system audits. The maker/checker mechanism lends an additional level of robustness to the functionality.</p> <p>The monitoring of client-level risk situations is conducted in real-time, and appropriate risk mitigation measures are implemented as needed.</p>

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

There are adequate internal control systems in place to safeguard our Company's assets and guarantee high productivity at all levels. The systems are appropriate for the scale of our Company and the industry in which we operate. Utilizing well-defined processes, guidelines, and procedures, as well as suitable internal information systems, our Company has enhanced and maintained our internal controls. The proper flow of information promotes and aids us in efficient decision-making.

Audits are performed on a regular basis to ensure that the rules and processes in place are strictly followed. Our Company's sophisticated control systems safeguard sensitive data, streamline the auditing process, and permit the maintenance of adequate accounting control, operations monitoring, and asset conservation. In addition, internal controls assure compliance with all applicable laws and regulations.

The Audit Committee of the Board closely monitors corporate operations and the performance of the internal

audit function. The committee regularly examines the findings of the internal audit team. Appropriate steps are taken in a timely manner to ensure our Company's longevity and future development potential. Internal controls aid in the prompt detection and correction of any operational irregularities within our Company. The controls always provide a precise summary of our business position and help in optimized decision-making for our Company.

CAUTIONARY STATEMENT

Forward-looking statements are made in this Management Discussion & Analysis report based on various assumptions and projections of future events over which Share India Securities Limited has no control. Annual Report on Corporate Social Responsibility (CSR) Activities

[Pursuant to Section 135 of the Companies Act, 2013 read with Companies (Corporate Social Responsibility Policy) Rules, 2014, as amended]

1. Brief outline on CSR Policy of the Company:

Corporate Social Responsibility is a Company's sense of responsibility towards the community and environment in which it operates. It is the continuing commitment by businessmen to behave ethically and contribute to economic development of the society at large and building capacity for sustainable livelihoods that positively impacts the society at large.

The main objective of CSR policy is to lay down guidelines for the companies to make CSR a key business process for sustainable development of the Society. It aims at supplementing the role of the Government in enhancing welfare measure of the society based on the immediate and long term social and environmental consequences of their activities. The Company will act as a good Corporate Citizen, subscribing to the principles of Global Compact for implementation.

This Policy specifies the projects and programmes that can be undertaken, provides a list of CSR projects/programmes in terms of the Schedule VII to the Companies Act, 2013, including any amendments thereto which the Company plans to undertake during the implementation years, specifies the modalities of execution in the areas/ sectors chosen and the implementation schedule.

The scope of the Policy has been kept as wide as possible, so as to allow the Company to respond to different situations and challenges appropriately and flexibly, subject to the activities enumerated in Schedule VII of the Companies Act, 2013 including any amendments thereto.

2. Composition of CSR Committee:

Your Company has constituted CSR Committee, in accordance with the CSR provisions under section 135 of the Companies Act, 2013 and the Rules made there under. The Composition of Committee and details of attendance of Members are as under:

Sl. No.	Name of Director	Designation / Nature of Directorship	Number of meetings of CSR Committee held during the year	Number of meetings of CSR Committee attended during the year
1	Mr. Sachin Gupta	Chairperson	6	6
2	Mr. Parveen Gupta	Member	6	6
3	Mr. Sulabh Jain ¹	Member	6	1
4	Mr. Rishabh Yadav ²	Member	6	3

Notes:

- Mr. Sulabh Jain resigned from the directorship of the Company and consequently from membership of Corporate Social Responsibility Committee w.e.f. 31st July, 2022.

ANNEXURE -5

Disclosure pursuant to Section 197(12) of the Companies Act, 2013 read with Rule 5(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014

i. The Ratio of the remuneration of each Director to the median remuneration of the employees of the Company for the financial year:

Name of Director	Designation	Remuneration (Amt in ₹)	Ratio to the Median
Parveen Gupta	Managing Director	31,62,581	22.59:1
Sachin Gupta	CEO & Whole Time Director	31,26,129	22.33:1
Saroj Gupta	Non-Executive Director*	6,56,129	4.69:1
Suresh Kumar Arora	Whole Time Director	1,70,00,000	121.43:1
Kamlesh Vadilal Shah	Managing Director	32,89,000	23.49:1
Vijay Girdharilal Vora	Whole-time Director	12,61,000	9.01:1

ii. The percentage increase in remuneration of each Director, Chief Financial Officer, Chief Executive Officer, Company Secretary in the financial year:

Name	Designation	% of increase
Parveen Gupta	Managing Director	46.42%
Sachin Gupta	CEO and Whole Time Director	53.24%
Saroj Gupta	Non-Executive Director*	-69.62%
Vikas Aggarwal	Company Secretary & Compliance Officer	71.13%
Vijay Kumar Rana	Chief Financial Officer	82.46%
Kamlesh Vadilal Shah	Managing Director	NIL
Vijay Girdharilal Vora	Whole-time Director	NIL
Suresh Kumar Arora	Whole-time Director	39.92%

* The designation of Mrs. Saroj Gupta was changed from Whole-time Director to Non-Executive Director of the Company w.e.f. 21st July, 2022. Remuneration paid was for the period for which Mrs. Saroj Gupta was Whole-time Director.

iii. The percentage increase in the median remuneration of employees in the financial year:

-12.50%[#]

iv. The number of permanent employees on the rolls of the Company:

2306 no. of employees

v. Average percentile increase already made in the salaries of employees other than the managerial personnel in the last financial year and its comparison with the percentile increase in the managerial remuneration and justification thereof and point out if there are any exceptional circumstances for increase in the managerial remuneration:

The average % increase was 7.04% for all employees other than the managerial personnel during the year. The increase is on the basis of performance of the Company and regular increment on yearly basis as per the Company's policy.

Average increase in the managerial remuneration of the Company was 28.17%.

vi. Affirmation that the remuneration is as per the remuneration policy of the Company:

It is hereby affirmed that the remuneration is as per the Remuneration Policy of the Company.

Pursuant to Rule 5(1)(xii) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, it is affirmed that the remuneration paid to the Directors, Key Managerial Personnel and Senior Management is as per the Remuneration Policy of the Company.

The Last year median remuneration of Employees was ₹ 1,60,000/- and despite of the fact that the average % increase was 7.04% for all employees during the year median remuneration for the Current year was ₹ 1,40,000/- because there has been a significant increase of permanent employees at the lower levels on the rolls of the Company making it insignificant to compare the median remuneration of both the years. Hence, % Increase in median remuneration of employees in the financial year is negative.

24. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/ opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Innovation and Digitization	Opportunity	Innovation keeps businesses relevant and stay ahead of the competition. It allows them to add value to the industry and meet customers' needs.	Not Applicable	Positive
2	Financial Literacy	Opportunity	Financial Literacy is essential for our business as it helps in managing cash flow, reduce risk and staying competitive in the market. It enables us to make better financial decisions and achieve long term stability.	Not Applicable	Positive
3	Community and Social Impact	Opportunity	Donating to social causes which the company supports develops a culture of 'giving back' to the society. By engaging with communities and helping them through various activities and events, we increase our visibility and create a sense of belonging in the community.	Not Applicable	Positive
4	Human Capital & Talent Management	Opportunity	Human Capital is one of the key strategic imperatives for the Company and we consistently invest in the growth & development and alignment of employees to the Company growth strategy.	Not Applicable	Positive
5	Privacy & Data Security	Risk	Companies are assessed based on the amount of personal data they collect, their exposure to evolving or increasing privacy regulations, their vulnerability to potential data breaches, and their data protection systems	The Company has framed policies with respect to information technology/ cyber security risk which set forth limits, mitigation strategies and internal controls. Cyber Security and Cyber Resilience Policy are in place for protecting the organization's cyberspace against cyber-attacks, threats and vulnerabilities.	Negative
6	Transparency in product & service offerings	Risk	Transparency in product and service offerings is crucial for an online trading platform. It builds trust among clients, promotes fair and informed decision-making, and fosters a level playing field. Transparent disclosure of fees, charges, and terms helps clients understand the true costs of investing. Clear information about investment options, risks, and performance enables clients to make well-informed choices. Additionally, transparent reporting on execution quality and order handling practices ensures fairness and minimizes conflicts of interest. Ultimately, transparency enhances the platform's reputation, attracts and retains clients, and contributes to a healthy and trustworthy trading environment.	Policies are in place to ensure Share India's objectives in operating as a transparent organization. The Company aims at inculcating appropriate procedures and actions are in place in case any deviation is observed.	Negative

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/ opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
7	Waste Management	Risk	Typically, Waste is generated as part of a company's operations, and office administrative work. Being an online trading platform company, e-waste is generated. E-waste can be toxic, as it is non -biodegradable and contains harmful components to human health.	The Company has engaged certified recyclers for safe and responsible disposal of its E-Waste. We ensure the proper segregation and disposal of other waste materials.	Negative

SECTION B: MANAGEMENT AND PROCESS DISCLOSURES

The National Guidelines for the Responsible Business Conduct (NGRBC) as prescribed by the Ministry of Corporate Affairs advocates nine principles referred as P1 to P9 in the table given below:

P1	Businesses should conduct and govern themselves with integrity, and in a manner that is Ethical, Transparent and Accountable.
P2	Businesses should provide goods and services in a manner that is sustainable and safe
P3	Business should respect and promote the well- being of all employees, including those in their value chains
P4	Businesses should respect the interests of and be responsive towards all its stakeholders
P5	Businesses should respect and promote human rights
P6	Businesses should respect, protect and make efforts to restore the environment
P7	Businesses when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent
P8	Businesses should promote inclusive growth and equitable development
P9	Businesses should engage with and provide value to their consumers in a responsible manner

This section is aimed at helping businesses demonstrate the structures, policies and processes put in place towards adopting the NGRBC Principles and Core Elements.

Disclosure Questions	P1	P2	P3	P4	P5	P6	P7	P8	P9
Policy and management processes									
1. a. Whether your entity's policy / policies cover each principle and its core elements of the NGRBCs. (Yes/No)	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes
b. Has the policy been approved by the Board? (Yes/No)	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes
c. Web Link of the Policies, if available	The Corporate policies of the Company can be viewed at weblink: https://www.shareindia.com/static/investor-policies.aspx . Some of the policies of the Company are accessible only to employees and other internal stakeholders.								
2. Whether the entity has translated the policy into procedures. (Yes / No)	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes
3. Do the enlisted policies extend to your value chain partners? (Yes/No)	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes

Disclosure Questions	P1	P2	P3	P4	P5	P6	P7	P8	P9
4. Name of the national and international codes / certifications / labels/ standards (e.g. Forest Stewardship Council, Fairtrade, Rainforest Alliance, Trustea) standards (e.g. SA 8000, OHSAS, ISO, BIS) adopted by your entity and mapped to each principle.	-								
5. Specific commitments, goals and targets set by the entity with defined timelines, if any.	Being the first year of adoption of ESG reporting, we don't have mandated targets, commitments, or evaluation process for all policies. However, the company is actively taking multiple measures to ensure inclusive & sustainable growth.								
6. Performance of the entity against the specific commitments, goals and targets along-with reasons in case the same are not met.	We track key parameters in policies and record it for learning and development to enhance our policies.								
Governance, Leadership and Oversight									
7. Statement by director responsible for the business responsibility report, highlighting ESG related challenges, targets and achievements (listed entity has flexibility regarding the placement of this disclosure)	<p>As the director of Share India, I am proud to lead a company that has been dedicated to steady growth since its establishment in 1994. We are renowned frontrunners in providing algo-trading solutions to clients in India and abroad. While we have been successful in catering to the High Net Worth Individual (HNI) segment, we are now focused on serving the new-age investors in the retail segment. By becoming a partner with Share India, you can enhance your business goals and join us in our mission of inclusive growth.</p> <p>Our commitment to transparency, integrity, and customer-centricity has earned us the trust of India. We have expanded our services to help our customers grow and multiply their investments. Our goal is to have a long-term presence in the ever-changing financial world and provide equal opportunities to all traders. Through continuous improvement, innovation, and technology, we protect the financial interests of our clients and provide dynamically updated investment solutions.</p> <p>At Share India, we believe in sharing with India and nurturing its growth from the roots. Our primary focus is on education for underprivileged children. We strive to bridge the gap and offer these children a stepping stone towards a better life. Additionally, we cater to every segment of society, including individuals with disabilities, by providing training and employment opportunities. We are committed to the growth and well-being of everyone as we firmly believe in sharing India's progress.</p> <p>Furthermore, we prioritize cybersecurity and data safety. We understand the importance of protecting our clients' information and have stringent measures in place to ensure their confidentiality.</p> <p>Together, we can build a brighter and more inclusive future, where education, growth, and opportunity are accessible to all.</p>								
8. Details of the highest authority responsible for implementation and oversight of the Business Responsibility Policy (ies).	Business Responsibility and Sustainability Reporting Committee								
9. Does the entity have a specified Committee of the Board/ Director responsible for decision making on sustainability related issues? (Yes / No). If yes, provide details.	Business Responsibility and Sustainability Reporting Committee								

Corporate Overview

Statutory Reports

SECTION C: PRINCIPLE WISE PERFORMANCE DISCLOSURE

PRINCIPLE 1 Businesses should conduct and govern themselves with integrity, and in a manner that is Ethical, Transparent and Accountable.

ESSENTIAL INDICATORS

1. Percentage coverage by training and awareness programmes on any of the Principles during the financial year:

Segment	Total number of training and awareness programmes held	Topics/principles covered under the training and its impact	%age of persons in respective category covered by the awareness Programmes
Board of Directors	3	The Company conducts orientation programs after the appointment of new Directors and also conducts various familiarization programs comprising matters relating to Industry & Market Orientation, Company Overview etc. The Familiarization Programs is published on the website of the Company at https://www.shareindia.com/data/uploads/Investor_Relations_Files/IRFile_Name_1686224244.pdf	100%

Segment	Total number of training and awareness programmes held	Topics/principles covered under the training and its impact	%age of persons in respective category covered by the awareness Programmes
Key Managerial Personnel	1	The Company conducts orientation programs after the appointment of new Key Managerial Personnel and has a code of conduct for senior management personnel which covers statutory compliances, conflict of interest, financial reporting & records, confidentiality, progressive work environment etc.	100%
Employees other than BoD and KMPs	1	The Company conducts orientation programs after the appointment of new employees. During the year, The Company had conducted training and awareness programs on topics such as Protection of Women from Sexual Harassment Act, etc.	10.40%
Workers		Not Applicable	

2. Details of fines / penalties /punishment/ award/ compounding fees/ settlement amount paid in proceedings (by the entity or by directors / KMPs) with regulators/ law enforcement agencies/ judicial institutions, in the financial year, in the following format (Note: the entity shall make disclosures on the basis of materiality as specified in Regulation 30 of SEBI (Listing Obligations and Disclosure Obligations) Regulations, 2015 and as disclosed on the entity's website):

Monetary					
	NGRBC Principle	Name of the regulatory/ enforcement agencies/judicial institutions	Amount (In INR)	Brief of the Case	Has an appeal been preferred? (Yes/No)
Penalty/ Fine	NIL	NIL	NIL	NIL	NIL
Settlement	NIL	NIL	NIL	NIL	NIL
Compounding fee	NIL	NIL	NIL	NIL	NIL

Non- Monetary				
	NGRBC Principle	Name of the regulatory / enforcement agencies/ judicial institutions	Brief of the Case	Has an appeal been preferred? (Yes/No)
Imprisonment	NIL	NIL	NIL	NIL
Punishment	NIL	NIL	NIL	NIL

3. Of the instances disclosed in Question 2 above, details of the Appeal/ Revision preferred in cases where monetary or non-monetary action has been appealed.

Case Details	Name of the regulatory/ enforcement agencies/ judicial institutions
	NIL

4. Does the entity have an anti-corruption or anti-bribery policy? If yes, provide details in brief and if available, provide a web-link to the policy.

Yes, the Company has an Anti-Corruption and Bribery policy as part of our Whistle Blower Policy & Vigil Mechanism/ BRSR policy and the same can be accessed at https://www.shareindia.com/data/uploads/Investor_Relations_Files/IRFile_Name_1686225825.pdf. The policy is applicable to all Employees, Directors, and other Stakeholders of the

Company and states zero tolerance towards any form of bribery and corruption. The purpose of this Mechanism is to provide a framework to promote responsible and secure whistle blowing. It protects Stakeholders/Directors/Employees wishing to raise a concern about serious irregularities within the Company.

5. Number of Directors/KMPs/employees/workers against whom disciplinary action was taken by any law enforcement agency for the charges of bribery/ corruption:

	FY 2022-2023	FY 2021-2022
Directors		
KMPs		
Employees		Nil
Workers		

6. Details of complaints with regard to conflict of interest:

	FY 2022-2023		FY 2021-2022	
	Number	Remarks	Number	Remarks
Number of complaints received in relation to issues of Conflict of Interest of the Directors	NIL	NIL	NIL	NIL
Number of complaints received in relation to issues of Conflict of Interest of the KMPs	NIL	NIL	NIL	NIL

7. Provide details of any corrective action taken or underway on issues related to fines / penalties / action taken by regulators/ law enforcement agencies/ judicial institutions, on cases of corruption and conflicts of interest.

Not Applicable

PRINCIPLE 2 BUSINESSES SHOULD PROVIDE GOODS AND SERVICES IN A MANNER THAT IS SUSTAINABLE AND SAFE

ESSENTIAL INDICATORS

1. Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.

	FY 2022-2023	FY 2021-2022	Details of improvements in environmental and social impacts
R&D*	0	0	-
Capex*	0	0	-

*The Company is primarily into financial services including broking and distribution, hence, the relevance of the above is largely restricted to capital expenditure towards information technology. Capital expenditure incurred towards IT hardware and software during the year was ₹ 676.55 Lakhs.

2. a. Does the entity have procedures in place for sustainable sourcing? (Yes/No)

No. The Company is into Service oriented business and it does not manufacture any goods, therefore, consumption of resources is limited to running of operations and sourcing of inputs is not relevant to our core activities. However, Share India Group nurtures a culture of conservation of resources and encourages innovations that aid in reducing the dependence on natural resources.

b. If yes, what percentage of inputs were sourced sustainably?

0%.

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.

Not Applicable.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

No.

PRINCIPLE 3 BUSINESS SHOULD RESPECT AND PROMOTE THE WELL- BEING OF ALL EMPLOYEES, INCLUDING THOSE IN THEIR VALUE CHAINS
ESSENTIAL INDICATORS

10. Health and safety management system:**a. Whether an occupational health and safety management system has been implemented by the entity? (YES/ NO). If Yes, the coverage such system?**

Yes, various measures are taken to implement the occupational health and safety management system. The Company has guidelines to ensure safety of employees and visitors. We conduct mock/fire drill training at our branches and corporate office at regular intervals of time, which equips personnel to respond to any fire that can occur in the premises. Fire extinguishers are kept stocked to ensure that they can be used effectively in the event of an emergency. Our Corporate office has smoke detectors, fire alarm systems and plants at open spaces to promote oxygen levels.

Various facilities are available at Share India and its branches premises such as proper ventilation, branch hygiene & sanitation, yearly safety audit, emergency exits, first aid box, etc.

Since the onset of COVID-19 employee health is tracked on a periodic basis for all employees. Employees are encouraged to maintain high standards of personal, public hygiene and social distancing stringently at all offices. We ensure that our premises are kept in hygienic conditions as per the guidelines issued by various local authorities. Office premises, especially public hotspots such as washrooms are thoroughly disinfected on a frequent basis.

b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?

Share India is primarily focused on providing financial services and does not engage in any manufacturing activities. Therefore, certain aspects related to manufacturing safety do not apply to us.

While we do not face major physical safety risks, we recognize the importance of addressing safety concerns associated with the provision of our services. This includes considerations such as ergonomics in the workplace, the operation of utilities, maintaining indoor air quality, lift/elevator safety, and implementing effective fire safety procedures. We are committed to ensuring a safe and secure environment for our employees and clients, taking appropriate measures to mitigate any potential risks associated with these areas.

c. Whether you have processes for workers to report the work, related hazards and to remove themselves from such risks. (Y/N)

No.

d. Do the employees/worker of the entity have access to non-occupational medical and health care services? (Yes/ No)

Yes, our employees have access to non-occupational medical and healthcare services. First aid kits are maintained and are available at all times on the premises.

11. Details of safety related incidents, in the following format:

Safety Incident/ Number	Category	FY 2022-2023	FY 2021-2022

Note:

No Assessments have been done by entity, statutory authorities or third parties.

15. Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks / concerns arising from assessments of health & safety practices and working conditions.

Not Applicable

PRINCIPLE 4 BUSINESSES SHOULD RESPECT THE INTERESTS OF AND BE RESPONSIVE TO ALL ITS STAKEHOLDERS

ESSENTIAL INDICATORS

1. Describe the processes for identifying key stakeholder groups of the entity.

In the dynamic landscape of online share market trading and investing platforms, successful companies understand the critical role that stakeholders play in their growth and success. Stakeholders play a vital role in shaping the direction, reputation, and growth of the company.

The stakeholder identification process for Share India involves identifying internal stakeholders (employees, management, shareholders), industry stakeholders (Stock Exchanges, Clearing Corporations, Depositories), customers and users (FII, HNIs, Retail Investors), business partners (Authorized Persons, Franchisee & Distribution Partners besides software and hardware vendors), community and public stakeholders (local communities, advocacy groups), and government and regulatory bodies. For any online share market trading and investing platform company, identifying stakeholders and actively engaging with them is crucial for long-term success and is essential for building trust, delivering value, thereby sustaining a competitive edge.

The next step includes analysing their influence, impact, and dependence on the company, prioritizing their engagement, and developing effective communication strategies to meet their needs and expectations. Regular evaluation and adaptation of strategies ensure ongoing stakeholder management and relationship building.

A proactive and inclusive stakeholder identification process is an ongoing effort that requires continuous evaluation, adaptation, and a commitment to meeting the evolving needs of stakeholders in the ever-changing landscape of online share market trading and investing. Therefore, implementing a comprehensive stakeholder identification process is essential to identify, analyse, and prioritize the various individuals and groups who have a significant interest in or influence over the company's operations.

2. List of stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.

Stakeholder Group	Whether identified as Vulnerable & Marginalized Group (Yes/ No)	Channels of Communications (Emails, SMS, Advertisements, newspaper, Pamphlets, Community Meetings, Notice Board, Website) others	Frequency of engagements (Annually/ Half yearly/ quarterly others-please specify)	Purpose and scope of engagement including key topics and concerns raised during such engagements
Employees	No	Multiple channels – physical and digital	Regularly	<ul style="list-style-type: none"> Feedback and grievance redressal. Employee engagement (fun at work / motivation / happiness/ passion / wellbeing). Career and support programmes. Employee Feedback on policies.
Shareholders	No	Email, SMS, newspaper advertisement, notice board, website, Annual General Meetings, intimation to stock exchanges, annual/ quarterly financials and investor/ analysts call and meet, Media release.	Regularly	<ul style="list-style-type: none"> To answer investor queries on financial performance To present business performance highlights to investors To discuss publicly available Company information to shareholders and investors. To stay abreast of developments in the Company,

Female										

3. Details of remuneration/salary/wages, in the following format:

	Male		Female	
	Number	Median remuneration/ salary/wages of respective category	Number	Median remuneration/ salary/wages of respective category
Board of Directors (BoD)	15	2,25,000	2	1,50,000
Key Managerial Personnel	2	1,65,000	0	0
Employees other than BoD and KMP	1799	30,000	489	40,000
Workers	0	0	0	0

4. Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)

Yes, The Human Resources Department is responsible for the human resources function and the head of aforesaid Department oversees and addresses any issue arising from any human rights impact or issues caused or contributed to by the business. Concern persons can raise their grievances at hr@shareindia.co.in.

5. Describe the internal mechanisms in place to redress grievances related to human rights issues.

The Company recognizes that human rights are inherent to all human beings and upholds the dignity of every individual associated with it, be it employees, customers, business correspondents, vendors, etc. Therefore, Whistle Blower Policy & Vigil Mechanism has been structured which addresses the grievances raised by the stakeholders. The Whistle Blower Policy & Vigil Mechanism can be accessed at https://www.shareindia.com/data/uploads/Investor_Relations_Files/IRFile_Name_1686225825.pdf.

6. Number of Complaints on the following made by employees and workers:

	FY 2022-2023			FY 2021-2022		
	Filed during the year	Pending resolution at the end of year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks
Sexual Harassment	NIL	NIL	NIL	NIL	NIL	NIL
Discrimination at Workplace	NIL	NIL	NIL	NIL	NIL	NIL
Child Labour	NIL	NIL	NIL	NIL	NIL	NIL
Forced Labour / Involuntary Labour	NIL	NIL	NIL	NIL	NIL	NIL
Wages	NIL	NIL	NIL	NIL	NIL	NIL
Other human rights related issues	NIL	NIL	NIL	NIL	NIL	NIL

7. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

The Company is committed to providing equal opportunities to all individuals and is intolerant towards discrimination and / or harassment based on race, sex, nationality, ethnicity, origin, religion, age, disability, sexual orientation, gender identification and expression (including transgender identity), political opinion, medical condition, language as protected by applicable laws.

Share India also has a policy on prevention of sexual harassment of women at the workplace and has an Internal Complaints Committee (ICC) in compliance with the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. Members of the Company's ICC are responsible for conducting inquiries pertaining to such complaints. The Company on a regular basis sensitises its employees on the prevention of sexual harassment at the workplace through workshops, group meetings, online training modules and awareness programme which are held on a regular basis.

8. Do human rights requirements form part of your business agreements and contracts? (Yes/No)

Yes, Human rights requirements form a part of the Company's business agreements and contracts as and where relevant. The Company's business agreements and contracts does not contain any clause which violates human rights.

9. Assessment for the Year:

	% of your plants and offices that were assessed (by entity or statutory authorities or third parties)
Child Labour	0%
Forced / Involuntary labour	0%
Sexual harassment	0%
Discrimination at workplace	0%
Wages	0%
Others- please specify	0%

10. Provide details of any corrective actions taken or underway to address significant risks/ concerns arising from the assessments at question 9 above.

Not Applicable

PRINCIPLE 6: BUSINESSES SHOULD RESPECT AND MAKE EFFORTS TO PROTECT AND RESTORE THE ENVIRONMENT

ESSENTIAL INDICATORS

1. Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format:

Parameter	FY 2022-2023	FY 2021-2022
Total electricity consumption (A)	2293.37	1,826.42
Total fuel consumption (B)	2,896.06	1,189.19
Energy consumption through other sources (C)	-	-
Total energy consumption (A+B+C)	5,189.43	3,015.61
Energy intensity per rupee of turnover (Total energy consumption / turnover in rupees per lacs)	0.0633	0.0448
Energy intensity (optional) – the relevant metric may be selected by the entity	NA	NA

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. NO

2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

Share India Ltd. does not have any sites/ facilities/ offices which are identified as designated consumers under the Performance, Achieve and Trade (PAT) Scheme of the Government of India.

3. Provide details of the following disclosures related to water, in the following format:

Parameter	FY 2022-2023	FY 2021-2022
Water withdrawal by source (in kilolitres)		
(i) Surface water	0	0
(ii) Groundwater	3,556.8	2,843.1
(iii) Third party water	1,36,234.4	1,23,339.6
(iv) Seawater / desalinated water	0	0
(v) Others	0	0
Total volume of water withdrawal (in kilolitres) (i + ii + iii + iv + v)	1,39,791.2	1,26,182.7
Total volume of water consumption (in kilolitres)	1,39,791.2	1,26,182.7
Water intensity per Lac ₹ of turnover (Water consumed / turnover)	1.71	1.87
Water intensity (optional) – the relevant metric may be selected by the entity	NA	NA

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No

4. **Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.**

No, considering the nature of the business, Zero Liquid Discharge Treatment does not apply to the Company.

5. **Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:**

Parameter	Please specify unit	FY 2022-2023	FY 2021-2022
NOx	NA	0	0
Sox	NA	0	0
Particulate matter (PM)	NA	0	0
Persistent organic pollutants (POP)	NA	0	0
Volatile organic compounds (VOC)	NA	0	0
Hazardous air pollutants (HAP)	NA	0	0
Others – please Specify	NA	0	0

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No

6. **Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:**

As the Company is into Service oriented business primarily involved in Financial Service, the prescribed table does not apply to the Company.

Parameter	Unit	FY 2022-2023	FY 2021-2022
Total Scope 1 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes Of CO ₂ equivalent	171.08	68
Total Scope 2 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes Of CO ₂ equivalent	516.01	410.94
Total Scope 1 and Scope 2 emissions per rupee of Turnover		0.01	0.01
Total Scope 1 and Scope 2 emission intensity (optional) – the relevant metric may be selected by the entity		NA	NA

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No

7. **Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.**

Share India Securities Limited does not have any project related to reducing Green House Gas emission. Since the Company is majorly an online trading platform company, the emissions are minute in number which makes it unsuitable to focus on Green House Gases. However, the Company has taken various steps, including providing Pool bus to employees for transportation, to keep the greenhouse gas emission as low as possible.

8. **Provide details related to waste management by the entity, in the following format:**

Parameter	FY 2022-2023	FY 2021-2022
Total Waste generated (in metric tonnes)		
Plastic waste (A)	0	0
E-waste (B)	0.35	0
Bio-medical waste (C)	0	0
Construction and demolition waste (D)	0	0
Battery waste (E)	0.58	0
Radioactive waste (F)	0	0
Other Hazardous waste. ETP sludge, used oils and others (G)	0	0
Other Non-hazardous waste generated (H). Please specify, if any (Break-up by composition i.e., by materials relevant to the sector)		

Parameter	FY 2022-2023	FY 2021-2022
Paper Waste	2.48	1.52
Total (A+B+C+D+E+F+G+H)	3.41	1.52
For each category of waste generated, total waste recovered through recycling, re-using or other recovery operations (in metric tonnes)		
Category of waste		
(i) Recycled	0	0
(ii) Re-used	0	0
(iii) Other recovery operations	0.58	0
Total	0.58	0
For each category of waste generated, total waste disposed by nature of disposal method (in metric tonnes)		
Category of waste		
(iv) Incineration	0	0
(v) Landfilling	0	0
(vi) Other disposal operations	0	0
Total*	0	0

*E-waste and Paper waste generated in FY 23 have been disposed off to authorized third party vendors after the financial year ending 31st March, 2023.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No

9. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

Share India Securities Limited has a sustainable waste management system in process. Most significant waste generated are the E-waste and Stationary waste, such as electronic devices and paper. We dispose both, E-waste and paper waste generated, by selling it to the third-party vendors. Due to the nature of our business, we do not generate any hazardous and toxic chemicals in our products and processes.

10. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:

S. No.	Location of operations / offices	Type of operations	Whether the conditions of environmental approval / clearance are being complied with? (Y/N) If no, the reasons thereof and corrective action taken, if any.
			Not Applicable

11. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:

Name and brief details of project	EIA Notification No.	Date	Whether conducted by independent external agency (Yes / No)	Results communicated in public domain (Yes / No)	Relevant Web link
					Not Applicable

12. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format:

S. No.	Specify the law/ regulation/ guidelines which was not complied with	Provide details of the non- compliance	Any fines / penalties / action taken by regulatory agencies such as pollution control boards or by courts	Corrective action taken, if any
Not Applicable				

The Company is compliant with all the applicable laws.

PRINCIPLE 7 BUSINESSES WHEN ENGAGING IN INFLUENCING PUBLIC AND REGULATORY POLICY, SHOULD DO SO IN A MANNER THAT IS RESPONSIBLE AND TRANSPARENT

ESSENTIAL INDICATORS

1. a. Number of affiliations with trade and industry chambers/ associations.

The Company was a member of three (3) trade and industry chambers/ associations during FY 2022-23.

- b. List of top 10 trade and industry chambers/ associations (determined based on the total members of such body) the entity is a member of/ affiliated to

Sr. No.	Name of the trade and industry chambers/ associations	Reach of trade and industry chambers/ associations (State/National)
1.	PHD Chamber of Commerce and Industry	National
2.	Association of National Exchanges Members of India (ANMI)	National
3.	BSE Brokers' Forum (BBF)	National

2. Provide details of corrective action taken or underway on any issues related to anti-competitive conduct by the entity, based on adverse orders from regulatory authorities.

Not Applicable

PRINCIPLE 8 BUSINESSES SHOULD PROMOTE INCLUSIVE GROWTH AND EQUITABLE DEVELOPMENT

ESSENTIAL INDICATORS

1. Details of Social Impact Assessments (SIA) of projects undertaken by the entity based on applicable laws, in the current financial year

Not Applicable

2. Provide information on project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by your entity.

Not Applicable

3. Describe the mechanisms to receive and redress grievances of the community.

The Company had designated an Email-ID support@shareindia.com and toll-free number 1800 203 0303 for redressing grievances of the community.

4. Percentage of input material (inputs to total inputs by value) sourced from suppliers:

	FY 2022-2023	FY 2021-2022
Directly sourced from MSMEs/ Small producers	-	-
Sourced directly from within the district and neighboring districts	85%	80%

PRINCIPLE 9 BUSINESS SHOULD ENGAGE WITH AND PROVIDE VALUE TO THEIR CONSUMERS IN A RESPONSIBLE MANNER

ESSENTIAL INDICATORS

1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.

Clients have the option to raise a complaint / feedback directly to Share India by either calling us on our support number 1800 203 0303 or by sending an email to support@shareindia.com or investors@shareindia.com, as they may desire.

The support / complaint management teams in-turn coordinate with relevant stakeholders as needed to address the query / issue and provide appropriate resolution to the clients. All our customers are also empowered to reopen the cases if the original resolution is deemed incomplete or if the clients have further related queries. Customers also have access to an escalation matrix if they wish to escalate any matter.

To ensure customer grievances are redressed promptly and effectively, the Company has put in place a Grievance Redressal Policy. The Policy can be accessed at https://www.shareindia.com/data/uploads/Investor_Relations_Files/IRFile_Name_1687500716.pdf.

2. Turnover of products and/or services as a percentage of turnover from all products/ service that carry information about:

As a percentage to total turnover	
Environmental and social parameters relevant to the product	
Safe and responsible usage	Not Applicable
Recycling and /or safe disposal	

3. Number of Consumer complaints in respect of the following:

	FY 2022-2023		Remarks	FY 2021-2022		Remarks
	Received during the year	Pending resolution at the end of year		Received during the year	Pending resolution at the end of year	
Data Privacy	NIL	NIL	NIL	NIL	NIL	NIL
Advertising	NIL	NIL	NIL	NIL	NIL	NIL
Cyber -Security	NIL	NIL	NIL	NIL	NIL	NIL
Delivery of essential services	NIL	NIL	NIL	NIL	NIL	NIL
Restrictive Trade Practices	NIL	NIL	NIL	NIL	NIL	NIL
Unfair Trade Practices	NIL	NIL	NIL	NIL	NIL	NIL
Others	1	1	Complaint Resolved on 25 th April, 2023	3	0	NIL

4. Details of instances of product recalls on account of safety issues:

	Number	Reasons for recall
Voluntary recalls		Not Applicable
Forced recalls		

5. Does the entity have a framework/ policy on cyber security and risks related to data privacy? (yes/no) if available, provide a web- link of the policy.

Yes, the Company has framed policies with respect to cyber security risk which set forth limits, mitigation strategies and internal controls. Cyber Security and Cyber Resilience Policy are in place for protecting the organization's cyberspace against cyber-attacks, threats and vulnerabilities. The Policy can be accessed at https://www.shareindia.com/data/uploads/Investor_Relations_Files/IRFile_Name_1686721261.pdf.

6. Provide details of any corrective actions taken or underway on issues relating to advertising and delivery of essential service: cyber security and data privacy of customers: re-occurrence of instances of product recalls: penalty/ action taken by regulatory authorities on safety of products/ services.

No penalties/regulatory action has been levied or taken on the above-mentioned parameters.

Independent Auditor's Report

To The Members of
SHARE INDIA SECURITIES LIMITED

Report on the Audit of the Standalone Financial Statements

OPINION

We have audited the accompanying standalone financial statements of **SHARE INDIA SECURITIES LIMITED ("the Company")**, which comprise the Balance Sheet as at **31st March 2023**, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows for the year ended, and notes to the Standalone Financial Statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2023, and its Profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by

the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

KEY AUDIT MATTERS

Key audit matters ("KAM") are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Ind AS financial statements for the financial year ended March 31, 2023. These matters were addressed in the context of our audit of the Standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the Standalone Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Standalone Ind AS financial statements. The results of audit procedures performed by us and by other auditors of components not audited by us, as reported by them in their audit reports furnished to us by the management, including those procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Standalone Ind AS financial statements.

Key audit matters	How our audit addressed the key audit matter
Revenue Recognition	
Company has multiple income generating operations but majority of which have their origin from the Share Trading activities at Stock Exchange and Brokerage.	<ul style="list-style-type: none"> Major revenue generating activities were Brokerage and the company's own Pro trading activities. Hence our prime focus was over the Brokerage Income and Pro trading activities since the management is involved themselves in such operations. Own Pro Trading involves intraday, Cash Segment and Future and Option transaction. (Derivative) We have applied the following audit procedure in this regard. <ol style="list-style-type: none"> Obtained an understanding of management key control over recording of derivative transactions. Tested the accuracy and completeness of derivative transactions. Obtained details of various financial derivative contracts outstanding for settlement as on 31/03/2023, verification of underlying assumption in estimating the fair valuation arrived at for those financial derivative contracts. Accordingly, in our audit process we focused over the internal control set up by the management and had to check the policies set up by the management for charging the commission from the clients. To test whether the commission rates used to calculate commission revenue were consistent with the underlying agreements & evaluating the effect on the financial statements of recognizing commission revenue on trade date rather than on a settlement date basis. Once the brokerage percentage is set, then until the management decides to alter the percentage after negotiating with the client, brokerage will be charged uniformly through automated processes placed through the software. Therefore, we checked the automated procedure in the software and similarly tested the system generated reports. Share India Securities Ltd likewise other stock broker Companies provide the facilities of margin to the client depending upon the value of securities/funds the client provides to the company. Therefore to test the risk that the company undertakes while providing margin facility to the clients, we tested the value of securities of the clients and focused on The VAR amount prescribed by the Exchange. To test how Share India Securities Limited generates & record revenue transaction throughout the transaction lifecycle & to ensure completeness of transactions.

INFORMATION OTHER THAN THE STANDALONE FINANCIAL STATEMENTS AND AUDITORS REPORT THEREON

The Company's Board of Directors is responsible for other information. The other Information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Chairman's Statement and

Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon. The Board's Report including Annexure to Board's Report, Chairman's Statement and Shareholder's Information is expected to be made available to us after the date of this auditor's report.

Our Opinion on the Standalone financial statements does not cover the other Information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone financial statements or our knowledge obtained in the course of our audit, or otherwise appears to be materially misstated.

MANAGEMENT'S RESPONSIBILITY FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows of the Company in accordance with the Ind AS and other accounting principles accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the

disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by section 197(16) of the Act, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act.
2. As required by The Companies (Auditors Report) order 2020, the order issued by Central government of India in terms of sub section (11) of section 143 of the Act, we give in the **"Annexure-A"**, a statement the matters specified in paragraph 3 and 4 of the said Order.
3. As required by Section 143(3) of the Act, based on our audit we report, to the extent applicable that:
 - a) We have sought and obtained all the information and explanations which to the best of our

knowledge and belief were necessary for the purposes of our audit.

- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Standalone Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on 31st March, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2023 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in **"Annexure B"**. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company, as detailed in Note 41 to the standalone financial statements, has disclosed the impact of pending litigations on its financial position as at 31st March 2023.
 - ii. The Company does not have any long-term contracts, but has made requisite provision for derivative contracts under the applicable law or accounting standards for any foreseeable losses, if any.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds which are material

Financial Statements

either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

- v. The Interim dividend declared and paid by the company during the year and until the date of the audit report is in accordance with Sec 123 of the Companies Act 2013. As stated in Note-24(e) to the financial statement, the Board of Directors of the company has proposed final dividend for the year which is subject to the approval of the member at the ensuing Annual General Meeting. The dividend declared is in accordance with sec 123 of the Act to the extent it applies to declaration of dividend.
- vi. As proviso to Rule 3(1) of the Companies (Accounts) Rule 2014 for maintaining books of accounts using accounting software which has a feature of recording audit trail (edit log) facilities is applicable to the company with effect from April 1, 2023 & accordingly, reporting under Rule 11(g) of Companies (Audit & Auditor's) Rule 2014 is not applicable for the financial year ended 31st March 2023.

Annexure-A to the Independent Auditor's Report of even date on the Standalone Financial Statements of Share India Securities Limited

(i) In respect of the Company's Property, Plant and Equipments and Intangible Assets:

(a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(b) All the assets have been physically verified by the management during the year, which in our opinion is reasonable having regard to the size of the company & the nature of its assets. According to the information and explanation given to us, no discrepancies were noticed on such verification.

(c) According to the information and explanations given to us, the records examined by us and based on the examination of the conveyance deeds/registered sale deed provided to us, we report that, the title deeds, comprising all the immovable properties of land which are freehold, are held in the name of the company as at the balance sheet date.

(d) The company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) or intangible assets or both during the year.

(e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2023 for holding any benami property

under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made there under.

(ii) (a) The Securities held as stock in trade in dematerialized form have been verified by the management with the statement of holdings provided by Central Depository Services Limited (CDSL) at reasonable intervals during the year. The Company also has stock of commodity which has been physically verified by the management during the year. In our opinion, the frequency of verification is reasonable. No discrepancies were noticed in respect of securities verified as compared to book records.

(b) The company has been sanctioned working capital limits in excess of Rupees 5 crores, in aggregate, from banks on the basis of security of current assets, as per information and explanations given to us, the quarterly returns/ statements filed with banks are in agreement with the books of accounts of the company.

(iii) The Company has made investment in shares of other Companies as well as in shares of subsidiary Companies, and granted unsecured loans only to subsidiaries, during the year, in respect of which:

(a) According to the information explanation provided to us, the Company has made investments in subsidiaries and shares of the companies and provided guarantee and granted loans, to companies and other parties are stated as below:

Nature	Aggregate Amount during the year	Balance outstanding as on 31.03.2023
(A) To the Subsidiaries:		
Loans granted	₹ 2,679.98 lacs	₹ 215.74 lacs
Guarantees provided	₹ 3,000 lacs	₹ 3,000 lacs
(B) To other parties		
Loans granted	Nil	Nil
Guarantees provided	Nil	Nil

(b) In our opinion, the investment made, and the terms and condition of guarantees provided and loans granted during the year are, prima facie, not prejudicial to the company's interest.

Corporate Overview

Statutory Reports

Financial Statements

- (c) In respect of loans granted by the Company, the schedule of repayment of principal and payment of interest has not been stipulated and in the absence of such schedule, we cannot comment upon the regularity of repayment.
- (d) In respect of loans granted by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.
- (e) No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the over dues of existing loans given to the same parties.
- (f) The Company has granted loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year, the aggregate amount of which is ₹ 2,679.98 lacs i.e. 100% of the total loans given. Of which loans given to related party is also ₹ 2,679.98 lacs.
- (iv) According to the information & explanation given to us and based on the audit procedure conducted by us, we are of the opinion that company has complied with the provisions of Section 185 and 186 of the Act in respect of grant of loans.
- (v) The company has not accepted deposits during the year and does not have any unclaimed deposits as at March 31, 2023 and therefore, the provisions of the clause 3 (v) of the Order are not applicable to the company.
- (vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records u/s 148 of the Act, in respect of services carried out by the company.
- (vii) (a) The company is regular in depositing with appropriate authorities undisputed statutory dues including provident fund, Employees State Insurance, Income Tax, Sales-Tax, Goods and Service Tax, duty of customs, Duty of Excise, Value Added Tax, Cess & any other statutory dues applicable to it & there are no undisputed dues outstanding as on 31.03.2023 for a period of more than six months from the date they became payable.
- (b) According to the information & explanations given to us and based on the audit procedure conducted by us, we are of the opinion that there were no statutory dues referred to in sub clause (a) above which have not been deposited on account of any dispute except of the following:

Nature of Statute	Nature of Dues	Amount (in ₹)	Period to which the amount relates	Forum where dispute is pending
Income Tax Act, 1961	Income Tax	68,48,210/-	AY 2009-10	Income Tax Appellate Tribunal
Income Tax Act, 1961	Income Tax	9,14,245/-	AY 2008-09	Assessing Officer
Income Tax Act, 1961	Income Tax	2,68,370/-	AY 2015-16	Assessing Officer
Income Tax Act, 1961	Income Tax	2,09,93,400/-	AY 2020-21	CPC

- (viii) There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- (ix) (a) According to the information & explanations given to us, the Company has not defaulted in repayment of any loans or other borrowings from any lender.
- (b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has not taken any term loan during the year and the outstanding term loans at the beginning of the year were applied for the purpose for which the loans were obtained.
- (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.
- (f) The company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate Companies.
- (x) (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence, reporting under clause 3(x)(a) of the Order is not applicable.
- (b) According to the information and explanations given to us, the Company has made preferential allotment of shares and Warrants during the year and in our opinion, the requirements of section 42 and 62 of the Companies Act 2013 have been complied with and fund raised has been used for the purpose for which it was raised.

- (xi) (a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- (c) In our opinion and as per the information and explanation provided to us, the company has not received any whistle blower complaint during the year.
- (xii) The company is not a Nidhi Company; hence reporting under clause 3(xii) of the Order is not applicable to the Company.
- (xiii) In our opinion and according to the information & explanation given to us, the company is in compliance with section 188 and 177 of the Companies Act, 2013 where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the Financial Statements as required by the applicable accounting standards.
- (xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- (xv) In our opinion during the year the Company has not entered in to any non-cash transactions with its directors or persons connected with its directors. And hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi) (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- (b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We however state that this is not an assurance as to the future viability of the Company. We, further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) According to the information and explanations given to us and based on our verification, the provisions of Section 135 of the Act are applicable to the Company. The Company has made the required contributions during the year and there are no unspent amounts which are required to be transferred either to a Fund or to a Special Account as per the provisions of Section 135 of the Act read with schedule VII. Accordingly, reporting under Clause 3(xx)(a) and Clause 3(xx)(b) of the Order is not applicable to the Company.

Statutory Reports

Financial Statements

Annexure-B to the Independent Auditor's Report of even date on the Standalone Financial Statements of Share India Securities Limited

Report on the Internal Financial Controls under clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("The Act")

To The Members of **SHARE INDIA SECURITIES LIMITED**

We have audited the internal financial controls over financial reporting of **SHARE INDIA SECURITIES LIMITED as of 31st March, 2023** in conjunction with our audit of the Standalone financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial

controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material aspects, an adequate internal financial controls system over financial reporting and such financial controls over financial reporting were operating effectively as at 31st March, 2023, based on

the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

Note 1 Corporate Information

Share India Securities Limited (SISL) ('the Company'), was incorporated on July 12, 1994 as a Company under the Companies Act, 1956 ('the Act'). The Company has registered office at Gujarat, India. The Company is listed on the BSE Limited and National Stock Exchange of India Limited (Recognised Stock Exchanges in India).

The Company is engaged in the business of share and Stock Broking, Commodity Derivatives Broking, Equity Derivatives Broking, Currency Derivatives Broking, Portfolio Management, Research Analysis, Mutual Funds Distribution, and to invest, buy, sell or otherwise deal in all kind of securities and other related activities. Further, the company also provides Investment Advisory services. It also facilitates to trade on its online technology platform, which encompasses various algo-based strategies to choose and execute, through its web based trading terminal, mobile application and its trade unit.

The Company is a Trading and Clearing Member of BSE Ltd., National Stock Exchange of India Ltd (NSE); and Commodity Derivatives Exchange, viz. Multi Commodity Exchange of India Ltd (MCX), National Commodity & Derivative Exchange of India Limited (NCDEX) and Indian Commodity Exchange Limited (ICEX). The Company is also providing De-mat Services as a Depository Participant of Central Depository Services (India) Ltd (CDSL) and is also registered as Portfolio manager with Securities and Exchange Board of India (SEBI). It is also registered with SEBI in capacity of Research Analyst.

Note 2 Significant Accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Statement of compliances and basis of preparation and presentation

a.) Statement of compliance

These standalone financial statements ('financial statements') of the Company have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs ('MCA') under section 133 of the Companies Act, 2013 ('Act') read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other relevant provisions of the Act. The Company has uniformly applied the accounting policies during the periods presented in these financial statements.

b.) Basis of presentation

The Company is covered in the definition of non-banking financial company as defined in Companies (Indian Accounting Standards) (Amendment) Rules, 2016. The Company presents the Balance Sheet, the Statement of Profit and Loss and the statement of Changes in Equity in the order of liquidity as per the format prescribed under Division III of Schedule III to the Companies Act, 2013. The format and figures in the statement of profit and loss and balance sheet of the previous period in the financial statements have been accordingly restated and reclassified to conform to the new format. There is no impact on Equity or Net Profit due to these regrouping / reclassifications. The financial statements were approved for issue by the Board of Directors on May 19, 2023.

c.) Basis of measurement

The financial statements have been prepared on going concern basis, in accordance with accounting principles generally accepted in India, as the Management is satisfied that the Company shall be able to continue its business for the foreseeable future and no material uncertainty exists that may cast significant doubt on the going concern assumption. Further, the financial statements have been prepared on accrual and historical cost basis, except for the following:

- Certain Financial instruments are measured at fair value (*refer accounting policy regarding Financial Instruments and fair value measurement*);
- Securities held for trading;
- Share based payments (*refer note 2.15*)
- Derivative Financial Instruments; and
- Defined benefit plans as per actuarial valuation

d.) Functional and presentation currency

The Financial Statements are presented in Indian Rupees which is also the functional currency of the Company and all amount in the Financial Statements are presented in ₹ Lacs, unless otherwise stated. Certain amounts that are required to be disclosed and do not appear due to rounding-off are expressed as 0.00.

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

e.) Use of estimates and judgments

The preparation of financial statements in conformity with Ind AS requires management to make estimates, judgments, and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities (including contingent liabilities) and disclosures as of the date of financial statements and the reported amounts of revenue and expenses for the reporting period. Actual results could differ from these estimates. Accounting estimates and underlying assumptions are reviewed on an ongoing basis and could change from period to period. Appropriate changes in estimates are recognized in the period in which the Company becomes aware of the changes in circumstances surrounding the estimates. Any revisions to accounting estimates are recognized prospectively in the period in which the estimate is revised and future periods.

Information about each of these estimates and judgments is included in the relevant notes together with information about the basis of calculation for each affected line item in the financial statements. The areas involving estimates for judgments are:

- (i) Estimation of defined benefit obligations
- (ii) Recognition of deferred tax assets, estimation of current tax expense and current tax payable
- (iii) Estimation of provisions and contingencies
- (iv) Fair value of employee share options
- (v) Fair value of financial instruments including unlisted equity instruments
- (vi) Impairment of financial instruments
- (vii) Determination of useful life of Property, Plant and Equipments, & Investment property and method of depreciation
- (viii) Determination of useful life of Intangible asset and method of depreciation
- (ix) Effective interest rate
- (x) Evaluation of lease, lease term and discount rates.

2.2 Property, plant and equipment

Initial And Subsequent Recognition: Land is carried at historical cost. All other Property, plant and equipment are stated at cost of acquisition less accumulated depreciation. Cost includes expenditure that is directly

attributable to the acquisition and installation of the assets. The cost of an item of PPE is recognised as an asset, if, and only if, it is probable that the economic benefits associated with the item will flow to the Company in future periods, and the cost of the item can be measured reliably. Expenditure incurred after the PPE have been put into operations, such as repair and maintenance expenses, are charged to the Statement of Profit and Loss, during the period in which they are incurred.

Where cost of a part of an asset (asset component) is significant to total cost of the asset and useful life of that part is different from the useful life of the remaining asset, useful life of that significant part is determined separately, and such asset component is depreciated over its separate useful life. Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and PPE which are not ready for intended use as on the date of Balance sheet are disclosed as Capital work-in-progress.

Income and expenses related to the incidental operations, not necessary to bring the item to the location and condition necessary for it to be capable of operating in the manner intended by management, are recognized in Statement of profit and loss. Gains or losses arising on retirement or disposal of property, plant and equipment are recognised in the Statement of Profit and Loss. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the year in which they are incurred.

Depreciation methods, estimated useful lives and residual value: Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life. The entity selects the method that most closely reflects the expected pattern of consumption of the future economic benefits embodied in the asset. Depreciation is calculated using the diminishing balance method to allocate their cost, net of their residual values, over their estimated useful life prescribed under Schedule II to the Companies Act, 2013. The Company provides pro-rata depreciation from the date of installation / asset is ready for use till date the assets are sold or disposed.

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

Leasehold improvements are amortised over the term of underlying lease. The residual values, estimated useful lives and methods of depreciation of property, plant and equipment are reviewed at the end of each financial year and changes if any, are accounted for on a prospective basis. During the year, the company has changed the useful lives of some of its tangible assets based on the best estimates of its effective consumption and their economic benefits. Such change has been properly accounted for on prospective basis.

Estimated useful lives of items of Property, Plant and Equipments are as follows:-

Assets	Useful life
Building	60 years
Computer	3 Years
Server	6 Years
Motor Car	8 Years
Motor Bike	10 Years
Electrical Equipment	10 Years
Furniture, Fittings & Fixtures	10 Years
Office Equipment	5 Years
Plant & Machinery	15 Years

Derecognition: The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains and losses on disposals are determined by comparing proceeds with carrying amount and are recognized in the statement of profit and loss when the asset is derecognized.

2.3 Investment Property

Investment property is property (land or building) held (by the owner or by the lessee under a finance lease) to earn rentals or for capital appreciation (including property under construction for such purposes) or both, rather than for use in the production or supply of goods or services or for administrative purposes or sale in the ordinary course of business.

The company's investment property consists of leasehold residential land and those portion of building taken on lease (right-of-use asset) which have been rented out for period of less than 12 months.

Initial and Subsequent Measurement: Investment properties are measured initially at their cost of acquisition. The cost comprises purchase price, borrowing cost, if capitalization criteria are met and directly attributable cost of bringing the asset

to its working condition for the intended use. Investment properties are subsequently measured at cost less accumulated depreciation and impairment losses.

Derecognition: The carrying amount of an item of property is derecognised on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an item of property is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognised in the statement of Profit and Loss when the item is derecognised.

Depreciation and Useful life: Depreciation on investment property (excluding the leasehold land) is calculated using the straight-line method to their residual values, over the useful life or primary lease period whichever is less.

Though the Company measures investment property, using cost-based measurement, the fair value of investment property is disclosed in *Note 15(a)*. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer

2.4 Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

a. Measurement and recognition of leases as a Lessee:

The Company has adopted Ind AS 116 "Leases" using the cumulative catch-up approach. Company has recognized Right-of-use assets as at 1st April, 2021 for leases previously classified as operating leases and measured at an amount equal to lease liability (adjusted for related prepayments/ accruals).

Initial & Subsequent Measurement: The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. Lease liabilities are subsequently measured with a corresponding adjustment to the related right-of-use asset if the Company changes its assessment

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

on exercise of an extension or a termination option. The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. Subsequently, these are measured at cost less accumulated depreciation and impairment losses, if any.

Amortisation and Impairment: The Company depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Company also assesses the right-of-use asset for impairment when such indicators exist.

Lease Liability and Right-of-Use Asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows. The Company has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognising a right-of-use asset and lease liability, the payments in relation to these are recognized as an expense in Statement of profit and loss on a systematic basis of lease payment over the lease term.

b. Measurement and recognition of leases as a Lessor

As a lessor the Company identifies leases as operating and finance lease. A lease is classified as a finance lease if the Company transfers substantially all the risks and rewards incidental to ownership of an underlying asset.

For Finance leases- amounts due from lessees are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease. For Operating leases - Rental income is recognised on a straight-line basis over the term of the relevant lease.

2.5 Intangible assets

Measurement at recognition: Intangible assets are recognized where it is probable that the future economic benefit attributable to the assets will flow to the Company and its cost can be reliably measured.

Intangible assets acquired separately are measured on initial recognition at cost. Intangible assets arising on acquisition of business are measured at fair value as at date of acquisition. Internally generated intangibles including research cost are not capitalized and the related expenditure is recognized in the Statement of Profit and Loss in the period in which the expenditure is incurred. Expenditure on the development of intangible assets, eligible for capitalisation, are carried as Intangible assets under development where such assets are not yet ready for their intended use. Following initial recognition, intangible assets with finite useful life are carried at cost less accumulated amortization and accumulated impairment loss, if any. Intangible assets with indefinite useful lives, that are acquired separately, are carried at cost/fair value at the date of acquisition less accumulated impairment loss, if any.

Amortisation: It is the systematic allocation of the depreciable amount of an asset over its useful life. Intangible Assets with finite lives are amortised on a diminishing basis over the estimated useful economic life. The amortization expense on intangible assets with finite lives is recognized in the Statement of Profit and Loss. The amortisation period and the amortization method for an intangible asset with finite useful life is reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate. Method of depreciation has been prospectively changed from "Straight line basis" in previous year to "Diminishing balance method" during current year. As the entity consider the diminishing balance method to closely reflects the pattern of consumption of future economic benefits associated with asset.

Estimated useful lives of items of Intangible Assets

Assets	Useful life
Computer Software	5 years

Derecognition: The carrying amount of an intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains and losses on disposals are determined by comparing proceeds with carrying amount and are recognized in the statement of profit and loss when the asset is derecognized.

2.6 Impairment of non-financial assets

At each reporting date, the Company assesses whether there is any indication based on internal / external factors, that an asset may be impaired. If any such indication

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

exists, the Company estimates the recoverable amount of the asset. The recoverable amount of asset is the higher of its fair value or value in use. Value in use is based on the estimated future cashflows, discounted to their present value using a pre-tax discount rate that reflects the current market assessment of time value of money and the risks specific to it. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss. All assets are subsequently reassessed for indications that an impairment loss previously recognised may no longer exist. An Impairment loss is reversed if there has been a change in estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the assets carrying amount would have been determined, net of depreciation or amortization, had no impairment loss been recognised.

2.7 Inventories

The Company deals in Commodities (Agri and Non-Agri), which are held for the purpose of trading. The Company follows Ind AS-2 "Inventories" for valuation of inventory held in trade. Accordingly, the Company carries its inventories at the lower Cost or Net realizable value. Cost includes purchase price, duties, transport and handling costs and other costs directly attributable to the acquisition and bringing the inventories to their present location and condition.

2.8 Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash in hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank borrowings are used for business purposes, and hence bank overdrafts are not considered to be a part of cash and cash equivalents in Cash flow statement

2.9 Investments in subsidiaries, associates

Investments in subsidiaries and associates are measured at cost less accumulated impairment, if any, as per IndAS 27 'Separate Financial Statements'. The company assesses at the end of each reporting period if there are any indications of impairment on such investments. If so, the company estimates the recoverable amount of the investment and provides for impairment.

2.10 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments also include derivative contracts such as foreign currency forward contracts, interest rate swaps and currency options; and embedded derivatives in the host contract.

a.) Initial measurement:

Financial assets and financial liabilities are recognized when the entity becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognized on trade-date, the date on which the Company commits to purchase or sell the asset. Financial instruments are initially measured at their fair value, except in the case of financial assets and financial liabilities recorded at FVTPL, transaction costs are added to, or subtracted from, this amount.

When the fair value of financial assets and liabilities differs from the transaction price on initial recognition, the entity recognizes the difference as follows:

- When the fair value is evidenced by a quoted price in an active market for an identical asset or liability (i.e. a Level 1 input) or based on a valuation technique that uses only data from observable markets, the difference is recognized as a gain or loss.
- In all other cases, the difference is deferred till the timing of recognition of deferred profit or loss is determined individually. It is either amortized over the life of the instrument, deferred until the instrument's fair value can be determined using market observable inputs, or realized through settlement.

When the Company revises the estimates of future cash flows, the carrying amount of the respective financial assets or financial liability is adjusted to reflect the new estimate discounted using the original effective interest rate. Any changes are recognized in profit or loss.

b.) Classification and subsequent measurement:

A. Financial Asset

The Company classifies its financial assets in the following measurement categories:

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

- i) Amortised cost,
- ii) Fair value through other comprehensive income ('FVOCI'), and
- iii) Fair value through profit or loss ('FVTPL')

i.) Financial assets carried at amortised cost:

A financial asset is measured at amortised cost if it meets both of the following conditions:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows ('Asset held to collect contractual cash flows'); and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest ('SPPI') on the principal amount outstanding

This category generally applies to cash and bank balances, trade and other receivables, loans, securities deposits etc. of the Company.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the Statement of Profit and Loss

ii.) Financial assets at fair value through other comprehensive income (FVOCI)

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements in debt and equity instrument are recognised in the other comprehensive income (OCI) except interest / dividend income which is recognised in profit and loss. However, in case of equity instruments, the Company may, irrevocably elects to measure the investments in equity instruments either at FVOCI or FVTPL and makes such election on an instrument-by-instrument basis. If company opts to measure the

equity instrument at FVOCI, such fair value movements will be directly transferred to OCI.

iii.) Financial assets at fair value through profit and loss (FVTPL)

Financial assets, which do not meet the criteria for categorisation as at amortised cost or as FVOCI or either designated, are measured at FVTPL. Subsequent changes in fair value are recognised in profit or loss. The company recognises the derivative financial asset being the advance premium paid on the options, future's MTM profit and Securities for trade - at FVTPL.

B. Financial liabilities

The Company classifies its financial liabilities in the following measurement categories: i) Amortised cost, and ii) Fair value through profit or loss ('FVTPL')

Financial liabilities are classified at FVTPL when the financial liability is recognised by the company on account of business combination (IndAS 103) or is held for trading or is designated as FVTPL. In all other cases, they are measured at amortised cost.

i.) Financial Liabilities carried at amortised cost:

Financial liabilities are subsequently measured at amortised cost using the EIR method. The EIR is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period at effective interest rate. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or, where appropriate, a shorter period.

ii.) Financial liabilities at Fair value through Profit and Loss:

Financial liabilities at fair value through profit and loss are measured at fair value with all changes recognized in the statement of profit and loss. The company recognises the derivative financial liability being Future's MTM loss at FVTPL.

c.) Derecognition

A. Financial Asset :

Financial asset is derecognised when: -
The rights to receive cash flows from the

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

asset have expired, or - The Company has transferred its rights to receive cash flows from the asset and either (a) company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has transferred substantially all risks and rewards, the company derecognise the asset and, when it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement.

On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognised) and the sum of (i) the consideration received (including any new asset obtained less any new liability assumed) and (ii) any cumulative gain or loss that had been recognised in OCI, is recognised in profit or loss (except for equity instruments measured at FVOCI). For Equity Instruments at FVOCI, the realised amount of gain/(loss) on their disposal is then finally transferred from OCI to retained earnings.

B. Financial Liability:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of profit and loss.

d.) Impairment of financial assets

The Company applies the Ind AS 109 simplified approach to measure expected

credit losses (ECLs) for trade receivables at an amount equal to lifetime ECLs. The ECLs on trade receivables are calculated based on actual historic credit loss experience over the preceding three to five years on the total balance of non-credit impaired trade receivables. The Company considers a trade receivable to be credit impaired when one or more detrimental events have occurred, such as significant financial difficulty of the client or it becoming probable that the client will enter bankruptcy or other financial reorganization. When a trade receivable is credit impaired, it is written off against trade receivables and the amount of the loss is recognised in the income statement. Subsequent recoveries of amounts previously written off are credited to the income statement.

The Company recognizes impairment allowances using Expected Credit Losses ("ECL") method on all the financial assets that are not measured at FVTPL:

ECL are probability-weighted estimates of credit losses. They are measured as follows:

- Financial assets that are not credit impaired – as the present value of all cash shortfalls that are possible within 12 months after the reporting date.
- Financial assets with significant increase in credit risk – as the present value of all cash shortfalls that result from all possible default events over the expected life of the financial assets.
- Financial assets that are credit impaired – as the difference between the gross carrying amount and the present value of estimated cash flows.

Financial assets are written off / fully provided for when there is no realistic prospect of recovering a financial asset in its entirety or a portion thereof.

However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in the Statement of Profit and Loss.

Corporate Overview

Statutory Reports

Financial Statements

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

e.) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

f.) Securities for trade

The Company deals in Equity Shares which are held for the purpose of trading. Such Securities are valued at Fair value in accordance with IndAS 109 and such securities are classified at fair value through Profit and loss.

g.) Investment in Equity Shares and Mutual Fund

Company also invests in Securities like Equity shares and mutual funds other than held for trade or, held for strategic purpose. In respect of such for a strategic financial instruments, company decides to measure them, at the time of initial recognition, at FVTPL or FVTOCI based on management intention.

h.) Financial guarantee contracts

Financial guarantee contracts are those contracts that require a payment to be made to reimburse the holder for a loss it incurs, because the specified debtor fails to make a payment when due, in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation. No such liability has arisen on the company, till date.

i.) Hedging of Foreign Currency Risk

The company uses derivative financial instruments, such as Future Currency contracts to hedge its foreign currency risks. Such derivative instruments are measured at fair value. These derivatives are carried as financial assets when fair value is positive and as financial liabilities when fair value is negative. Any gains or losses arising from changes in the fair value of such derivatives are taken directly to profit & loss.

2.11 Fair Value Measurement:

The Company measures financial instruments such as derivatives and securities for trade at fair value at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date."

The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either: i) In the principal market for the asset or liability, or ii) In the absence of a principal market, in the most advantageous market for the asset or liability accessible to the Company

Fair value measurements are categorized under Level 1, Level 2 and Level 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entity. Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in Note 54.

2.12 Revenue Recognition

Revenue (other than for those items to which Ind AS 109 Financial Instruments are applicable) is measured at fair value of the consideration received or receivable. The Company recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115 - "Revenue from Contracts with Customers", to determine when to recognize revenue and at what amount. Revenue is measured based on the consideration specified in the contract with a customer. Revenue from contracts with customers is recognised when services are provided and it is highly probable that a significant reversal of revenue is not expected to occur.

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

Revenue is recognised when (or as) the Company satisfies a performance obligation by transferring a promised service or goods (i.e. an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

When (or as) a performance obligation is satisfied, the Company recognizes as revenue the amount of the transaction price (excluding estimates of variable consideration) that is allocated to that performance obligation. The Company applies the five-step approach for recognition of revenue:

- Identification of contract(s) with customers;
- Identification of the separate performance obligations in the contract;
- Determination of transaction price;
- Allocation of transaction price to the separate performance obligations; and
- Recognition of revenue when (or as) each performance obligation is satisfied.

(i) Brokerage income

It is recognised on trade date basis and is exclusive of Goods and Service Tax (GST), Securities Transaction Tax (STT) and Stamp Duty, wherever applicable.

(ii) Interest income

Interest income on financial assets at amortized cost is recognized on a time proportion basis.

(iii) Dividend income

Dividend income is recognized in the statement of profit or loss on the date that the Company's right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be reliably measured. This is generally when the Board of Directors/ shareholders approve the dividend.

(iv) Research Advisory income

Research and advisory income is accounted for on an accrual basis in accordance with the terms and tenure of the respective agreements entered into between the Company and the counter party.

(v) Market making fees (Incentive Income)

Incentives from exchange are recognized on point in time basis.

(vi) Portfolio management commission income

Portfolio management commissions are recognised on an accrual basis in accordance with the terms and tenure of the agreement entered with customers.

(vii) Proprietary Income (Income from trading in securities)

Ind AS115 is not applicable to this income and hence the revenue is recognised as per Ind AS 109 "Financial Instruments", as and when trade is executed.

(viii) Rental Income

Lease income from operating leases where the Company is a lessor is recognized in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

(ix) Revenue from Depository Operation

The income is recognized on accrual basis and as at the time when the right to receive is established by the reporting date.

(x) Other Income

Other Income have been recognized on an accrual basis in the Financial Statements, except when there is uncertainty of collection.

2.13 Income Taxes

The income tax expense comprises current and deferred tax incurred by the Company. Income tax expense is recognised in the income statement except to the extent that it relates to items recognised directly in equity or OCI, in which case the tax effect is recognised in equity or OCI. Income tax payable on profits is based on the applicable tax laws in each tax jurisdiction and is recognised as an expense in the period in which profit arises. Income taxes recognised in any year consists of following:

- Current Tax:** Current tax is the expected tax payable/receivable on the taxable income or

Corporate Overview

Statutory Reports

Financial Statements

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

loss for the period, using tax rates enacted for the reporting period and any adjustment to tax payable/receivable in respect of previous years. Current tax assets and liabilities are offset only if, the Company has a legally enforceable right to set off the recognised amounts; and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

- b.) Deferred Tax:** Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts for tax purposes. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised, for all deductible temporary differences, to the extent it is probable that future taxable profits will be available against which deductible temporary differences can be utilised. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized, such reductions are reversed when the probability of future taxable profits improves.

The tax effects of income tax losses, available for carry forward, are recognised as deferred tax assets when it is probable that future taxable profits will be available against which these losses can be set-off. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

2.14 Retirement and other employee benefits

(i) Short-term obligations

Short-term employee benefits comprise of employee costs such as salaries, bonus etc. and are recognized as an expense at the undiscounted amount in the Statement of Profit

and Loss for the year in which the related services are rendered. The Company recognises the costs of bonus payments when it has a present obligation to make such payments as a result of past events and a reliable estimate of the obligation can be made.

(ii) Post-employment obligations:

Post-employment benefit plans are classified into defined benefit plans and defined contribution plans as under:-

Defined contribution plan: Contribution made to the recognised provident fund, employees state insurance scheme etc. which are defined contribution plans, is charged to the Statement of Profit and Loss in the period in which they occur.

Defined benefits plan: The Company has unfunded gratuity as defined benefit plan where the amount that an employee will receive on separation/retirement is defined by reference to the employee's length of service and final salary. The defined benefit obligation is calculated at or near the Balance Sheet date by an independent actuary using the projected unit credit method. The liability recognised in the Balance Sheet in respect of gratuity is the present value of defined benefit obligation at the Balance Sheet date together with the adjustments for unrecognised actuarial gain or losses and the past service costs. The change in the liability between the reporting dates is charged in the Statement of profit and loss (except for the unrealised actuarial gains and losses). Actuarial gains and losses comprise experience adjustment and the effects of changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income.

An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each year end."

2.15 Share based payments:

Employees Stock Option Scheme (Equity-settled transactions): The Company grants share-based awards to eligible employees with a view to attract

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

and retain talent, align individual performance with the Company's objectives, and provide an incentive to continue contributing to the success of the Company. The Company has two Employee Stock Option Schemes viz. Share India Employees Stock Option Scheme, 2022 ("ESOP 2022") and Share India Employees Stock Option Scheme-II ("ESOP-II").

Employees (including senior executives) of the Company receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).

The grant-date fair value of equity-settled share-based payment arrangements granted to employees under the Employee Stock Option Scheme ('ESOS') is generally recognised as an employee stock option scheme expense, with a corresponding increase in equity, on a straight line basis over the vesting period of the awards. Such fair valuation is calculated using appropriate Valuation Model. The increase in equity is presented as "Equity-settled Share options outstanding Reserve", as separate component in equity.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Company's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. No expense is recognized for awards that do not ultimately vest because performance and/or service conditions have not been met. At the end of each period, the Company revises its estimates of the number of options that are expected to be vested based on the non-market performance conditions at the vesting date.

When the terms of an equity-settled awards are modified, the minimum expense recognised is the expense had the terms not been modified, if the original terms of the award are met. An additional expense is recognised for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification. The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

2.16 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

2.17 Provisions and contingencies:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the reporting date, taking into account the risks and uncertainties surrounding the obligation.

Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Expected future operating losses are not provided for.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent liabilities do not warrant provisions but are disclosed unless the possibility of outflow of resources is remote.

Contingent assets are neither recognised nor disclosed in the financial statements. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and its recognition is appropriate.

Corporate Overview

Statutory Reports

Financial Statements

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

2.18 Dividends

The Company recognises a liability to make cash distributions to its equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

2.19 Foreign currency transactions and translations

Initial recognition: Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions.

Conversion: Monetary assets and liabilities denominated in foreign currency, which are outstanding as at the reporting date, are translated at the reporting date at the closing exchange rate and the resultant exchange differences are recognised in the Statement of Profit and Loss. Non-monetary items that are measured at historical cost in a foreign currency are translated using the spot exchange rates as at the date of recognition

2.20 Earnings per share

a). Basic earnings per share

Basic earnings per share is calculated by dividing the net profit for the period (excluding other comprehensive income) attributable to equity share holders of the Company by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus element of right issue in equity shares issued during the year.

b). Diluted earnings per share

Diluted earnings per share is computed by dividing the net profit for the period attributable to equity shareholders by the weighted average number of shares outstanding during the period as adjusted for the effects of all diluted potential equity shares except where the results are anti-dilutive.

2.21 Statement of Cash Flows:

Statement of Cash Flows is prepared segregating the cash flows into operating, investing and financing activities. Cash flow from operating activities is reported using indirect method adjusting the net profit for the effects of:

- changes during the period in operating receivables and payables transactions of a non-cash nature
- non-cash items such as depreciation, provisions, deferred taxes and unrealised foreign currency gains and losses.

- all other items for which the cash effects are investing or financing cash flows.

2.22 Segment Reporting

The segment reporting is prepared in accordance with Ind AS-108, "Operating Segment" (specified under the section 133 of the Companies Act 2013 (the Act) read with Companies (Indian Accounting Standards) Rule 2015 (as amended from time to time) and other relevant provision of the Act).

The Company's business is to provide broking services, to its clients, in the capital markets in India and also to do proprietary trading in derivative and cash market. All other activities of the Company are ancillary to the main business.

The Chief Operating Decision Maker ('CODM') monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements.

The accounting principles consistently used in the preparation of the financial statements are also consistently applied to record income and expenditure of individual segments.

Revenue and expense in relation to segments are categorized based on items that can be individually identifiable to that segment on the basis of relationship to operating activities of the segment. Revenue and expenses which relate to enterprise as a whole and are not allocable to a segment on reasonable basis have been disclosed as "unallocable".

Segment assets and segment liabilities represent assets and liabilities in respective segments. Investments, tax related assets, borrowings and other assets and liabilities that can not be allocated to a segment on reasonable basis have been disclosed as "unallocable".

2.23 Write-offs

The Company reduces the gross carrying amount of a financial asset when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. This is generally the case when the Company determines that the client or borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

against such loans are credited to the statement of profit and loss.

2.24 Exceptional Items

The Company recognises exceptional items when items of income and expenses within Statement of Profit and Loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the enterprise for the period. Significant impact on the financial statements arising from impairment of investments in subsidiaries and associates, gain/ loss on disposal of subsidiaries and associates (other than major lines of business that meet the definition of a discontinued operation) are considered and reported as exceptional items.

2.25 Events after reporting date

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

2.26 Standards issued but not effective

Ministry of Corporate Affairs (MCA), vide notification dated 31st March, 2023, notified Companies (Indian Accounting standards) Amendment Rules, 2023 (the 'Rules') which amends certain accounting standards, and are effective from 1 April 2023 :

- a. **Ind AS 1 - Presentation of Financial Statements** Company needs to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information is material if, together with other information can reasonably be expected to influence decisions of primary users of general purpose financial statements.
- b. **Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors** Introduced a definition of 'accounting estimates' and to help entities distinguish changes in accounting policies from changes in accounting estimates. They are defined as "monetary amounts in financial statements that are subject to measurement uncertainty". Entities use measurement techniques and inputs to develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty.
- c. **Ind AS 12 - Income Taxes** It clarifies how companies account for deferred tax on transactions such as leases and decommissioning obligations. This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences.

The Company is in the process of evaluating the impact of these amendments.

(refer Note 2.3 to know more about its policy)

B. Fair value of Investment Property

- Fair Value of Leasehold Land as on 31st March, 2023 is ₹ 1,155.50 lacs and such fair value is based on the valuation by registered valuer.
- Sub-leasing of building taken on lease is the building taken on long-term lease by the company and which have been further rented out for period of less than 12 months. - Fair value was not measured as these are actually the effective portion of present value of lease rent of building taken on lease.

C. Measurement of fair values

i. Fair value hierarchy

The fair value of the above leasehold land has been determined by an external independent valuer registered under rule 2 of the Companies (Registered Valuers and Valuation) Rules, 2017. The fair value measurement for the property to be valued is residential plot which is the highest and best use, been categorised as a level 2 fair value based on the inputs to the valuation technique. These inputs include comparable sale instances for Market Approach.

ii. Valuation technique

For the purpose of valuation, the primary valuation methodology used is Market Approach, as the best evidence of fair value is current prices in an active market for similar properties. The market rate for sale/purchase of similar assets is representative of fair values. The property to be valued is at a location where active market is available for similar kind of properties.

D. Amounts recognised in profit or loss for investment property

Particulars	(₹ in Lacs)		
	As at 31 st March, 2023	As at 31 st March, 2022	As at 01 st April, 2021
Rental income derived from investment property	5.38	1.66	-
Direct operating expenses of investment property #	-	-	-
Income arising from investment properties before depreciation	5.38	1.66	-
Depreciation	(2.39)	(2.19)	-
Income arising from investment property (Net)	2.99	(0.53)	-

Statement of profit and loss has not been impacted on account of the rent expense paid on Investment property.

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

Nature & Purpose of Reserves:

Capital Reserve: Capital reserve represents reserves created pursuant to the business combination. It is the difference between value of net assets transferred to the Company in the course of business combinations and the consideration paid for such combinations.

Securities Premium: It represents the surplus of proceeds received over the face value of shares, at the time of issue of shares. It can be utilised only for limited purposes such as issuance of bonus shares, writing off the preliminary expenses in accordance with the provisions of the Companies Act, 2013.

General Reserve: Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. Consequent to the introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013.

Retained Earnings: These are the profits that the Company has earned till date, less any transfers to general reserve, dividends or other distributions paid to Shareholders

Equity-settled Share Options Outstanding Reserve: This reserve is created by debiting the statement of profit and loss account with value of share options granted to the employees. Once shares are issued by the Company, the amount in this reserve will be transferred to Share capital, Securities premium or retained earnings.

Other Comprehensive Income: This represents the cumulative gains and losses arising on the fair valuation of investments measured at fair value through other comprehensive income and present value of Defined benefit obligation.

Money received against Share Warrants: It represents the funds received by the company towards the issue of shares warrants against which the holders will be issued equity shares at the specified date upon the payment of full and final consideration.

Note 45 Employee benefits

Disclosure pursuant to Ind AS -19 "Employee benefits" is given as below:

(A) Defined Contribution Plans

The company recognised following amounts in the Statement of Profit and Loss:-

(₹ in Lacs)

Particulars	For the year ended	
	31 st March, 2023	31 st March, 2022
Towards Employer's Contribution to Provident Fund and Employee State Insurance	77.69	51.35

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

(B) Defined benefit plans

The Company offers its employees defined-benefit plans in the form of a gratuity scheme (a lump sum amount). Benefits under the defined benefit plans are typically based on years of service and the employee's compensation (last drawn basic salary immediately before retirement). The gratuity scheme covers substantially all regular employees. Such plan exposes the Company to actuarial risks such as: Interest rate risk, Liquidity Risk, Salary Escalation Risk, demographic risk and Regulatory Risk, defined as follows:

Interest Rate Risk:

The plan exposes the Company to the risk of falling interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability.

Liquidity Risk:

This is the risk that the Company may not be able to meet the short-term gratuity payouts. This may arise due to non availability of enough cash/cash equivalent to meet the liabilities or holding of liquid assets not being sold in time.

Demographic Risk:

The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.

Salary Escalation Risk:

The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have bearing on the plan's liability.

Regulatory Risk:

Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts (e.g. Increase in the maximum limit on gratuity of ₹20,00,000 etc.).

(i). The following tables set out the funded status of the gratuity benefit Scheme and the amounts recognized in the Company's financial statements :

(₹ in Lacs)

Particulars	For the year ended	
	31 st March, 2023	31 st March, 2022
Change in benefit obligations		
Benefit obligations at the beginning	115.38	97.85
Current Service Cost	89.39	21.11
Past Service Cost	-	-
Interest on defined benefit obligation	7.96	6.21
Actuarial loss / (gain)	202.64	(9.79)
Benefit Paid	(0.85)	-
Closing Defined Benefit Obligation (A)	414.52	115.38
Translation/ Forex impact (B)	-	-
Payable gratuity benefit (A-B)	414.52	115.38
Current Provision	18.17	5.15
Non-Current Provision	396.35	110.23

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

(ii). Amount recognised in the Statement of Profit and Loss:

(₹ in Lacs)

Particulars	For the year ended	
	31 st March, 2023	31 st March, 2022
Current Service Cost	89.39	21.11
Past Service Cost	-	-
Interest on net defined benefit obligations	7.96	6.21
Net Actuarial (Gain) / Loss recognised in the year	-	-
Total Included in "Employee Benefit Expense"	97.35	27.32

(iii). Amount recognised in the Other Comprehensive Income:

(₹ in Lacs)

Particulars	For the year ended	
	31 st March, 2023	31 st March, 2022
Actuarial (gains) / losses		
- change in demographic assumptions	(43.81)	-
- change in financial assumptions	159.06	(7.07)
- experience variance (i.e. Actual experience vs assumptions)	87.38	(2.72)
Components of defined benefit costs recognised in other comprehensive income	202.64	(9.79)

(iv). Principle actuarial assumption

(₹ in Lacs)

Particulars	For the year ended	
	31 st March, 2023	31 st March, 2022
Discount Rate (per annum)	7.40%	6.90%
Salary escalation (per annum)	12.00%	7.50%
Mortality rate	100% of IALM 2012-14	100% of IALM 2012-14

The discount rate indicated above reflects the estimated timing and currency of benefit payments. It is based on the yields/ rates available on applicable bonds as on the current valuation date.

The salary growth rate indicated above is the Company's best estimate of an increase in salary of the employees in future years, determined considering the general trend in inflation, seniority, promotions, past experience and other relevant factors such as demand and supply in the employment market, etc.

Mortality rate is a measure of the number of deaths (in general or due to specific cause) in a population, scaled to the size of that population, per unit of time.

(v). Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible changes in the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis are given below:

(₹ in Lacs)

Particulars	As at 31 st March, 2023	As at 31 st March, 2022
Defined Benefit Obligation (Base)	414.52	115.38

Notes to the Standalone Financial Statements

More than 10 years	1,003.08	194.89

Note 46 Employees Stock option Plan

The Company has in place following employee stock option plans, as approved by shareholders of the Company in compliance with Securities and Exchange Board of India (Share Based Employee Benefits and sweat equity) regulations, 2021:

- Share India Employees Stock Option Scheme, 2022:** In accordance with this scheme 6,00,000 Share options were approved for issue to the eligible employees, at an exercise price of ₹ 10 per share. As per the scheme, the company is obliged to settle them by issue of equal number of equity shares. Out of the above approved options, 1,25,000 options (net) were granted to the eligible employees with an vesting period of minimum 1 year and an exercise period of maximum 6 months.
- Share India Employees Stock Option Scheme - II, 2022:** In accordance with this scheme 1,00,000 Share options were approved for issue to the eligible employees, at an exercise price as may be determined by Nomination & Remuneration committee. As per the scheme, the company is obliged to settle them by issue of an equal number of equity shares. During the year, no stock options were granted to the eligible employees.

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

A. Details of options granted are as follows

Particulars	Share India Employees Stock Option Scheme, 2022	Share India Employees Stock option Scheme - II, 2022
Date of grant	04-04-2022	To be decided
Eligible employees	Specified employees	Employees of Share India Group
Method of settlement	Equity settled	Equity settled
Options Approved (Number)	6,00,000	1,00,000
No. of equity shares for each option	One option = One share	One option = One share
Vesting Period	1 year from the date of acceptance of grant of options	1 year to 5 years from the date of grant of options
Exercise Period	Upto 6 months from the last vesting date	Upto 1 year from the last vesting date
Options granted (Number)	1,25,000	Nil
Exercise Price (₹)	₹ 10.00	To be decided

B. The activity in ESOPs scheme during the year ended 31st March, 2023:

Particulars	Share India Employees Stock Option Scheme, 2022	Share India Employees Stock option Scheme - II, 2022
Options outstanding at the beginning of the year	Nil	Nil
Options granted during the year (net)	125,000	Nil
Options Forfeited during the year	-	Nil
Options vested and exercised during the year	-	Nil
Options lapsed during the year	-	Nil
Options outstanding at the end of the year	125,000	Nil
Options exercisable at the end of the year	Nil	Nil
Money realised by exercise of the options	Nil	Nil
Weighted Average Exercise Price (₹)	₹ 10.00	N.A.
Market price relevant for grant date (₹)	₹ 1,277.45	N.A.
Weighted average Fair value of the options (₹)	₹ 1,260.56	N.A.

C. Fair Value methodology and Assumptions - Share India Employees Stock Option Scheme, 2022

Fair value: The Company has adopted 'fair value method' using the Black-Scholes options pricing model for accounting employee share based compensation cost. Under the fair value method, fair value of options are expensed on straight-line basis over the vesting period as employee share based compensation cost.

Assumptions: Following assumptions used for calculation of fair value of grants in accordance with the Black-Scholes options pricing model:-

Weighted average remaining contractual life (years)	0.51 years
Expected volatility	50.00%
Risk Free interest rate	4.85%
Expected dividend yield	0.47%

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

Stock Market Price: As the Company is listed on a Stock Exchange thus, the historical share price for the relevant period is readily available. The fair value of the underlying stock based on the latest available closing Market Price on NSE has been considered for valuing the grant.

Expected Volatility: Volatility is a measure of the amount by which a price has fluctuated or is expected to fluctuate during the period. The measure of volatility used in the Black Scholes option-pricing model is the annualized standard deviation of the continuously compounded rates of return on the stock over a period of time. The period to be considered for volatility has to be adequate to represent a consistent trend in the price movements. It is also important that movement due to abnormal events get evened out. The expected volatility for the options issued by the company has been determined after observing the Company's historical volatility.

Risk-free rate of return: This is based on the yields on government bonds of term equivalent to the expected life of the option as on the date of grant.

Exercise Price: It is the price at which a specific derivative contract can be exercised. The exercise price has been taken based on a sample ESOP Contract signed with an employee. The exercise price for each grant has been provided and confirmed by the Company.

Weighted average remaining contractual life: Time to Maturity / Expected Life of Options is the period for which the Company expects the Options to be alive. The minimum life of a stock option is the minimum period before which the Options cannot be exercised and the maximum life is the period after which the Options cannot be exercised. The expected life of the option has been taken based on the inputs on expected exercise year provided by the Company.

Expected dividend yield: The Company has historically paid dividends and has a dividend payment policy in place. It should be noted that the dividend yield has been derived by dividing the dividend per share by the market price per share as on the date of grant.

Expenses arising from share based payments transactions:-

Particulars	(₹ in Lacs)	
	As at 31 st March, 2023	As at 31 st March, 2022

Total financial liabilities	2,019.27	-	79,917.35	81,936.62	2,019.27	-	-	2,019.27

The Company has measured its equity investments in subsidiary companies and Associates, at Cost as per IndAS 27 'Separate Financial Statements'.

Level 1: The fair value of financial instruments traded in active markets (such as publicly traded derivatives, and equity securities) is based on quoted market prices at the end of the reporting period. These instruments are included in level 1.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(ii). Valuation techniques used to determine fair value

Specific valuation techniques used to value financial instruments include :

- Quoted equity investments - Quoted closing price on stock exchange
- Mutual fund - Net asset value of the scheme
- Unquoted equity investments - Net assets value based on latest audited financials

(iii). Financial instruments not measured at fair value

Financial assets not measured at fair value include cash and cash equivalents, trade receivables, loans, deposits and other receivables. These are financial assets whose carrying amounts approximate fair value largely due to their short term nature. Additionally, financial liabilities such as trade payables, borrowings and Lease liabilities are not measured at fair value, whose carrying amounts approximate fair value largely due to the nature of these liabilities.

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

Note 55 Financial risk management

Company has operations in India. Whilst risk is inherent in the Company's activities, it is managed through an integrated risk management framework, including ongoing identification, measurement and monitoring, subject to risk limits and other controls. This process of risk management is critical to the Company's continuing profitability and each individual within the Company is accountable for the risk exposures relating to his or her responsibilities. The Company is exposed to credit risk, liquidity risk and market risk. It is also subject to various operating and business risks.

A. Market Risk:

Market risk is the risk that the fair value or future Cash flows of a financial instrument will fluctuate because of changes in market prices. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

(i) Foreign Currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The company's exposure to currency risk arises primarily on account of its proprietary positions. However, company at all times hedges the risk arising out of foreign currency exposure. Company's exposure to foreign currency risk at the end of reporting period is shown in Note 51.

The below sensitivity depicts a scenario where a severe movement in foreign exchange rates, where everything else remaining constant, would result in following impact:

Particulars	Currency	Impact on statement of profit and loss (post tax) at 5% movement	
		For year ended 31 st March, 2023	For year ended 31 st March, 2022
		(₹ in Lacs)	
Effect of 5% upward movement	USD	(31.43)	(23.48)
Effect of 5% downward movement	USD	31.43	23.48

(ii) Interest rate risk

The Company is exposed to Interest risk if the fair value or future cash flows of its financial instruments will fluctuate as a result of changes in market interest rates. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates.

The Company's interest rate risk arises from interest bearing deposits with banks. Such instruments expose the Company to fair value interest rate risk. Management believes that the interest rate risk attached to these financial assets are not significant due to the nature of these financial assets.

(iii) Market price risks

The Company is exposed to market price risk, which arises from FVTPL and FVOCI investments and Securities held for trade. The management monitors the proportion of these investments in its investment and holding portfolio based on market indices. Material investments and securities within the portfolio are managed on an individual basis and all buy and sell decisions are approved by the appropriate authority.

The below sensitivity depicts a scenario where a severe movement in equity prices, with everything else remaining constant, would result in following impact:-

Particulars	Impact on statement of profit and loss (post tax) at 5% movement	
	For year ended 31 st March, 2023	For year ended 31 st March, 2022
	(₹ in Lacs)	
on Securities held for trade:		
Effect of 5% upward movement	149.78	105.27
Effect of 5% downward movement	(149.78)	(105.27)

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

(₹ in Lacs)

Particulars	Impact on Other comprehensive Income (post tax) at 5% movement	
	For year ended 31 st March, 2023	For year ended 31 st March, 2022
on Investments in Mutual Fund and Shares - at FVOCI:		
Effect of 5% upward movement	20.17	22.42
Effect of 5% downward movement	(20.17)	(22.42)

B. Liquidity Risk:

Liquidity risk is the risk that the entity will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The entity's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the entity's reputation.

Prudent liquidity risk management requires sufficient cash and marketable securities and availability of funds through adequate committed credit facilities to meet obligations when due and to close out market positions.

The Company has a view of maintaining liquidity with minimal risks while making investments. The Company invests its surplus funds in short term liquid assets in bank deposits and liquid mutual funds. The Company monitors its cash and bank balances periodically in view of its short term obligations associated with its financial liabilities.

The table below summarises the maturity profile of the Company's financial liabilities based on the **contractual undiscounted payments**.

(₹ in Lacs)

Particulars	Total	On Demand /less than 3 months	Payable within 3 to 12 months	Payable more than 1 year and less than 5 years	Payable more than 5 years

Other financial liabilities	7,099.38	7035.70	63.67	-	-

Notes to the Standalone Financial Statements

for the year ended March 31, 2023

C. Credit Risk:

Credit risk is the risk that the Company will incur a loss because its customers or counterparties fail to discharge their contractual obligation. The Company manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties, and by monitoring exposures in relation to such limits.

The maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented in the financial statements. The Company's major classes of financial assets are cash and cash equivalents, loans, investments, term deposits, trade receivables and security deposits.

Deposits with banks are considered to have negligible risk or nil risk, as they are maintained with high rated banks / financial institutions as approved by the Board of Directors.

Note 56 Capital Management

The company's objectives when managing capital are to

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital.

The Company determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through equity, operating cash flows generated and short term debt. The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. In addition to above the Company is required to maintain a minimum networth as prescribed from time to time by the Securities and Exchange Board of India (Stock brokers and sub-brokers) Regulations, 1992. The management ensures that this is complied at all times.

Note 57 Maturity Analysis

Independent Auditor's Report

To The Members of
SHARE INDIA SECURITIES LIMITED

Report on the Audit of the Consolidated Financial Statements

OPINION

We have audited the accompanying consolidated financial statements of **SHARE INDIA SECURITIES LIMITED** (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as the "Group") and its Associates, as listed in Annexure 1, which comprise the Consolidated Balance Sheet as at 31st March, 2023, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditors on separate financial statements of the subsidiaries referred to in the Other Matters section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS"), and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March 2023, and their consolidated profit, their consolidated total comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the Consolidated financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs).

Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and other auditors in terms of their reports referred to in the sub- paragraphs (a) of the other Matters section below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

KEY AUDIT MATTERS

Key audit matters ("KAM") are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Ind AS financial statements for the financial year ended March 31, 2023. These matters were addressed in the context of our audit of the Consolidated Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the Consolidated Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Consolidated Ind AS financial statements. The results of audit procedures performed by us and by other auditors of components not audited by us, as reported by them in their audit reports furnished to us by the management, including those procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Consolidated Ind AS financial statements.

Key audit matters	How our audit addressed the key audit matter
Revenue Recognition	
Holding Company has multiple income generating operations but majority of which have their origin from the Share Trading activities at Stock Exchange and Brokerage.	<ul style="list-style-type: none"> Major revenue generating activities were Brokerage and the holding company's own Pro trading activities. Hence our prime focus was over the Brokerage Income and Pro trading activities since the management is involved themselves in such operations. Own Pro Trading involves intraday, Cash Segment and Future & Option transaction. (Derivative) <p>We have applied the following audit procedure in this regard.</p> <ol style="list-style-type: none"> Obtained an understanding of management key control over recording of derivative transactions. Tested the accuracy and completeness of derivative transactions. Obtained details of various financial derivative contracts outstanding for settlement as on 31/03/2023, verification of underlying assumption in estimating the fair valuation arrived at for those financial derivative contracts. <ul style="list-style-type: none"> Accordingly, in our audit process we focused over the internal control set up by the management and had to check the policies set up by the management for charging the commission from the clients. To test whether the commission rates used to calculate commission revenue were consistent with the underlying agreements & evaluating the effect on the financial statements of recognizing commission revenue on trade date rather than on a settlement date basis. Once the brokerage percentage is set, then until the management decides to alter the percentage after negotiating with the client, brokerage will be charged uniformly through automated processes placed through the software. Therefore, we checked the automated procedure in the software and similarly tested the system generated reports. Share India Securities Ltd likewise other stock broker companies provide the facilities of margin to the client depending upon the value of securities/funds the client provides to the company. Therefore to test the risk that the company undertakes while providing margin facility to the clients, we tested the value of securities of the clients and focused on the VAR amount prescribed by the Exchange. To test how Share India Securities Limited generates & record revenue transaction throughout the transaction life cycle & to ensure completeness of transactions.

Corporate Overview

Statutory Reports

Financial Statements

INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITORS REPORT THEREON

The Holding Company's Board of Directors is responsible for other information. The other Information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Chairman's Statement and Shareholder's Information, but does not include the Consolidated financial statements and our auditor's report thereon. The Board's Report including Annexure to Board's Report, Chairman's Statement and Shareholder's Information is expected to be made available to us after the date of this auditor's report.

Our Opinion on the consolidated financial statements does not cover the other Information and we do not express any form of assurance/conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial statements of the subsidiaries audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiaries, is traced from their financial statements audited by other auditors.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group and of its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate

internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Board of Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates are responsible for assessing the ability of the Group and of its associates to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate or cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates are also responsible for over seeing the financial reporting process of the Group and of its associates.

AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)

(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Holding company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities or business activities included in the consolidated financial statements of which we are the independent auditors. For the other entities or business activities included in the consolidated financial statements, which have been audited by the other auditors, such auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and

(ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTERS

- The consolidated financial results include the audited financial results of 9 (Nine) subsidiaries, whose financial results and financial information reflect Group's share of total assets of ₹ 38,922.62 lacs as at 31st March, 2023 and Group's share of total revenue of ₹ 26,717.50 lacs for period from 01st April, 2022 to 31st March, 2023 and Group's share of total net profit/(loss) after tax of ₹ 9,653.07 lacs for period from 01st April, 2022 to 31st March, 2023 and Group's share of total comprehensive income/(loss) of ₹9,683.36 lacs and Group's share of cash flows (net) of ₹ 6,513.64 lacs for the year ended on that date, as considered in the consolidated financial results, which have been audited by their respective independent auditors. The independent auditor's reports on the financial statements of these entities have been furnished to us and our opinion on the consolidated financial results, in so far as it relates to the amounts and disclosures included in respect of these entities, is based solely on the report of such auditors and the procedures performed by us are as stated in paragraph above.
- The consolidated financial results also include the unaudited financial results of 1 (One) associate, whose

Corporate Overview

Statutory Reports

Financial Statements

financial results and financial information reflect Group's share of total revenue of ₹ 5.89 lacs and Group's share of total net profit/loss after tax of ₹(1.38) lacs for the period from 01st April, 2022 to 19th December, 2022, as considered in the consolidated financial results, These unaudited financial results and financial information have been furnished to us by the Board of Directors and our opinion on the consolidated financial results, in so far as it relates to the amounts and disclosures included in respect of this associate is based solely on such unaudited financial results and financial information. In our opinion and according to the information and explanations given to us by the Board of Directors, these financial results and financial information are not material to the Group.

- (c) The consolidated financial results include the unaudited financial results of 1(One) subsidiary, whose financial results and financial information reflect Group's share of total assets of ₹ 734.20 lacs as at 31st March, 2023 and Group's share of total revenue of ₹ 351.95 lacs and Group's share of total net profit/(loss) after tax of ₹ 213.61 lacs for period from 01st April, 2022 to 31st March, 2023 and Group's share of total comprehensive income/(loss) of ₹ 237.36. lacs, and Group's share of cash flows (net) of ₹ 23.38 lacs for the year ended on that date, as considered in the consolidated financial results. These unaudited financial results and financial information have been furnished to us by the Board of Directors and our opinion on the consolidated financial results, in so far as it relates to the amounts and disclosures included in respect of this subsidiary is based solely on such unaudited financial results and financial information. In our opinion and according to the information and explanations given to us by the Board of Directors, these financial results and financial information are not material to the Group.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by section 197(16) of the Act, we report that the Holding Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act.
2. As required by Section 143(3) of the Act, based on our audit we report, to the extent applicable that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements.

- b) In our opinion, proper books of accounts as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books, returns and the reports of the other auditors.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Changes in equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2023 taken on record by the Board of Directors of the Holding Company and subsidiary companies Incorporated in India, none of the directors of the Group companies and its associate company incorporated in India is disqualified as on 31st March, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate report in "Annexure A" which is based on the auditors' reports of the Holding Company and subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Group and its associates, as detailed in note 44 to the consolidated financial statements, has disclosed the impact of pending litigations on its financial position as at 31st March 2023.

- ii. The Group and its associates does not have any long-term contracts, but has made requisite provision for derivative contracts under the applicable law or accounting standards for any foreseeable losses, if any.
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company, its subsidiary companies and its associate company incorporated in India.
- iv. (a) The respective Managements of the Holding Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the holding company or any of such subsidiaries to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (b) The respective Managements of the Holding Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Holding Company or any of such subsidiaries from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us on the Holding Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. a. The final dividend proposed for the previous year, declared and paid by the Holding Company during the year is in accordance with Section 123 of the Act, as applicable.
- b. The interim dividend declared and paid by the Holding Company and one subsidiary during the year and until the date of this report is in compliance with Section 123 of the Act.
- c. As stated in Note 24(e) to the consolidated financial statements, the Board of Directors of the Holding Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.
- vi. As proviso to Rule 3(1) of the companies (Accounts) Rule 2014 for maintaining books of accounts using accounting software which has a feature of recording audit trail (edit log) facilities is applicable to the holding company and its subsidiaries incorporated in India with effect from April 1, 2023 & accordingly, reporting under Rule 11(g) of companies (Audit & Auditor's) Rule 2014 is not applicable for the financial year ended 31st March 2023.

3. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based

on the CARO reports issued by us for the Holding Company and its subsidiaries and associates included in the consolidated financial statements of the Holding Company, to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in these CARO reports

Corporate Overview

Statutory Reports

**Financial Statements**

Annexure-A to the Independent Auditor's Report of Even Date on the Consolidated Financial Statements of SHARE INDIA SECURITIES LIMITED

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

To The Members of

SHARE INDIA SECURITIES LIMITED

In conjunction with our audit of the Consolidated Financial Statements of **SHARE INDIA SECURITIES LIMITED** ('the Holding Company') and its subsidiaries (Holding Company and its subsidiaries together referred to as the "Group") and its associates, as at and for the year ended March 31, 2023, we have audited the internal financial controls over financial reporting of Holding Company and its subsidiaries, its associates, which are companies covered under the Act, as at that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The respective Board of Directors of the Holding Company, its subsidiary companies and its associate company, which are companies covered under the Act, are responsible for establishing and maintaining internal financial controls based on the internal financial controls over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the internal financial controls with reference to the financial statements of the Holding Company, its subsidiary companies, and its associate company as aforesaid, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls,

both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements of the Holding Company, its subsidiary company, and its associates as aforesaid.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**INHERENT LIMITATIONS OF INTERNAL
FINANCIAL CONTROLS OVER FINANCIAL
REPORTING**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Place: New Delhi
Date: 19-05-2023

OPINION

In our opinion, the Holding Company, its subsidiary companies and its associate company have, in all material aspects, an adequate internal financial controls system over financial reporting with reference to these consolidated financial statements and such financial controls over financial reporting were operating effectively as at 31st March, 2023, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

Note 1 Corporate Information

Share India Securities Limited (SISL) ('the Company' or "the Holding Company"), was incorporated on July 12, 1994 as a Company under the Companies Act, 1956. The Company has registered office at Gujarat, India. The Company is listed on the BSE Limited and National Stock Exchange of India Limited (Recognised Stock Exchanges in India).

The Company is engaged in the business of share and Stock Broking, Commodity Derivatives Broking, Equity Derivatives Broking, Currency Derivatives Broking, Portfolio Management, Research Analysis, Mutual Funds Distribution, and to invest, buy, sell or otherwise deal in all kind of securities and other related activities. Further, the company also provides Investment Advisory services. It also facilitates to trade on its online technology platform, which encompasses various algo-based strategies to choose and execute, through its web based trading terminal, mobile application and its trade unit.

The Company is a Trading and Clearing Member of BSE Ltd., National Stock Exchange of India Ltd (NSE); and Commodity Derivatives Exchange, viz. Multi Commodity Exchange of India Ltd (MCX), National Commodity & Derivative Exchange of India Limited (NCDEX) and Indian Commodity Exchange Limited (ICEX). The Company is also providing De-mat Services as a Depository Participant of Central Depository Services (India) Ltd (CDSL) and is also registered as Portfolio manager with Securities and Exchange Board of India (SEBI). It is also registered with SEBI in capacity of Research Analyst.

The Group provides Merchant banking services through its wholly owned subsidiary- Share India Capital Services Private Limited; NBFC services through another wholly owned subsidiary- Share India Fincap Private Limited. The Group has promoted two wholly owned subsidiaries- Share India Securities (IFSC) Private Limited and Total Securities (IFSC) Private Limited, in the Country's first International Financial services Centre- Gujarat International Finance Tec-City (GIFT City), Gandhi Nagar. The Group has also promoted a wholly owned subsidiary- Share India Insurance Brokers Private Limited for providing insurance broking Services. The group has also promoted an overseas wholly owned subsidiary - Share India Global Pte. Ltd. (singapore based company) which is into the business of trading of Shares/Derivatives and, also, Share India Smile Foundation, a section 8 company for CSR Activities. The group also, has a wholly owned subsidiary - Share India Algoplus Private Limited (formerly Total Commodities (India) Pvt. Ltd.) which is engaged in the business of trading of Shares/Derivatives and also engaged in share/stock broking. Also, the group has promoted 2 soft-tech companies named Utrade Solutions Private Limited and Algowire Trading Technologies Private Limited, which are engaged in the software development business.

The consolidated financial statements comprise the financial statements of the Holding Company, its subsidiaries and associates collectively hereinafter referred to as the 'Group'. Information on the Group's structure is provided in Note 60.

Note 2 Significant Accounting policies

The principal accounting policies applied in the preparation of these Consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Statement of compliances and basis of preparation and presentation

a.) Statement of compliance

These consolidated financial statements ('financial statements') of the Company have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs ('MCA') under section 133 of the Companies Act, 2013 ('Act') read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other relevant provisions of the Act. The Group has uniformly applied the accounting policies during the periods presented in these financial statements.

b.) Basis of presentation

The Holding Company is covered in the definition of non-banking financial company as defined in Companies (Indian Accounting Standards) (Amendment) Rules, 2016. The group presents the Balance Sheet, the Statement of Profit and Loss and the statement of Changes in Equity in the order of liquidity as per the format prescribed under Division III of Schedule III to the Companies Act, 2013.

The format and figures in the statement of profit and loss and balance sheet of the previous period in the financial statements have been accordingly restated and reclassified to confirm to the new format. There is no impact on Equity or Net Profit due to these regrouping / reclassifications.

These financial statements were approved for issue by the Board of Directors on May 19, 2023.

c.) Basis of measurement

The consolidated financial statements have been prepared on going concern basis, in accordance with accounting principles generally accepted in India, as the Management is satisfied that the group shall be able to continue its business for

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

the foreseeable future and no material uncertainty exists that may cast significant doubt on the going concern assumption. Further, these financial statements have been prepared on accrual and historical cost basis, except for the following:

- Certain Financial instruments are measured at fair value (*refer accounting policy regarding Financial Instruments and fair value measurement*);
- Securities held for trading;
- Share based payments (*refer note 2.16*)
- Derivative Financial Instruments; and
- Defined benefit plans as per actuarial valuation.

d.) Functional and presentation currency

The consolidated financial statements are presented in Indian Rupees which is also the functional currency of the Company and all amount in these financial statements are presented in ₹ Lacs, unless otherwise stated. Certain amounts that are required to be disclosed and do not appear due to rounding-off are expressed as 0.00.

e.) Use of estimates and judgments

The preparation of consolidated financial statements in conformity with Ind AS requires management to make estimates, judgments, and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities (including contingent liabilities) and disclosures as of the date of these financial statements and the reported amounts of revenue and expenses for the reporting period. Actual results could differ from these estimates. Accounting estimates and underlying assumptions are reviewed on an ongoing basis and could change from period to period. Appropriate changes in estimates are recognized in the period in which the group becomes aware of the changes in circumstances surrounding the estimates. Any revisions to accounting estimates are recognized prospectively in the period in which the estimate is revised and future periods.

Information about each of these estimates and judgments is included in the relevant notes together with information about the basis of calculation for each affected line item in the financial statements. The areas involving estimates for judgments are:

- (i) Estimation of defined benefit obligations

- (ii) Recognition of deferred tax assets, estimation of current tax expense and current tax payable
- (iii) Estimation of provisions and contingencies
- (iv) Fair value of employee share options
- (v) Fair value of financial instruments including unlisted equity instruments
- (vi) Impairment of financial instruments
- (vii) Determination of useful life of Property, Plant and Equipments, & Investment property and method of depreciation
- (viii) Determination of useful life of Intangible asset and method of depreciation
- (ix) Effective interest rate
- (x) Evaluation of lease, lease term and discount rates
- (xi) Recognition criteria of Intangible assets under development

2.2 Principles of consolidation

The consolidated financial statements have been prepared on the following basis :-

- Subsidiaries

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries; subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. The Group reassess whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the elements of control listed above. Subsidiaries are fully consolidated from the date on which control is transferred to the Group and they are deconsolidated from the date that control ceases.

The Group combines the financial statements of the Holding Company and its subsidiaries line by line adding together like items of assets, liabilities, equity, income, expenses and cash flows. Intercompany transactions, balances and unrealized gains on transactions within the Group are eliminated. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset.

Corporate Overview

Statutory Reports

Financial Statements

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

Where the group does not control the complete interest in a subsidiary, then the portion of equity in that subsidiary which is not attributable, directly or indirectly, to a parent, is transferred to "Non-controlling Interests". Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit or loss, consolidated statement of changes in equity and balance sheet respectively. Statement of Profit and Loss including Other Comprehensive Income (OCI) is attributable to the equity holders of the Holding Company and to the non-controlling interest on the basis of the respective ownership interest and such balance is attributed even if this results in controlling interest is having a deficit balance.

- Associates

Associates are all entities over which the Group has the power to exercise a significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control of those policies. This is generally the case where the Group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting, after initially being recognized at cost.

- Equity method

Under equity method of accounting, the investments are initially recorded at cost and adjusted thereafter to recognise the Group's share of post-acquisition profit and loss, and the Group's share of other comprehensive income. Dividends received or receivable from associates are recognized as a reduction in the carrying amount of the investment. Goodwill relating to associate is included in the carrying value of the investments and is not tested for impairment separately.

At each reporting date, the Group determines whether there is objective evidence that the investment in the associate is impaired. If there is such evidence, the carrying amount is tested for impairment by comparing its recoverable amount (higher of value in use and fair value less costs to sell) with its carrying amount and impairment, if any, is recognised as 'Share of profit/(loss) in Associates' in the consolidated statement of profit and loss.

Unrealized gains on transactions between the Group and its associates are eliminated to the

extent of the Group's interest in these entities. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

When the Investment in associate ceases due to disposal, the gain or loss on such disposal is recognised in the statement of profit and loss.

- Changes in ownership interests

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group and therefore do not have any impact on goodwill. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognized within equity.

When the Group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is re-measured to its fair value with the change in carrying amount recognized in profit or loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognized in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognized in other comprehensive income are reclassified to profit or loss.

If the ownership interest in an associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognized in other comprehensive income are reclassified to profit or loss where appropriate.

2.3 Business Combinations

The Group applies the acquisition method to account for business combinations. Acquisition related costs are recognised in consolidated statement of profit and loss as incurred. The acquiree's identifiable assets, liabilities

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

and contingent liabilities that meet the condition for recognition are recognised at their fair values at the acquisition date.

The excess of the fair value of consideration over the identifiable net asset acquired is recorded as goodwill, and if the consideration is lower, the gain is recognised directly in equity as capital reserve. In case, business acquisition is classified as bargain purchase, the aforementioned gain is recognised in the other comprehensive income and accumulated in equity as capital reserve. The Group recognises any non-controlling interest in the acquired entity at fair value.

Business combinations involving entities or businesses under common control are accounted for using the pooling of interest method. Under pooling of interest method, the assets and liabilities of the combining entities are reflected at their carrying amounts, with adjustments only to harmonise accounting policies.

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date; any gains or losses arising from such re-measurement are recognised in profit or loss or other comprehensive income, as appropriate.

If the initial accounting for a business combination can be determined only provisionally by the end of the first reporting period, the business combination is accounted for using provisional amounts. Adjustments to provisional amounts, and the recognition of newly identified asset and liabilities, must be made within the 'measurement period' where they reflect new information obtained about facts and circumstances that were in existence at the acquisition date. The measurement period cannot exceed one year from the acquisition date and no adjustments are permitted after one year except to correct an error.

Any contingent consideration to be transferred by the Group is recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration that is deemed to be an asset or liability is recognised in the statement of profit and loss. Contingent consideration that is classified as equity is not re-measured, and its subsequent settlement is accounted for within equity.

2.4 Property, plant and equipment

Initial And Subsequent Recognition: Land is carried at historical cost. All other Property, plant and equipment are stated at cost of acquisition less

accumulated depreciation. Cost includes expenditure that is directly attributable to the acquisition and installation of the assets. The cost of an item of PPE is recognised as an asset, if, and only if, it is probable that the economic benefits associated with the item will flow to the group in future periods, and the cost of the item can be measured reliably. Expenditure incurred after the PPE have been put into operations, such as repair and maintenance expenses, are charged to the Statement of Profit and Loss, during the period in which they are incurred.

Where cost of a part of an asset (asset component) is significant to total cost of the asset and useful life of that part is different from the useful life of the remaining asset, useful life of that significant part is determined separately, and such asset component is depreciated over its separate useful life.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-financial assets and PPE which are not ready for intended use as on the date of Balance sheet are disclosed as Capital work-in-progress.

Income and expenses related to the incidental operations, not necessary to bring the item to the location and condition necessary for it to be capable of operating in the manner intended by management, are recognized in Statement of profit and loss. Gains or losses arising on retirement or disposal of property, plant and equipment are recognised in the Statement of Profit and Loss.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the year in which they are incurred.

Depreciation methods, estimated useful lives and residual value: Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life. The entity selects the method that most closely reflects the expected pattern of consumption of the future economic benefits embodied in the asset.

Corporate Overview

Statutory Reports

Financial Statements

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

Depreciation is calculated using the diminishing balance method to allocate their cost, net of their residual values, over their estimated useful life prescribed under Schedule II to the Companies Act, 2013. However, one company under the group follows Straight line method. The group provides pro-rata depreciation from the date of installation / asset is ready for use till date the assets are sold or disposed. Leasehold improvements are amortised over the term of underlying lease.

The residual values, estimated useful lives and methods of depreciation of property, plant and equipment are reviewed at the end of each financial year and changes if any, are accounted for on a prospective basis. During the year, the group has changed the useful lives of some of its tangible assets based on the best estimates of its effective consumption and their economic benefits. Such change has been properly accounted for on prospective basis.

Estimated useful lives of items of Property, Plant and Equipments are as follows:-

Assets	Useful life
Building	60 years
Computer	3-4 Years
Server	6 Years
Motor Car	8 Years
Motor Bike	8-10 Years
Electrical Equipment	10 Years
Furniture, Fittings & Fixtures	10 Years
Office Equipment	5-10 Years
Plant & Machinery	15 Years

Derecognition: The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains and losses on disposals are determined by comparing proceeds with carrying amount and are recognized in the statement of profit and loss when the asset is derecognized.

2.5 Investment Property

Investment property is property (land or building) held (by the owner or by the lessee under a finance lease) to earn rentals or for capital appreciation (including property under construction for such purposes) or both, rather than for use in the production or supply of goods or services or for administrative purposes or sale in the ordinary course of business.

The group's investment property consists of leasehold residential land and those portion of building taken on lease (right-of-use asset) which have been rented out for period of less than 12 months.

Initial and Subsequent Measurement: Investment properties are measured initially at their cost of acquisition. The cost comprises purchase price, borrowing cost (if capitalization criteria are met) and directly attributable cost of bringing the asset to its working condition for the intended use. Investment properties are subsequently measured at cost less accumulated depreciation and impairment losses.

Derecognition: The carrying amount of an item of property is derecognised on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an item of property is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognised in the statement of profit and loss when the item is derecognised.

Depreciation and Useful life: Depreciation on investment property (excluding the leasehold land) is calculated using the straight-line method to their residual values, over the useful life or primary lease period whichever is less.

Though the group measures investment property, using cost-based measurement, the fair value of investment property is disclosed in *Note 15(a)*. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer.

2.6 Leases

The group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

a. Measurement and recognition of leases as a Lessee:

The group has adopted Ind AS 116 "Leases" using the cumulative catch-up approach. Group has recognized Right-of-use assets as at 1st April, 2021 for leases previously classified as operating leases and measured at an amount equal to lease liability (adjusted for related prepayments/ accruals).

Initial & Subsequent Measurement: The lease liability is initially measured at amortised cost at the present value of the future lease payments.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. Lease liabilities are subsequently measured with a corresponding adjustment to the related right-of-use asset if the group changes its assessment on exercise of an extension or a termination option.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. Subsequently, these are measured at cost less accumulated depreciation and impairment losses, if any.

Amortisation and Impairment: The group depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The group also assesses the right-of-use asset for impairment when such indicators exist.

Lease Liability and Right-of-Use Asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows. The group has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognising a right-of-use asset and lease liability, the payments in relation to these are recognized as an expense in Statement of profit and loss on a systematic basis of lease payment over the lease term.

b. Measurement and recognition of leases as a Lessor:

As a lessor, the group identifies leases as operating and finance lease. A lease is classified as a finance lease if the group transfers substantially all the risks and rewards incidental to ownership of an underlying asset.

For Finance leases- amounts due from lessees are recorded as receivables at the group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

For Operating leases - Rental income is recognised on a straight-line basis over the term of the relevant lease.

2.7 Intangible assets (including asset under development)

Measurement at recognition: Intangible assets are recognized where it is probable that the future economic benefit attributable to the assets will flow to the group and its cost can be reliably measured. Intangible assets acquired separately are measured on initial recognition at cost. Intangible assets arising on acquisition of business are measured at fair value as at date of acquisition.

To Assess whether an internally generated intangible assets meets the recognition criteria, the expenditure on generation of an asset is classified into research phase and development phase. Expenses incurred during research phase are not capitalized and are recognized in the Statement of Profit and Loss in the period in which the expenditures are incurred. Expenditure on the development of intangible assets, eligible for capitalisation, are carried as Intangible assets under development where such assets are not yet ready for their intended use.

Expenditure during the development phase is recognized as an Intangible Asset under development on fulfilment of following conditions:

- It is technically feasible to complete the intangible asset so that it will be available for use;
- Management intends to complete the intangible asset and use or sell it;
- There is an ability to use or sell the intangible asset;
- It can be demonstrated how the asset will generate probable future economic benefits;
- Adequate resources to complete the development to use the asset are available;
- The expenditure attributable to the asset during its development can be reliably measured.

Following initial recognition, intangible assets with finite useful life are carried at cost less accumulated amortization and accumulated impairment loss, if any. Intangible assets with indefinite useful lives,

Corporate Overview

Statutory Reports

Financial Statements

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

that are acquired separately, are carried at cost/fair value at the date of acquisition less accumulated impairment loss, if any.

Amortisation: It is the systematic allocation of the depreciable amount of an asset over its useful life. Intangible Assets with finite lives are amortised on a diminishing basis over the estimated useful economic life. The amortization expense on intangible assets with finite lives is recognized in the statement of profit and loss. The amortisation period and the amortisation method for an intangible asset with finite useful life is reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate.

Method of depreciation has been prospectively changed from "Straight line basis" in previous year to "Diminishing balance method" during the current year. As the entity consider the diminishing balance method to closely reflects the pattern of consumption of future economic benefits associated with asset. However, three companies under the group applies straight line method of depreciation.

Estimated useful lives of items of Intangible Assets are as follows:-

Assets	Useful life
Computer Software	3 - 5 years
Other intangibles (Patent, Trademark, Licence Fees)	5 - 10 years

Derecognition: The carrying amount of an intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains and losses on disposals are determined by comparing proceeds with carrying amount and are recognized in the statement of profit and loss when the asset is derecognized.

2.8 Impairment of non-financial assets

At each reporting date, the group assesses whether there is any indication based on internal / external factors, that an asset may be impaired. If any such indication exists, the group estimates the recoverable amount of the asset. The recoverable amount of asset is the higher of its fair value or value in use. Value in use is based on the estimated future cashflows, discounted to their present value using a pre-tax discount rate that reflects the current market assessment of time value of money and the risks specific to it. If such recoverable amount of the asset or the recoverable amount of the

cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss.

All assets are subsequently reassessed for indications that an impairment loss previously recognised may no longer exist. An Impairment loss is reversed if there has been a change in estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the assets carrying amount would have been determined, net of depreciation or amortization, had no impairment loss been recognised.

2.9 Inventories

The group deals in Commodities (Agri and Non-Agri), which is held for the purpose of trading. The group follows Ind AS-2 "Inventories" for valuation of inventory held in trade. Accordingly, the group carries its inventories at the lower of Cost or Net realizable value.

Cost includes purchase price, duties, transport and handling costs and other costs directly attributable to the acquisition and bringing the inventories to their present location and condition."

2.10 Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash in hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank borrowings are used for business purposes, and hence bank overdrafts are not considered to be a part of cash and cash equivalents in cash flow statement.

2.11 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments also include derivative contracts such as foreign currency forward contracts, interest rate swaps and currency options; and embedded derivatives in the host contract.

a.) Initial measurement:

Financial assets and financial liabilities are recognized when the entity becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

assets are recognized on trade-date, the date on which the group commits to purchase or sell the asset.

Financial instruments are initially measured at their fair value, except in the case of financial assets and financial liabilities recorded at FVTPL, transaction costs are added to, or subtracted from, this amount.

When the fair value of financial assets and liabilities differs from the transaction price on initial recognition, the entity recognizes the difference as follows:-

- When the fair value is evidenced by a quoted price in an active market for an identical asset or liability (i.e. a Level 1 input) or based on a valuation technique that uses only data from observable markets, the difference is recognized as a gain or loss.
- In all other cases, the difference is deferred till the timing of recognition of deferred profit or loss is determined individually. It is either amortized over the life of the instrument, deferred until the instrument's fair value can be determined using market observable inputs, or realized through settlement.

When the group revises the estimates of future cash flows, the carrying amount of the respective financial assets or financial liability is adjusted to reflect the new estimate discounted using the original effective interest rate. Any changes are recognized in profit or loss.

b.) Classification and subsequent measurement:

A. Financial Asset

The group classifies its financial assets in the following measurement categories:

- i) Amortised cost,
 - ii) Fair value through other comprehensive income ('FVOCI'), and
 - iii) Fair value through profit or loss ('FVTPL').
- i.) **Financial assets carried at amortised cost:**
A financial asset is measured at amortised cost if it meets both of the following conditions:
- the asset is held within a business model whose objective is to hold

assets to collect contractual cash flows ('Asset held to collect contractual cash flows'); and

- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest ('SPPI') on the principal amount outstanding.

This category generally applies to cash and bank balances, trade and other receivables, loans, securities deposits etc. of the group. It also includes certain investments categorised as such.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the Statement of Profit and Loss.

ii.) Financial assets at fair value through other comprehensive income (FVOCI)

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements in debt and equity instruments are recognised in the other comprehensive income (OCI) except interest / dividend income which is recognised in profit and loss. However, in case of equity instruments, the group may, irrevocably elects to measure the investments in equity instruments either at FVOCI or FVTPL and makes such election on an instrument-by-instrument basis. If group opts to measure the equity instruments at FVOCI, such fair value movements will be directly transferred to OCI.

iii.) Financial assets at fair value through profit and loss (FVTPL)

Financial assets, which do not meet the criteria for categorisation as at amortised cost or as FVOCI or either designated, are measured at FVTPL. Subsequent changes

Corporate Overview

Statutory Reports

Financial Statements

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

in fair value are recognised in profit or loss. The group recognises the derivative financial asset being the advance premium paid on the options, future's MTM profit and Securities for trade - at FVTPL.

B. Financial liabilities

The group classifies its financial liabilities in the following measurement categories:

- i) Amortised cost, and
- ii) Fair value through profit or loss ('FVTPL')

Financial liabilities are classified at FVTPL when the financial liability is recognised by the group on account of business combination (IndAS 103) or is held for trading or is designated as FVTPL. In all other cases, they are measured at amortised cost.

i.) Financial Liabilities carried at amortised cost:

Financial liabilities are subsequently measured at amortised cost using the EIR method. The EIR is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period at effective interest rate. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or, where appropriate, a shorter period.

ii.) Financial liabilities at Fair value through Profit and Loss:

Financial liabilities at fair value through profit and loss are measured at fair value with all changes recognized in the statement of profit and loss. The group recognises the derivative financial liability being Future's MTM loss at FVTPL.

c.) Derecognition

A. Financial Asset :

Financial asset is derecognised when:

- The rights to receive cash flows from the asset have expired, or
- The group has transferred its rights to receive cash flows from the asset and either (a) group has transferred substantially all the risks and rewards of the asset, or (b) the group has neither transferred nor retained substantially all

the risks and rewards of the asset, but has transferred control of the asset.

When the group has transferred its rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has transferred substantially all risks and rewards, the group derecognise the asset and, when it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the group continues to recognise the transferred asset to the extent of the group's continuing involvement.

On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognised) and the sum of (i) the consideration received (including any new asset obtained less any new liability assumed) and (ii) any cumulative gain or loss that had been recognised in OCI, is recognised in profit or loss (except for equity instruments measured at FVOCI). For Equity Instruments at FVOCI, the realised amount of gain/(loss) on their disposal is then finally transferred from OCI to retained earnings.

B. Financial Liability:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of profit and loss.

d.) Impairment of financial assets

The group applies the Ind AS 109 simplified approach to measure expected credit losses (ECLs) for trade receivables at an amount equal to lifetime ECLs. The ECLs on trade receivables are calculated based on actual historic credit loss experience over the preceding three to five years on the total balance of non-credit impaired trade receivables. The group considers a trade receivable

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

to be credit impaired when one or more detrimental events have occurred, such as significant financial difficulty of the client or it becoming probable that the client will enter bankruptcy or other financial reorganization. When a trade receivable is credit impaired, it is written off against trade receivables and the amount of the loss is recognised in the income statement. Subsequent recoveries of amounts previously written off are credited to the income statement.

The group recognizes impairment allowances using Expected Credit Losses ("ECL") method on all the financial assets that are not measured at FVTPL:

ECL are probability-weighted estimate of credit losses. They are measured as follows:

- Financial assets that are not credit impaired – as the present value of all cash shortfalls that are possible within 12 months after the reporting date.
- Financial assets with significant increase in credit risk – as the present value of all cash shortfalls that result from all possible default events over the expected life of the financial assets.
- Financial assets that are credit impaired – as the difference between the gross carrying amount and the present value of estimated cash flows.

Financial assets are written off / fully provided for when there is no realistic prospect of recovering a financial assets in its entirety or a portion thereof.

However, financial assets that are written off could still be subject to enforcement activities under the group's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in the Statement of Profit and Loss.

e.) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to

settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the group or the counterparty.

f.) Securities for trade

The group deals in Equity Shares which is held for the purpose of trading. Such Securities are valued at fair value in accordance with IndAS 109 and such securities are classified at fair value through Profit and loss.

g.) Investment in Equity Shares and Mutual Fund

The group also invests in Securities like Equity shares, Mutual fund other than held for trade or, held for strategic purpose. In respect of such financial instruments, group decides to measure them, at the time of initial recognition, at FVTPL or FVTOCI based management intention.

h.) Financial guarantee contracts

Financial guarantee contracts are those contracts that require a payment to be made to reimburse the holder for a loss it incurs, because the specified debtor fails to make a payment when due, in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation. No such liability has arisen on the group, till date.

i.) Hedging of Foreign Currency Risk

The group uses derivative financial instruments, such as Future Currency contracts to hedge its foreign currency risks. Such derivative instruments are measured at fair value. These derivatives are carried as financial asset when fair value is positive and as financial liability when fair value is negative. Any gains or losses arising from changes in the fair value of such derivatives are taken directly to profit & loss.

Corporate Overview

Statutory Reports

Financial Statements

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

2.12 Fair Value Measurement:

The group measures financial instruments such as derivatives, securities for trade, at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i) In the principal market for the asset or liability, or
- ii) In the absence of a principal market, in the most advantageous market for the asset or liability accessible to the group

Fair value measurements are categorized as under Level 1, Level 2 and Level 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entity.

Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in *Note 55*.

2.13 Revenue Recognition

Revenue (other than for those items to which Ind AS 109 "Financial Instruments" are applicable) is measured at fair value of the consideration received or receivable. The group recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115 - "Revenue from Contracts with Customers", to determine when to recognize revenue and at what amount. Revenue is measured based on the consideration specified in the contract with a customer. Revenue from contracts with customers is recognised when services are provided and it is highly probable that a significant reversal of revenue is not expected to occur.

Revenue is recognised when (or as) the group satisfies a performance obligation by transferring a promised service or goods (i.e. an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

When (or as) a performance obligation is satisfied, the group recognizes as revenue the amount of the transaction price (excluding estimates of variable consideration) that is allocated to that performance

obligation. The group applies the five-step approach for recognition of revenue:

- Identification of contract(s) with customers;
- Identification of the separate performance obligations in the contract;
- Determination of transaction price;
- Allocation of transaction price to the separate performance obligations; and
- Recognition of revenue when (or as) each performance obligation is satisfied.

Further, the group records unearned revenue which represents the revenue received by the group in relation to the services or product that has to be provided or delivered. The billing schedules agreed with customers could include periodic performance-based payments and/or milestone-based progress payments. Invoices are payable within contractually agreed credit period. Advances received for services are reported as liabilities until all conditions for revenue recognition are met. The same has been recognised as revenue when the services or product is provided or delivered.

Also, Unbilled revenue is recorded which represents revenue recognized in relation to work done on time and material projects and fixed price projects and when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms, until the balance sheet date for which billing has not taken place.

(i) Brokerage income

It is recognised on trade date basis and is exclusive of Goods and Service Tax (GST), Securities Transaction Tax (STT) and Stamp Duty, wherever applicable.

(ii) Interest income

Interest income on financial asset at amortized cost is recognized on a time proportion basis.

(iii) Dividend income

Dividend income is recognized in the statement of profit or loss on the date that the group's right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be reliably measured. This is generally when the Board of Directors/shareholders approve the dividend.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

(iv) Research Advisory income

Research Advisory income is accounted for on an accrual basis in accordance with the terms and tenure of the respective agreements entered into between the group and the counter party.

(v) Market making fees (Incentive Income)

Incentives from exchange are recognized on point in time basis.

(vi) Portfolio management commission income

Portfolio management commissions is recognised on an accrual basis in accordance with the terms and tenure of the agreement entered with customers.

(vii) Proprietary Income (Income from trading in securities)

Ind AS115 is not applicable on this income and hence the revenue is recognised as per Ind AS 109 "Financial Instruments", as and when trade is executed.

(viii) Consultancy Income

This consists of income from consultancy provided in respect of IPO related services in terms of advisory, valuation services, etc. and also, advisory regarding merger & acquisition.

(ix) Rental Income

Lease income from operating leases where the group is a lessor is recognized in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

(x) Revenue from Depository Operation

The income is recognized on accrual basis and at the time when the right to receive is established by the reporting date.

(xi) Revenue from Technology Services

It consists of revenue from software development service and is recognized on accrual basis.

(xii) Other Income

Other Income have been recognized on accrual basis in the Financial Statements, except when there is uncertainty of collection.

2.14 Income Taxes

The income tax expense comprises current and deferred tax incurred by the group. Income tax expense is recognised in the income statement except to the extent that it relates to items recognised directly in equity or OCI, in which case the tax effect is recognised in equity or OCI. Income tax payable on profits is based on the applicable tax laws in each tax jurisdiction and is recognised as an expense in the period in which profit arises. Income taxes recognised in any year consists of following:

a.) Current Tax: Current tax is the expected tax payable/receivable on the taxable income or loss for the period, using tax rates enacted for the reporting period and any adjustment to tax payable/receivable in respect of previous years. Current tax assets and liabilities are offset only if, the group has a legally enforceable right to set off the recognised amounts; and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

b.) Deferred Tax: Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purpose and the amounts for tax purposes. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised, for all deductible temporary differences, to the extent it is probable that future taxable profits will be available against which deductible temporary differences can be utilised. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized, such reductions are reversed when the probability of future taxable profits improves.

The tax effects of income tax losses, available for carry forward, are recognised as deferred tax asset, when it is probable that future taxable profits will be available against which these losses can be set-off.

Corporate Overview

Statutory Reports

Financial Statements

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

2.15 Retirement and other employee benefits

(i) Short-term obligations

Short-term employee benefits comprise of employee costs such as salaries, bonus etc. and are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss for the year in which the related services are rendered. The group recognises the costs of bonus payments when it has a present obligation to make such payments as a result of past events and a reliable estimate of the obligation can be made.

(ii) Post-employment obligations:

Post-employment benefit plans are classified into defined benefit plans and defined contribution plans as under:-

Defined contribution plan: Contribution made to the recognised provident fund, employees state insurance scheme etc. which are defined contribution plans, is charged to the Statement of Profit and Loss in the period in which they occur.

Defined benefits plan: The group has unfunded gratuity as defined benefit plan where the amount that an employee will receive on separation/retirement is defined by reference to the employee's length of service and final salary. The defined benefit obligation is calculated at or near the Balance Sheet date by an independent actuary using the projected unit credit method. The liability recognised in the Balance Sheet in respect of gratuity is the present value of defined benefit obligation at the Balance Sheet date together with the adjustments for unrecognised actuarial gain or losses and the past service costs. The change in the liability between the reporting dates is charged in the Statement of profit and loss (except for the unrealised actuarial gains and losses). Actuarial gains and losses comprise experience adjustment and the effects of changes in actuarial assumptions are recognized in the

period in which they occur, directly in other comprehensive income.

An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each year end.

2.16 Share based payments:

Employees Stock Option Scheme (Equity-settled transactions): The Company grants share-based awards to eligible employees with a view to attract and retain talent, align individual performance with the company's objectives, and provide an incentive to continue contributing to the success of the company. The company has two Employee Stock Option Schemes viz. Share India Employees Stock Option Scheme, 2022 ("ESOP 2022") and Share India Employees Stock Option Scheme-II ("ESOP-II").

Employees (including senior executives) of the company receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).

The grant-date fair value of equity-settled share-based payment arrangements granted to employees under the Employee Stock Option Scheme ('ESOS') is generally recognised as an employee stock option scheme expense, with a corresponding increase in equity, on a straight line basis over the vesting period of the awards. Such fair valuation is calculated using appropriate Valuation Model. The increase in equity is presented as "Equity-settled Share options outstanding Reserve", as separate component in equity.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the company's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. No expense is recognized for awards that do not ultimately vest because performance and/or service conditions have not been met. At the end of each period, the company revises its estimates of the number of options that are expected to be vested based on the non-market performance conditions at the vesting date.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

When the terms of an equity-settled awards are modified, the minimum expense recognised is the expense had the terms not been modified, if the original terms of the award are met. An additional expense is recognised for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

2.17 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

2.18 Provisions and contingencies:

Provisions are recognised when the group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the reporting date, taking into account the risks and uncertainties surrounding the obligation.

Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Expected future operating losses are not provided for.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate

of the amount cannot be made. Contingent liabilities do not warrant provisions but are disclosed unless the possibility of outflow of resources is remote.

Contingent assets are neither recognised nor disclosed in the financial statements. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and its recognition is appropriate.

2.19 Dividends

The group recognises a liability to make cash distributions to its equity holders when the distribution is authorised and the distribution is no longer at the discretion of the group. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders, whenever required. A corresponding amount is recognised directly in equity.

2.20 Foreign currency transactions and translations

Initial recognition: Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions.

Conversion: Monetary assets and liabilities denominated in foreign currency, which are outstanding as at the reporting date, are translated at the reporting date at the closing exchange rate and the resultant exchange differences are recognised in the Statement of Profit and Loss. Non-monetary items that are measured at historical cost in a foreign currency are translated using the spot exchange rates as at the date of recognition.

On consolidation, the assets and liabilities of foreign operations are translated into INR at the rate of exchange prevailing at the reporting date and the statement of profit or loss are translated at average exchange rates prevailing at the dates of the transactions. The exchange difference arising on translation for consolidation are recognised in OCI. On disposal of a foreign operation, the component of OCI relating to that particular foreign operation is recognised in Consolidated Statement of Profit and Loss.

2.21 Earnings per share

a). Basic earnings per share

Basic earnings per share is calculated by dividing the net profit for the period (excluding other comprehensive income) attributable to equity share holders of the group by the weighted average number of equity shares outstanding during the

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

financial year, adjusted for bonus element of right issue in equity shares issued during the year.

b). Diluted earnings per share

Diluted earnings per share is computed by dividing the net profit for the period attributable to equity shareholders by the weighted average number of shares outstanding during the period as adjusted for the effects of all diluted potential equity shares except where the results are anti-dilutive.

2.22 Statement of Cash Flows

Statement of Cash Flows is prepared segregating the cash flows into operating, investing and financing activities. Cash flow from operating activities is reported using indirect method adjusting the net profit for the effects of:

- changes during the period in operating receivables and payables transactions of a non-cash nature
- non-cash items such as depreciation, provisions, deferred taxes and unrealised foreign currency gains and losses.
- all other items for which the cash effects are investing or financing cash flows."

2.23 Segment Reporting

The segment reporting is prepared in accordance with Ind AS-108, "Operating Segment" specified under the section 133 of the Companies Act 2013 (the Act) read with Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provision of the Act.

The Chief Operating Decision Maker ('CODM') monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements.

The accounting principles consistently used in the preparation of these financial statements are also consistently applied to record income and expenditure of individual segments.

Revenue and expense in relation to segments are categorized based on items that can be individually identifiable to that segment on the basis of relationship to operating activities of the segment.

Revenue and expenses which relate to enterprise as a whole and are not allocable to a segment on reasonable basis have been disclosed as "unallocable". Segment assets and segment liabilities represent assets and liabilities in respective segments. Investments, tax related assets, borrowings and other assets and liabilities that can not be allocated to a segment on reasonable basis have been disclosed as "unallocable".

The primary business of the Group comprises of "Share Broking/Trading Business", "Insurance Business", "Merchant Banking Business", "NBFC Business" and "Technology Services Business". The business segments have been identified considering the nature of services, the differing risks and returns, the organization structure and the internal financial reporting system. Share Broking /Trading Business includes Broking services to clients, research and advisory services, financial product distribution, depository services, the profit/gains earned by trading activity and investments in Securities/commodities. Insurance Business includes business of providing Life Insurance & General Insurance to Individual and groups. Merchant banking includes business in respect of IPO related services like advisory, valuation, etc and lead manager services. NBFC Business includes business of providing vehicle, Micro-finance and SME loans. Technology Services Business consists of software development/IT support services.

2.24 Write-offs

The group reduces the gross carrying amount of a financial asset when the group has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. This is generally the case when the group determines that the client or borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the statement of profit and loss.

2.25 Exceptional Items

The group recognises exceptional item when items of income and expenses within Statement of Profit and Loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the enterprise for the period. Significant impact on the financial statements arising from impairment of investments in subsidiaries and associates, gain/ loss on disposal of subsidiaries and associates (other than major lines of business that meet the definition of a discontinued operation) are considered and reported as exceptional items."

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

2.26 Events after reporting date

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

2.27 Standards issued but not effective

Ministry of Corporate Affairs (MCA), vide notification dated 31st March, 2023, notified Companies (Indian Accounting standards) Amendment Rules, 2023 (the 'Rules') which amends certain accounting standards, and are effective 1 April 2023 :

a. Ind AS 1 - Presentation of Financial Statements

Group needs to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information is material if, together with other information can reasonably be expected to influence decisions of primary users of general purpose financial statements."

b. Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors

Introduced a definition of 'accounting estimates' and to help entities distinguish changes in accounting policies from changes in accounting estimates. They are defined as "monetary amounts in financial statements that are subject to measurement uncertainty". Entities use measurement techniques and inputs to develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty.

c. Ind AS 12 - Income Taxes

It clarifies how companies account for deferred tax on transactions such as leases and decommissioning obligations. This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences."

The group is in the process of evaluating the impact of these amendments.

As at 31 st March, 2023	-	4.57
c. Net Carrying Value (a-b)		
Net block as at 31 st March, 2023	309.04	17.89
Net block as at 31 st March, 2022	302.05	20.28
Net block as at 01 st April, 2021	426.37	-

B. Fair value of Investment Property

- Fair Value of Land as on 31st March, 2023 is ₹ 1,155.50 lacs and such fair value is based on the valuation by registered valuer. However, fair value was not measured for the Land held by one of the subsidiary company.
- Sub-leasing of building taken on lease is the building taken on long-term lease which have been rented out for period of less than 12 months.- Fair value was not measured as these are actually the effective portion of present value of lease rent of building taken on lease.

C. Measurement of fair values

i. Fair value hierarchy

The fair value of the above investment property has been determined by an external independent valuer registered under rule 2 of the Companies (Registered Valuers and Valuation) Rules, 2017. The fair value measurement for the

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

property to be valued is residential plot which is the highest and best use, been categorised as a level 2 fair value based on the inputs to the valuation technique. These inputs include comparable sale instances for Market Approach.

ii. Valuation technique

For the purpose of valuation, the primary valuation methodology used is Market Approach, as the best evidence of fair value is current prices in an active market for similar properties. The market rate for sale/purchase of similar assets is representative of fair values. The property to be valued is at a location where active market is available for similar kind of properties.

D. Amounts recognised in profit or loss for investment property

Particulars	(₹ in Lacs)		
	As at 31 st March, 2023	As at 31 st March, 2022	As at 01 st April, 2021
Rental income derived from investment property	5.38	1.66	-
Direct operating expenses of investment property #	-	-	-
Income arising from investment properties before depreciation	5.38	1.66	-
Depreciation	(2.39)	(2.19)	-
Income arising from investment property (Net)	2.99	(0.53)	-

Statement of profit and loss has not been impacted on account of the rent expense paid on Investment property.

Nature & Purpose of Reserves:

Capital Reserve: Capital reserve represents reserves created pursuant to the business combination. It is the difference between value of net assets transferred to the Company in the course of business combinations and the consideration paid for such combinations.

Securities Premium: It represents the surplus of proceeds received over the face value of shares, at the time of issue of shares. It can be utilised only for limited purposes such as issuance of bonus shares, writing off the preliminary expenses in accordance with the provisions of the Companies Act, 2013.

General Reserve: Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013.

Retained Earnings: These are the profits that the Group has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders

Statutory Reserve: As required by Section 45-IC of the RBI Act, 1934, the Group maintains a reserve fund and transfers therein a sum not less than 20% of net profit every year as disclosed in the profit and loss account by the NBFC subsidiary and before any dividend is declared. The Group cannot appropriate any sum from the reserve fund except for the purpose specified by Reserve Bank of India from time to time.

Equity-settled Share Options Outstanding Reserve: This reserve is created by debiting the statement of profit and loss account with value of share options granted to the employees. Once shares are issued by the Company, the amount in this reserve will be transferred to Share capital, Securities premium or Retained earnings.

Debt/Equity Instruments through other comprehensive income/ Defined Benefit Cost: This represents the cumulative gains and losses arising on the fair valuation of investments measured at fair value through other comprehensive income and present value of Defined benefit obligation.

Foreign Currency Translation Reserve: Exchange differences relating to the translation of the results and net assets of the Group's foreign operations from their functional currencies to the Group's presentation currency (i.e. INR) are recognised directly in the other comprehensive income and accumulated in foreign currency translation reserve. Exchange difference previously accumulated in the foreign currency translation reserve are reclassified to Consolidated Statement of Profit and Loss on the disposal of the foreign operation.

Money received against Share Warrants: It represents the funds received by the company towards the issue of shares warrants against which the holders will be issued equity shares at the specified date upon the payment of full and final consideration.

	As at 31 st March, 2023	As at 31 st March, 2022
Contingent liabilities:		
(i) Guarantees given [Refer Note (a) below]	127,498.05	62,300.00
(ii) Demand in respect of income tax matters [Refer Note (b) below]	341.52	90.74
Capital commitments:		
Estimated amount of contracts remaining to be executed on capital account (net of advances)	Nil	Nil

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

(a) Guarantees given:-

- 1) The group has provided bank guarantees aggregating to ₹ 1,27,498.05 Lacs as on 31st March, 2023 (Previous Year ₹ 62,300.00 Lacs) for the following purposes to:
 - (i) NSE Clearing Limited - ₹ 1,07,280.25 lacs (previous year ₹ 48,111.25 lacs) for meeting Margin requirements
 - (ii) NSE Clearing Limited - ₹ 125.00 lacs (previous year ₹ 100.00 lacs) as Security Deposit (BMC)
 - (iii) Bombay Stock Exchange - ₹ 48.75 lacs (previous year ₹ 48.75 lacs) as Security Deposit (BMC)
 - (iv) Indian Clearing Corporation Limited - ₹ 380.00 lacs (previous year ₹ 380.00 lacs) for meeting Margin requirements
 - (v) Bombay Stock Exchange - ₹ 504.05 Lacs for right issue (previous year : Nil)
 - (vi) MCX Clearing Corporation Limited - ₹ 62.50 lacs (previous year ₹ 62.50 lacs) as Security Deposit (BMC)
 - (vii) MCX Clearing Corporation Limited - ₹ 17,703.00 lacs (previous year ₹ 10323.00 lacs) for meeting Margin requirement
 - (viii) National Commodity & Derivatives Exchange - ₹ 62.50 lacs (previous year ₹ 37.50 lacs) as Security Deposits (BMC)
 - (ix) National Commodity Clearing Limited - ₹ 1,332.00 lacs (previous year ₹ 3,237.00 lacs) for meeting Margin requirement

The group has pledged fixed deposits with banks aggregating to ₹ 61,605.80 lacs (previous year ₹ 27,781.76 lacs) for obtaining above bank guarantee.

The property pledged with banks aggregating to ₹ 2,395.24 lacs (previous year ₹ 1,369.00 lacs) for obtaining above bank guarantee. *

* [The above property pledged for obtaining bank guarantee are the property owned by the company and the promoters, directors, relatives of the director/promoter, and it represents the market value of property].

(b) Demand in respect of income tax matters

- (i) Demand of ₹ 68.48 lacs in respect of income tax matters related to Assessment Year 2009-10 for which case is filed with Chennai Tribunal and hearing is still pending.
- (ii) The Company has outstanding demand of ₹ 9.14 lacs related to Assessment Year 2008-09 and ₹ 2.68 lacs is related to Assessment Year 2015-16 in respect of Income Tax matters.
- (iii) The disputed demand of ₹ 209.93 Lacs is on account of mismatch of tax credit, pertaining to Income Tax filing for A.Y. 2020-21, for which rectification with the concerned Assessing Officer has been filed and its outcome is still pending.
- (iv) Demand of ₹ 10.43 Lacs in respect of the income tax related to Assessment Year 2017-18, for which case is filed with CIT (Appeals).
- (v) Demand of ₹ 36.10 lacs in respect of the income tax related to Assessment Year 2021-22, raised by CPC (income tax)
- (v) Demand of ₹ 4.76 lacs in respect of the income tax related to Assessment Year 2022-23 and 2018-19, raised by CPC (income tax)

The group is contesting these demands and the management believe that its position will likely to be upheld in the appellate process/ rectifications etc. and accordingly no provision has been accrued in the financial statements for these tax demand raised. The management believes that the ultimate outcome of this proceeding will not have a material adverse effect on the Group's financial position and results of operations. Based on favourable decisions in similar cases, the group does not expect any liability against these matters in accordance with principles of Ind AS -12 'Income taxes' read with Ind AS -37; "Provisions, Contingent Liabilities and Contingent Assets" and hence no provision has been considered in the books of accounts for such instances.

The above amounts contain interest and penalty where included in the order issued by the department to the group.

Corporate Overview

Benefits Paid	(39.61)	(3.74)
Balance at the end of the year	582.55	250.92

Note 47 Leases

(1) Group as a Lessee:

The Group has taken various office premises on lease for a period ranging from 11 months to 120 months with an option to renew the lease on mutually agreeable terms. Leases for which the lease term is less than 12 months have been accounted as short term leases. Please refer Note 2.6 regarding accounting policy on leases.

The information about the lease for which group is a lessee is presented below:-

A.) Carrying value of Right-of-use assets and depreciation thereon has been disclosed in Note 15(c)

B.) Changes in Carrying Value of Lease liabilities

(₹ in Lacs)		
Particulars	For the year ended	
	31 st March, 2023	31 st March, 2022
Balance at the beginning of the year	1,037.14	-
Addition during the year	154.83	1,171.04
Addition on account of business combination	-	28.80
Deletion during the year	(72.20)	(33.16)
Finance cost accrued during the year	75.54	67.99
Payment of lease liability	(228.68)	(197.53)
Balance at the end of the year	966.65	1,037.14

C.) Maturity analysis - Discounted Cash flows of Contractual maturities of lease liabilities

(₹ in Lacs)		
Particulars	For the year ended	
	31 st March, 2023	31 st March, 2022
Upto 1 year	137.30	230.22
One to Five year	524.61	409.25
More than Five year	304.74	397.66
Total	966.65	1,037.14

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

D.) Amount recognised in statement of profit & loss

(₹ in Lacs)

Particulars	For the year ended	
	31 st March, 2023	31 st March, 2022
Expenditure:		
Interest Cost on lease liabilities	75.54	67.99
Depreciation on Right-of-use Asset	213.90	208.33
Rental Expenses incurred & paid for short term leases	454.66	328.64
Total	744.10	604.96

E.) Total Cash outflows for the leases

(₹ in Lacs)

Particulars	For the year ended	
	31 st March, 2023	31 st March, 2022
Cash outflows for principal & interest component of finance lease liability	228.68	197.53
Total	228.68	197.53

(2) Group as a Lessor:

Group has leased out its building on lease for a period of less than 12 months and accounted for such leases as operating lease. Also, group as a lessor has sub-leased the building taken on lease which are also for period of less than 12 months.

(₹ in Lacs)

Income earned by group as a lessor:	For the year ended	
	31 st March, 2023	31 st March, 2022
Income earned from operating lease of owned premises	1.20	1.20
Income earned from sub-leasing of premises acquired on lease	2.44	1.00
Total	3.64	2.20

Note 48 Employee benefits

Disclosure pursuant to Ind AS -19 "Employee benefits" is given as below:

(A) Defined Contribution Plans

The group recognised following amounts in the Statement of Profit and Loss:-

(₹ in Lacs)

Particulars	For the year ended	
	31 st March, 2023	31 st March, 2022
Towards Employer's Contribution to Provident Fund and Employee State Insurance	188.04	98.84

(B) Defined benefit plans

The group offers its employees defined-benefit plans in the form of a gratuity scheme (a lump sum amount). Benefits under the defined benefit plans are typically based on years of service and the employee's compensation (last drawn basic salary immediately before retirement). The gratuity scheme covers substantially all regular employees. Such plan exposes the group to actuarial risks such as: Interest Rate Risk, Liquidity Risk, Salary Escalation Risk, Demographic Risk and Regulatory Risk, defined as follows:

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

Interest Rate Risk:

The plan exposes the group to the risk of falling interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability.

Liquidity Risk:

This is the risk that the group may not be able to meet the short-term gratuity payouts. This may arise due to non availability of enough cash/cash equivalent to meet the liabilities or holding of liquid assets not being sold in time.

Demographic Risk:

The group has used certain mortality and attrition assumptions in valuation of the liability. The group is exposed to the risk of actual experience turning out to be worse compared to the assumption.

Salary Escalation Risk:

The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have bearing on the plan's liability.

Regulatory Risk:

Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts (e.g. Increase in the maximum limit on gratuity of ₹20,00,000 etc.).

- (i). The following tables set out the funded status of the gratuity benefit scheme and the amounts recognized in the consolidated financial statements :

(₹ in Lacs)

Particulars	For the year ended	
	31 st March, 2023	31 st March, 2022
Change in benefit obligations		
Benefit obligations at the beginning	250.92	111.30
Addition on account of business combination	-	89.12
Current Service Cost	124.59	48.95
Past Service Cost	-	-
Interest on defined benefit obligation	17.27	12.86
Actuarial loss / (gain)	229.38	(7.57)
Benefit Paid	(39.61)	(3.74)
Closing Defined Benefit Obligation (A)	582.55	250.92
Translation/ Forex impact (B)	-	-
Payable gratuity benefit (A-B)	582.55	250.92
Current Provision	32.99	13.15
Non-Current Provision	549.55	237.77

- (ii). Amount recognised in the Statement of Profit and Loss:

(₹ in Lacs)

Particulars	For the year ended	
	31 st March, 2023	31 st March, 2022
Current Service Cost	124.59	48.95
Past Service Cost	-	-
Interest on net defined benefit obligations	17.27	12.86
Net Actuarial (Gain) / Loss recognised in the year	-	-
Total Included in "Employee Benefit Expense"	141.87	61.81

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

(iii). Amount recognised in the Other Comprehensive Income:

(₹ in Lacs)

Particulars	For the year ended	
	31 st March, 2023	31 st March, 2022
Actuarial (gains) / losses		
- change in demographic assumptions	(71.39)	(12.11)
- change in financial assumptions	215.21	2.64
- experience variance (i.e. Actual experience vs assumptions)	85.56	1.90
Components of defined benefit costs recognised in other comprehensive income	229.38	(7.57)

(iv). Principle actuarial assumption

(₹ in Lacs)

Particulars	For the year ended	
	31 st March, 2023	31 st March, 2022
Discount Rate (per annum)	7.25% - 7.50%	6.10% - 7.25%
Salary escalation (per annum)	10.00% - 15.00%	5.00% - 10.00%
Mortality rate	100% of IALM [2012-14]	100% of IALM [2012-14]

The discount rate indicated above reflects the estimated timing and currency of benefit payments. It is based on the yields/ rates available on applicable bonds as on the current valuation date.

The salary growth rate indicated above is the group's best estimate of an increase in salary of the employees in future years, determined considering the general trend in inflation, seniority, promotions, past experience and other relevant factors such as demand and supply in employment market, etc.

Mortality rate is a measure of the number of deaths (in general or due to specific cause) in a population, scaled to the size of that population, per unit of time.

(v). Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis is given below:

(₹ in Lacs)

Particulars	As at 31 st March, 2023	As at 31 st March, 2022
Defined Benefit Obligation (Base)	582.55	250.92

Note 49 Employees Stock option Plan

The Holding company has in place following employee stock option plans, as approved by shareholders of the Company in compliance with Securities and Exchange Board of India (Share Based Employee Benefits and sweat equity) Regulations, 2021:

- Share India Employees Stock Option Scheme, 2022:** In accordance with this scheme 6,00,000 Share options were approved for issue to the eligible employees of group company, at an exercise price of ₹ 10 per share. As per the scheme, the holding company is obliged to settle them by issue of equal number of equity shares. Out of the above approved options, 1,25,000 options (net) were granted to the eligible employees with vesting period of minimum 1 year and exercise period of maximum 6 months.
- Share India Employees Stock Option Scheme - II, 2022:** In accordance with this scheme 1,00,000 Share options were approved for issue to the eligible employees of group company, at an exercise price as may be determined by Nomination & Remuneration committee of the holding company. As per the scheme, the holding company is obliged to settle them by issue of equal number of equity shares. During the year, no stock option were granted to the eligible employees.

A. Details of options granted are as follows

Particulars	Share India Employees Stock Option Scheme, 2022	Share India Employees Stock option Scheme - II, 2022
Date of grant	04-04-2022	To be decided
Eligible employees	Specified employees of the group	Employees of Share India Group
Method of settlement	Equity settled	Equity settled
Options Approved (Number)	6,00,000	1,00,000
No. of equity shares for each option	One option = One share	One option = One share
Vesting Period	1 year from the date of acceptance of grant of options	1 year to 5 years from the date of grant of options
Exercise Period	Upto 6 months from the last vesting date	Upto 1 year from the last vesting date
Options granted (Number)	1,25,000	Nil
Exercise Price (₹)	₹ 10.00	To be decided

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

B. The activity in ESOPs scheme during the year ended 31st March, 2023:

Particulars	Share India Employees Stock Option Scheme, 2022	Share India Employees Stock option Scheme - II, 2022
Options outstanding at the beginning of the year	Nil	Nil
Options granted during the year (net)	125,000	Nil
Options Forfeited during the year	-	Nil
Options vested and exercised during the year	-	Nil
Options lapsed during the year	-	Nil
Options outstanding at the end of the year	125,000	Nil
Options exercisable at the end of the year	Nil	Nil
Money realised by exercise of the options	Nil	Nil
Weighted Average Exercise Price (₹)	₹ 10.00	N.A.
Market price relevant for grant date (₹)	₹ 1,277.45	N.A.
Weighted average Fair value of the options (₹)	₹ 1,260.56	N.A.

C. Fair Value methodology and Assumptions - Share India Employees Stock Option Scheme, 2022

Fair value: The Holding company has adopted 'fair value method' using the Black-Scholes options pricing model for accounting employee share based compensation cost. Under the fair value method, fair value of options are expensed on straight-line basis over the vesting period as employee share based compensation cost.

Assumptions: Following assumptions used for calculation of fair value of grants in accordance with the Black-Scholes options pricing model:-

Weighted average remaining contractual life (years)	0.51 years
Expected volatility	50.00%
Risk Free interest rate	4.85%
Expected dividend yield	0.47%

Stock Market Price: As the parent company is listed on a Stock Exchange thus, the historical share price for the relevant period is readily available. The fair value of the underlying stock based on the latest available closing Market Price on NSE has been considered for valuing the grant.

Expected Volatility: Volatility is a measure of the amount by which a price has fluctuated or is expected to fluctuate during the period. The measure of volatility as used in the Black Scholes option-pricing model is the annualized standard deviation of the continuously compounded rates of return on the stock over a period of time. The period to be considered for volatility has to be adequate to represent a consistent trend in the price movements. It is also important that movement due to abnormal events get evened out. The expected volatility for the options issued by the company has been determined after observing the Company's historical volatility.

Risk-free rate of return: This is based on the yields on government bonds of term equivalent to the expected life of the option as on the date of grant.

Exercise Price: It is the price at which a specific derivative contract can be exercised. The exercise price has been taken based on a sample ESOP Contract signed with an employee. The exercise price for each grant has been provided and confirmed by the parent Company.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

Weighted average remaining contractual life: Time to Maturity / Expected Life of Options is the period for which the company expects the Options to be alive. The minimum life of a stock option is the minimum period before which the Options cannot be exercised and the maximum life is the period after which the Options cannot be exercised. The expected life of the option has been taken based on the inputs on expected exercise year provided by the parent company.

Expected dividend yield: The Company has historically paid dividends and have a dividend payment policy in place. It should be noted that the dividend yield has been derived by dividing the dividend per share by the market price per share as on the date of grant.

Expenses arising from share based payments transactions:-

The group has measured its investments in Associates under Equity method

Level 1: The fair value of financial instruments traded in active markets (such as publicly traded derivatives, and equity securities) is based on quoted market prices at the end of the reporting period. These instruments are included in level 1.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(ii). Valuation techniques used to determine fair value

Specific valuation techniques used to value financial instruments include :

- Quoted equity investments - Quoted closing price on stock exchange
- Mutual fund - Net asset value of the scheme
- Unquoted equity investments - Net assets value based on latest audited financials

(iii). Financial instruments not measured at fair value

Financial assets not measured at fair value includes cash and cash equivalents, trade receivables, loans, deposits and other receivables. It also includes certain investment categorised as such. These are financial assets whose carrying amounts approximate fair value largely due to their short term nature.

Additionally, financial liabilities such as trade payables, borrowings and Lease liabilities are not measured at fair value, whose carrying amounts approximate fair value largely due to the nature of these liabilities.

Note 56 Financial risk management

Group has operations prominently in India. Whilst risk is inherent in the group's activities, it is managed through an integrated risk management framework, including ongoing identification, measurement and monitoring, subject to risk limits and other controls. This process of risk management is critical to the group's continuing profitability and each individual within the group is accountable for the risk exposures relating to his or her responsibilities. The group is exposed to credit risk, liquidity risk and market risk. It is also subject to various operating and business risks.

A. Market Risk:

Market risk is the risk that the fair value or future Cash flows of a financial instrument will fluctuate because of changes in market prices. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

(i) Foreign Currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The group's exposure to currency risk arises primarily on account of its proprietary positions. However, the group at all times hedges the risk arising out of foreign currency exposure.

(ii) Interest rate risk

The group is exposed to Interest rate risk if the fair value or future cash flows of its financial instruments will fluctuate as a result of changes in market interest rates. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates.

The group's interest rate risk arises from interest bearing deposits with bank. Such instruments exposes the group to fair value interest rate risk. Management believes that the interest rate risk attached to this financial assets are not significant due to the nature of this financial assets.

(iii) Market price risks

The group is exposed to market price risk, which arises from FVTPL and FVOCI investments and Securities held for trade. The management monitors the proportion of these investments in its investment and holding portfolio based on market indices. Material investments and securities within the portfolio are managed on an individual basis and all buy and sell decisions are approved by the appropriate authority.

The below sensitivity depicts a scenario where a severe movement in equity prices, everything else remaining constant, would result in following impact:-

(₹ in Lacs)

Particulars	Impact on statement of profit and loss (post tax) at 5% movement	
	For year ended 31 st March, 2023	For year ended 31 st March, 2022
on Securities held for trade - at FVPL		
Effect of 5% upward movement	164.65	167.94
Effect of 5% downward movement	(164.65)	(167.94)
on Investments in Shares, Bonds/ETF's - at FVPL		
Effect of 5% upward movement	-	0.36
Effect of 5% downward movement	-	(0.36)

(₹ in Lacs)

Particulars	Impact on Other comprehensive Income (post tax) at 5% movement	
	For year ended 31 st March, 2023	For year ended 31 st March, 2022
on Investments in Mutual Fund and Shares - at FVOCI		
Effect of 5% upward movement	19.74	21.70
Effect of 5% downward movement	(19.74)	(21.70)

B. Liquidity Risk:

Liquidity risk is the risk that the group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The group's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the group's reputation.

Prudent liquidity risk management requires sufficient cash and marketable securities and availability of funds through adequate committed credit facilities to meet obligations when due and to close out market positions.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

The group has a view of maintaining liquidity with minimal risks while making investments. The group invests its surplus funds in short term liquid assets in bank deposits and liquid mutual funds. The group monitors its cash and bank balances periodically in view of its short term obligations associated with its financial liabilities.

The table below summarises the maturity profile of the group's financial liabilities based on the **contractual undiscounted payments**.

(₹ in Lacs)

Particulars	Total	On Demand /less than 3 months	Payable within 3 to 12 months	Payable more than 1 year and less than 5 years	Payable more than 5 years

Other financial liabilities	7,441.82	7,359.46	82.36	-	-

C. Credit Risk:

Credit risk is the risk that the group will incur a loss because its customers or counterparties fail to discharge their contractual obligation. The group manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties, and by monitoring exposures in relations to such limits.

The maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented in the financial statements. The group's major classes of financial assets are cash and cash equivalents, loans, investments, term deposits, trade receivables and security deposits.

Cash and cash equivalents and deposits with banks are considered to have negligible risk or nil risk, as they are maintained with high rated banks/financial institutions as approved by the Board of directors. Security deposits are kept with stock exchanges for meeting minimum base capital and margin requirements. These deposits do not have any credit risk.

The maximum exposure to credit risk at the reporting date is primarily from Group's trade receivable and loans.

Management of credit risk:

The Group, for Risk Management, develops the credit risk management framework, policies, procedures and reviews the same on periodic basis which is further noted. The Group also reviews delinquent accounts and makes decisions on recovery actions. Credit reviews are conducted regularly to monitor the health of the loan portfolio and to detect early

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

signs of weaknesses and deviations. The Group determines the Retail Prime Lending Rates (RPLR) based on Market Scenarios such as borrowing costs of the Group, repo rates by Reserve Bank of India (RBI).

The Risk Management is done by managing risk on a portfolio-wide basis and recommends alternative portfolio strategies, analysis results of portfolio management actions and develops portfolio limits for each portfolio segment. Credit risk concentration is addressed by setting a credit portfolio mix limit and monitoring the limits on a regular basis. Credit stress tests are also conducted periodically to determine the impact of security values and other stress parameters on the loan portfolio. The Group also conducts annual valuation of delinquent accounts, to determine the actual value and marketability of the collateral which is adequately factored in Capital Adequacy Ratio. This allows the Group to assess the potential financial impact of losses arising from plausible adverse scenarios on the Group's loan portfolio.

Expected credit loss measurements:

Ind AS 109 outlines a 'three-stage' model for impairment based on changes in credit quality since initial recognition as summarised below:

1. A financial instrument that is not credit-impaired on initial recognition is classified in 'Stage 1' and has its credit risk continuously monitored by the Group.
2. If a significant increase in credit risk ('SICR') since initial recognition is identified, the financial instrument is moved to 'Stage 2' but is not yet deemed to be credit-impaired.
3. If the financial instrument is credit-impaired, the financial instrument is then moved to 'Stage 3'.

Financial instruments in Stage 1 have their ECL measured at an amount equal to the portion of lifetime expected credit losses that result from default events possible within the next 12 months. Instruments in Stages 2 or 3 have their ECL measured based on expected credit losses on a lifetime basis.

The following table summarises the impairment requirements under Ind AS 109 (other than purchased or originated credit-impaired financial assets):

Change in credit quality since initial recognition:

Stage 1	Stage 2	Stage 3
(Initial recognition)	(Significant increase in credit risk since initial recognition)	(Credit-impaired assets)
12-month expected credit losses	Lifetime expected credit losses	Lifetime expected credit losses

The key judgements and assumptions adopted by the Group in addressing the requirements of the standard are discussed below:

Significant increase in credit risk (SICR):

The Group considers a financial instrument to have experienced a significant increase in credit risk when one or more of the following quantitative, qualitative criteria have been met:

- Quantitative criteria:** When days passed dues from the borrower is more than 30 days but less than 90 days
- Qualitative criteria:** If the borrower meets one or more of the following criteria:
 - (i) In short-term forbearance
 - (ii) Direct debit cancellation
 - (iii) Extension to the terms granted
 - (iv) Previous arrears within the last [12] months

The criteria above have been applied to finance loans consistent with the definition of default used for internal credit risk management purposes. The default definition has been applied consistently to model the Probability of Default (PD), Exposure at Default (EAD) and Loss given Default (LGD) throughout the Group's expected loss calculations.

Measuring ECL - Explanation of inputs, assumptions and estimation techniques:

The Expected Credit Loss (ECL) is measured on either a 12-month basis (12M) or Lifetime basis depending on whether a significant increase in credit risk has occurred since initial recognition or whether an asset is considered to be credit impaired. Expected credit losses are the discounted product of the Probability of Default (PD), Exposure at Default (EAD), and Loss Given Default (LGD), defined as follows:-

The PD represents the likelihood of a borrower defaulting on its financial obligation (as per “Definition of default and credit-impaired” above), either over the next 12 months (12M PD), or over the remaining lifetime (Lifetime PD) of the obligation.

The exposure at default (EAD) represents the gross carrying amount of the financial instruments subject to the impairment calculation, addressing both the client's ability to increase its exposure while approaching default and potential early repayments too.

To calculate the EAD for a Stage 1 loan, the Group assesses the possible default events within 12 months for the calculation of the 12M ECL. For stage 2, Stage 3 Financial Assets, the exposure at default is considered for events over the lifetime of the instruments.

Loss Given Default (LGD) represents the Group's expectation of the extent of loss on a defaulted exposure. LGD varies by type of counterparty, type and seniority of claim and availability of collateral or other credit support. LGD is expressed as a percentage loss per unit of exposure at the time of default. LGD is calculated on a 12-month or lifetime basis, where 12-month LGD is the percentage of loss expected to be made if the default occurs in the next 12 months and Lifetime LGD is the percentage of loss expected to be made if the default occurs over the remaining expected lifetime of the loan.

The ECL is determined by projecting the PD, LGD and EAD for each three bucket explained above and for each individual exposure or collective segment. These three components are multiplied together and adjusted for the likelihood of survival (i.e. the exposure has not prepaid or defaulted in an earlier month). This effectively calculates an ECL for each three buckets, which is then discounted back to the reporting date and summed. The discount rate used in the ECL calculation is the original effective interest rate or an approximation thereof.

The Lifetime PD is developed by applying a maturity profile to the current 12M PD. The maturity profile looks at how defaults develop on a portfolio from the point of initial recognition throughout the lifetime of the loans. The maturity profile is based on historical observed data and is assumed to be the same across all assets within a portfolio and credit grade band. This is supported by historical analysis.

The 12-month and lifetime EADs are determined based on the expected payment profile. Estimate of an exposure at a future default date – expected changes in exposure after the reporting date, including repayment of principal and interest, and expected drawdowns on committed facilities. This is based on the contractual repayments owed by the borrower over a 12 month or lifetime basis. This will also be adjusted for any expected overpayments made by a borrower. Early repayment / refinance assumptions are also incorporated into the calculation.

The 12-month and lifetime LGDs are determined based on the factors which impact the recoveries made post default. These vary by collateral type.

Forward-looking economic variable / assumptions used are – such as how the maturity profile of the PDs and how collateral values change etc. – are monitored and reviewed on a quarterly basis. There have been no significant changes in estimation techniques or significant assumptions made during the reporting period.

Impairment of Financial Assets:

The Group has booked an Impairment of Financial Assets as on 31st March, 2023 of ₹ 107.47 Lacs (previous year ₹ 100.47 Lacs)

Modification of financial assets:

The Group sometimes modifies the terms of loans provided to customers due to commercial renegotiations, or for distressed loans, with a view to maximising recovery.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2023

Such restructuring activities include extended payment term arrangements, payment holidays and payment forgiveness. Restructuring policies and practices are based on indicators or criteria which, in the judgement of management, indicate that payment will most likely continue. These policies are kept under continuous review.

The risk of default of such assets after modification is assessed at the reporting date and compared with the risk under the original terms at initial recognition, when the modification is not substantial and so does not result in derecognition of the original asset. The Group monitors the subsequent performance of modified assets. The Group may determine that the credit risk has significantly improved after restructuring, so that the assets are moved from Stage 3 or Stage 2 (Lifetime ECL) to Stage 1 (12-month ECL). This is only the case for assets which have performed in accordance with the new terms for a year or more.

Note 57 Capital Management

The Group's objectives when managing capital are to

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital.

The group determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through equity, operating cash flows generated and short term debt. The group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. In addition to above the group is required to maintain a minimum networth as prescribed from time to time by the Securities and Exchange Board of India (Stock brokers and sub-brokers) Regulations, 1992. The management ensures that this is complied at all times.
